Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. J. C. Ayer Co., Lowell, Mass.

Constipation is the one great cause of sick-headache, biliousness, indigestion, bad breath, debility, nervousness. Has your doctor ever recommended Ayer's Pills to you?

HOOD RIVER HAS A NEW PROFESSION

A new profession is represented in Hood River. It is not only new to Hood River but it is new to the world at large. J. L. Roberts, Bachelor of the Science from the Cornell College of Agriculture, is a "consulting orchardist." He has hung out his shingle offering to give expert opinions on orchard subjects. While for many years the experienced fruit growers of the valley have always given advice to the new comers who are starting in the fruit business, Mr. Roberts is the first to make it a profession.
Mr. Roberts is a young man who took up the study of agriculture as a profession and who has added to his university training three years in the northwest, two years and a half having been spent in the Hood River valley. In Cornell Mr. Roberts was a student under Prof. L. H. Bailey, who is one of the foremost orchard experts in the country. Since coming to Hood River, Mr. Roberts has been engaged in the management of orchards and a year ago he bought 20 acres on the west side. On his ranch he has four acres of five and six year old apple trees and five acres of new orchard put out this year.
In speaking of his beginning as a "Consulting Orchardist," Mr. Roberts said that he had so many requests from people who were contemplating the purchase of orchard land, for his advice and opinion on land that he saw the need for an expert to profess this giving of opinions a profession. He is buying an orchard already started there are hundreds of questions which the experts answer before buying. In advising people, Mr. Roberts says he does not pretend to tell them how because one site of locality may be worth a great deal as a home, the value of which cannot be figured out by the consulting orchardist. It is his business to tell the land when it is properly cultivated. Having told the prospective purchaser how much he may expect to get as a net income, then it is up to him to decide what he will pay.
There is no cough medicine so popular as Foley's Honey and Tar. It never fails to cure coughs, colds, croup and bronchitis. For sale by C. A. Plath.
Mr. and Mrs. H. P. Blodgett, of Chicago, arrived here Thursday to look over the valley with a view to locating here.

W. PENN WATSON DIES IN CALIFORNIA

William Penn Watson, one of Oregon's most prominent citizens 20 years ago, died at Long Beach, Cal., yesterday from the effects of an operation which he was unable to stand a his advanced age. Mr. Watson was 84 years of age and was prominent in politics and in fair circles in this state. He was president of the state fair board a number of years.
Mr. Watson was well-known to all the old residents of Hood River and he had one of the very first apple orchards in the Hood River valley. He was recognized as one of the foremost horticulturists in the United States and was an exponent of dry farming. He was born in Morgan county Illinois.
Mr. Watson's death is the first one in the in the Watson family. Although married 60 years and the head of a family of 5 children, his death is the first bit of sorrow that his family has ever had. Besides this wife, 5 children, 13 grandchildren and one great grand child survive him. He was a remarkably hale and healthy man all his life, being fond of outdoor life.
Up till four years ago, Mr. Watson resided in Portland. He was born in Illinois, coming to Portland in 1847 with his wife. There his family was raised. The Sound Sleep of Good Health.
The restorative power of sound sleep cannot be over-estimated and any ailment that prevents it is a menace to health. J. L. Souther, Eau Claire, Wis., says: "For a long time I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills but a short time and now sleep, as sound as a rock, eat and enjoy my meals, and my general condition is greatly improved. I can honestly recommend Foley's Kidney Pills as I know they have cured me." For sale by C. A. Plath.
