REPUBLICANS WILL HOLD ASSEMBLY

Continued from first page.

George Dimmick, of the upper valley who is a candidate for sheriff, has just returned from a visit to Starbuck, Wash., and says that he is not just yet

able to answer the questions of The Glacier on the assembly. He is a delegate to the assembly from Baldwin precinct. Thomas Johnston is also inviting the support of his friends for county sheriff. The name of Ed S. Mayes has been mentioned for sheriff, but Mr. Mayes tells The Glacier that he cannot afford to be a public official and is not a candidate for the office. Besides Mr. Blowers it is rumored that G. R. Castner may be a candidate for County Judge. It seems that none

of the local attorneys care to hold the position on the county bench. E. H. Hartwig was mentioned, but it is understood that he does not care for the position. It had been rumored that John Leland Henderson might be a candidate for County Judge, but he has announced himself as a candidate for Surveyor and is thus out of the running. Percy M. Morse and G. B. Datson have also been mentioned favorably as candidates for Surveyor. There do not seem to be any avowed

candidates for commissioners, Treasurer, Superintendent of Schools and Coroner, although men have been mentioned in connection with each of the offices. O. H. Rhoades and G. A. McCurdy have been prominently mentioned for the commissionership. V. C. Brock, the present Treasurer, says that he does not care for the office again and it is understood that J. M. Schmeltzer would be willing to accept the Republican nomination. L. B. Gibson has been mentioned as a possi-

bility for Superintendent while it is understood that Squire A. C. Buck would like to be the County Coroner.

BILL GANGER FOR SHERIFF-DEMOCRAT

Republican candidates for county offices are beginning to show pretty thick during the past week since the selection of the delegates to the county assembly, but the first Democrat to show his head above the water is Constable Bill Ganger, who acknowledges that he would accept the nomination for County Sheriff on the Democrat ticket. Bill, who is also chief of the fire department and an ex-city marshal, says he has it figured out that the county would be better off with some Democrat officers and while it is possible that the members of the minority party may not be numerous enough to furnish all the officers, that he for one would be willing to be the official peace officer and tax collector. He says that in spite of the fact that nearly all of the counties of the state are strongly Republican, the majority of them have Democrat sheriffs and, while he does not insinuate that the Republicans need a Democrat to hold them level, he thinks that this is good

evidence that the sheriff's office is the place for the Democrats to try to land. Clyde Butson, of Hillsboro N. D., was here Monday looking over the valley.

ABSTRACT COMPANIES TO COMBINE

It is understood that there is a plan on foot to combine the Hood River Abstract Company, of which J. M. Schmeltzer is secretary, and the Waucoma Abstract Company, in which Messrs. Bishop, Wentz and Howe are interested. While the managers of both companies acknowledged yesterday that negotiations were under way for consolidation they insisted that definite agreement had been reached as yet. It is probable, however, that by the end of this week the combination will have been completed. The fact that the Waucoma company has taken its advertisement from The Glacier is indicative of the intention to combine under the name of the older company and it is understood that Messrs. Schmeltzer and Bishop will be the chief owners of the new concern, it being the intention of their present respective associate to engage in other business.

The Parkdale depot will be modern in every respect and will be the most complete station building on the line of the Mt. Hood road.
