

# WE ARE NOW READY

Our new offices in the new Hotel Oregon building have been completed and we are installed and ready to give the buyers and sellers of orchard lands in the Hood River Valley the most efficient service.

While our work so far has been more in the line of equipping ourselves to handle the biggest real estate business in Hood River we have been making a creditable sales record. We have sold, since the first of the year, \$255,050.00 worth of fruitland.

## TO THE BUYER:

Our listings of fruit lands are the most complete in the whole valley. We have for sale on exclusive contract 132 of the of the very best bargains in Hood River and we are able to show many other desirable properties. The tracts are large and small and in every stage of development, from the raw land to the full bearing orchard. We have listings and show property in every section of the valley. A brief bulletin of choice buys is shown in our first page ad each week.

## TO THE SELLER:

While our list is very complete we have a great demand to meet, and if you wish to sell, our facilities for moving your property are unexcelled. We will not list any property which we do not feel can be sold, as we have no room for "dead wood" in our lists. When you list with us you get all the advantage of our system of extensive advertising and our large sales force.

Correspondence is solicited and all enquiries will receive our most careful attention.

### OUR REPRESENTATIVES ARE:

J. H. Devlin, W. A. Firebaugh, J. L. Firebaugh, C. L. Wheeler,  
O. J. Tilleson, L. D. Firebaugh and Howard Stewart
