BUREAU FEATURES HOOD RIVER VALLEY

Dorsey R. Smith, ex superintendent of the Open River Transportation Company, has accepted the appointment as general manager of the Bureau. The office is located in Hood River. Mr. Smith will open offices in Portland the first of week March and will be prepared to handle the tourist travel which will come to the Northwest during the Spring and Summer months. It is the intention of the bureau to feature the principal points of interest in Oregon and Washington, such as Crater Lake, Mount Hood and the famous Hood River valley. Mount Adams, Trout Lake and the Columbia River, between Portland and The Dalles.

Good Cough Medicine for Children.
 The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole remedy for many mothers, and few who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says: "I have never used anything other than Chamberlain's Cough Remedy for my children, and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by all dealers.

The Glacier is in receipt of a communication from a Portland firm of chemists in which they say that there is an opportunity for an enterprising youth in the Hood River valley to make money securing skunk oil. They say there are frequent calls for the genuine article, very little of which is to be had. Most of that which is sold is adulterated. Skunk oil and bear's grease both have a market value.

A Neighbor of Yours
 as well as yourself is liable at any time to have rheumatism. We're all liable to have cuts or burns, bruises or scalds, crick in the back, neck or side—some kind of an ache or pain. Then heed this advice and tell your neighbors—Italian's "Snow Liniment" relieves all aches and pains, and heals all wounds. Chas. N. Clarke.

Forecaster To Warn Medford.
 Fruit growers of the Medford section have arranged with E. A. Deane, district weather forecaster at Portland to give them warnings, advising them of approach of cold weather so that they can take precautionary measures to save their crops from freezing. The fruit men plan to start off the frost with smudges distributed about their orchards. The Rogue River growers believe they will be able to save much by protecting the fruit from frost.

Saved A Soldier's Life.
 Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 175 pounds." For Coughs, Colds, LaGrippe, Asthma, Hemorrhage, Hoarseness, Croup, Whooping Cough and lung trouble, its supreme, 50c, 1.00. Trial bottle free. Guaranteed by Chas. N. Clarke.

H. H. Dabney, was registered at the Hotel Astor in New York last week.

An Ideal Cough Medicine.
 "As an ideal cough medicine I regard Chamberlain's Cough Remedy in a class by itself," says Dr. R. A. Whitmore, of Gaynesville, Ind. "I take great pleasure in testifying to the results of Chamberlain's Cough medicine. In fact, I know of no other preparation that meets so fully the expectations of the most exacting in cases of croup and cough for children. It contains no opium, chloroform or morphine; it certainly makes a most safe, pleasant and efficacious remedy for the ill it is intended." For sale by all dealers.

W. H. Jones, and his mother, Mrs. E. A. Jones, of Portland, were here last week, guests at the home of O. H. Baker. Mrs. Jones is very much interested in Hood River valley and contemplates investing here.

Race Suicide.
 is not nearly the menace to increase in population that death among infants are. Eight out of ten of these deaths are directly or indirectly caused by bowel troubles. Metcalf's Baby Elixir cures diarrhoea, dysentery, sour stomach and all infant ailments of this nature. Just the thing for teething babies. Price 25c and 50c per bottle. Chas. N. Clarke.

Clay Brook and Paul Claisand, of Portland were here last week on business for the Columbia Trust Co.

Stiff Neck.
 Stiff neck is caused by rheumatism of the muscles of the neck. It is usually confined to one side, or to the back of the neck and one side. While it is often quite painful, quick relief may be had by applying Chamberlain's Liniment. Not one case of rheumatism requires internal treatment. When there is no fever and no swelling as in muscular and chronic rheumatism, Chamberlain's Liniment will accomplish more than any internal treatment. For sale by all dealers.

Prof. L. F. Henderson arrived Friday from an extended trip through the coast and south. Mrs. Henderson and daughter, Miss Constance, are in Los Angeles and expect to return in two or three weeks.

For Diseases of the Skin.
 Nearly all diseases of the skin such as eczema, tetter, salt rheum and barber's itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by all dealers.

George Sharp has purchased the interest of his partner, A. C. Lotts, and is now sole proprietor of the Hood River Dairy.

Stagnant As Niles
 are liver and bowels sometimes; seem to balk without cause. Then there's trouble—Loss of Appetite—Indigestion, Nervousness, Headache, etc. But such troubles fly before Dr. King's New Life Pills, the world's best Stomach and Liver Remedy. 75c each at Chas. N. Clarke.

Many Hood River people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. J. C. Buckler, of E Ninth St., Portland, Ore., says: "In my estimation there is no remedy equal to Doan's Kidney Pills. There was a constant soreness across the small of my back and stooping or lifting would cause sharp twinges in that part of my body. I tried one remedy after another but without result. When Doan's Kidney Pills were brought to my attention, I procured a supply and was delighted by them from the first. I continued their use and they soon completely removed the pain from my back and corrected the action of the kidney secretion, which had been somewhat irregular." Plenty more proof like this from Hood River people. Call at C. N. Clarke's drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Low one-way colonist rates from all parts of the East to Pacific Coast terminals are offered by the railroads from March 1 to April 15. The opportunity to bring thousands of new settlers to Oregon is a valuable one and commercial organizations of it to the fullest extent.

The attractive literature sent out during the past year and the wide publicity given all parts of Oregon have been fruitful of results and inquiry about this state was never so general as at the present time. Because of this widespread interest in Oregon, it may be expected that the state will receive a large immigration during the coming Spring.

Oregon people should do all they can to aid in this movement to the Pacific Northwest by arousing interest among their friends in other parts of the country who are looking for new homes and information should be supplied them on the opportunities here for newcomers and particularly those who desire to engage in agriculture, horticulture, stock raising or draying. These lines of endeavor are rewarding those who are engaged in them.
