**OAK GROVE**

Changes for the better are contemplated by H. A. Canning for the Oak Grove store. Already the interior has been vastly improved by the installation of an adequate shelving system. Plans are under way for the raising of the store from its present low level. Proprietor Canning is making arrangements to do all his own hauling from town, and also to put a regular delivery schedule in operation for the benefit of his many patrons.

Mrs. Charles Albright has gone to Portland on account of the illness of her sister, Mrs. Fuller.

The Misses Burns and Struck, teachers in the local school, attended a teachers' meeting in town last Saturday.

A fire was discovered one day last week at the home of F. E. Folsberg. The roof of the house was burned off and the family found it necessary to move into the Crapper tenant house. Mr. Folsberg has been engaged to clear a piece of land for H. I. Wiley.

The Ladies' Aid Society give an entertainment and supper last Friday evening at the Oak Grove hall. The affair was handsomely patronized and proved a success. The program was exceptionally well carried out, as was demonstrated by the number of dances received by the participants. The piano, vocal and instrumental numbers were beautifully rendered. Katherine Skinner and Ila Nichols spoke with expression and clearness. In the waltz drill the girls wore pink dresses and carried wreaths of pink and white roses, while the young ladies in the pantomime were dressed in white, with red white and blue sashes. The whole effect was most pleasing and attractive. The success of the school children was largely due to the efficient work of their teacher, Miss Burns. The program follows:

Piano solo—Miss Gertrude Irwin.

Recitation—Miss Katherine Skinner.

Vocal solo—J. Calvin Skinner.

Waltz drill—Ten small girls.

Instrumental number—Mr. Anala and son.

Recitation—Ila Nichols.

Pantomime—Columbia, the Gem of the Ocean.

The ladies of the Newcome Club entertained the male members of the respective families at dinner Tuesday at the home of Mr. and Mrs. Paul K. Hughes. About forty people sat down together at a long and well laden table stretching the length of two rooms in the new Hughes bungalow. The menu included chicken, mashed potatoes, peas, cold slaw, rolls, pickles, olives, jelly, coffee and Spitzenberg apple pie. After supper the gentlemen adjourned to the Allan log house across the ravine, where the evening was spent at music conversation and the entertaining comparison of amusing first experiences in the Oregon "wild lands."

**WELCOME WORDS TO WOMEN**

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as strictly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

**SHEPARD VISITS WASHINGTON MEETINGS**

E. H. Shepard, editor of "Better Fruit," spent last week in the state of Washington visiting a series of farmers' institutes and talking on fruit subjects. Among the places visited were Sunnyside, North Yakima and Ellensburg. At Yakima Mr. Shepard spoke on "The Essentials of Successful Fruit Growing" and also gave a talk on fruit packing. Following are some extracts from his first address which were published in the Yakima Republic:

"Fruit districts of the northwest will soon be surprisingly divided into specializing areas. One variety of fruit will do better in one section than in another and will be raised there exclusively. We are trying that already in my home in Hood River. We raise only one variety of strawberry; other varieties do not do so well there.

"Industry and application are two essentials of fruit importance. The other essentials are not exciting.

"Many persons make the mistake of buying cheap trees. Five cents more a tree will amount to only \$3.50 more an acre, and you know that one good bearing tree will more than make up the difference. Prune your trees low. Cultivate thoroughly, using cultivation instead of irrigation.

"Do not be governed entirely by market prices in selecting varieties, but pay attention also to quality and to market conditions.

"Air drainage is an essential. Trees are like people; they need fresh air.

"As an example of what can be done with proper pruning and scientific care of an old orchard in making it profitable, I have the instance of an old orchard which I myself bought and commenced to care for. In the first year the acre and one fifth netted me \$18.50. Profits in the succeeding years went up steadily—to \$380, \$800, \$1500 and \$2042.
