## HOOD RIVER SEEN BY DAKOTA BANKER

E. A. Sherman, of Sioux Falls, S. D., former city commissioner and coming member of the legislature recently took a tour of the west and on returning to his home he had considerable to say to The Argus-Leader concerning his trip. Mr. Sherman who is a leading banker had the following to say of Hood River: "I crossed over the Columbia to Hood River a pretty and growing town of 3000 inhabitants. I fortunately met a gentleman well known in Sioux Falls and vicinity, Robert Pratt, formerly of Parker S. D., but a frequent visitor in Sioux Falls. He married a graduate of All Saints school, Miss Mable Holt, whose family are now residents of this city.

"Mr. Pratt with his father is engaged in the banking business at Hood River which they built up within the past three years to good proportions. As mutual All Saints admirers, and beneficiaries in the same line, it was my pleasure to be elated as a guest of the family of Mr. Pratt in their charming home, made still happier by the presence of three little 'pratties.' It was also my pleasure together with the little folks, to be taken for an auto ride through the orchard districts of Hood River valley. I saw here the greatest display of loaded fruit trees I have ever seen, reminding me of orange groves in California. Mile after mile of carefully cultivated orchards met our view, without weed or spear of grass between the rows. The trees were so heavily laden that each limb had to be propped or it would break and fall to the ground. A common way of propping is to extend a pole through the middle of the tree, from the ground to the top, and with stout cord attach each limb to the top of the pole.

"Fruit bearing orchards in this valley sell readily for \$2000 to \$3000 an acre and seem to be profitable investments at that. The growing of fruit has attracted to this valley, also, a class of cultured refined people. Mr. William Hare, nephew of the late and loved Bishop Hare and who came from the west to Sioux Falls to attend the Bishop's funeral, is a young orchardist about 20 miles up the valley. An association has been formed at Hood River of University graduates, now residents of the valley, which has a membership of over one hundred.

If he appears in your house arrest him at once with Bialaire's Horehound Syrup, it may mean consumption if you don't. A cure for all coughs, colds and chest troubles. Price 25c, 50c and \$1.00. Sold by Chas. N. Clark.

**"Earnest" Money Recovered.**  
Blanche E. Jones and John E. Carpenter recovered \$1000 from John A. Devlin and William A. Firebaugh by verdict of a jury in Judge Gaithe's department of the Circuit Court, returned Friday afternoon. They alleged they paid this money to Devlin & Firebaugh, real estate agents, as earnest for the purchase of property at Hood River belonging to Manning Bros., the purchase price to be \$27,000. They said the price was afterward raised to \$28,000, and that the real estate men demanded an additional \$1000 to bind the bargain, the plaintiffs refusing to pay it, or take any more and demanding the return of their earnest money.—Oregonian.

**A Burnt Child**

**How About It, Dr. Nichol.**  
Use of the Devil's Slide in Weber's Canyon as an accessory in its initiatory ceremony by a great fraternity gives a touch of realism that beats anything down Mt. Hood in a dishpan.—Oregonian.

**Governor To Raise Apples.**  
Eben S. Draper, Governor of the Commonwealth of Massachusetts, is going to put out a large apple orchard on his 300 acre farm of the so-called wormout land in that state. The eastern executive says he will raise apples as good as Oregon fruit, but time will tell. In the course of a lengthy interview in the Boston Journal, the Governor said that he could not see what an apple tree wanted with soil 20 feet deep. Two or three feet was enough in his opinion and as for the boasted irrigation of western apples he said that was not necessary to get the finest apples. He said he would in this and used "Better Fruit" as his authority although he was off when he said it was published in Spokane. The honorable Mr. Draper will have to add a little Oregon climate to Cape Cod neighborhood before he will sell his apples for 15 cents apiece.

**The Good Roads Petition.**  
The State Good Roads Association is very anxious for the people to become better acquainted with petition 354 on the ballot, which reads: "No county shall create any debt or liability which shall singly or in the aggregate exceed the sum of \$5000, except to suppress insurrection or repel invasion or to build permanent roads within the county, but debts for permanent roads shall be incurred only on approval of a majority of those voting on the question." Those at work for the passage of the amendment, permitting the bonding of the county for road work say it will be the biggest step Oregon has made toward permanent improvement for a long time.

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Liniment for twenty-five cents. A piece of flannel dampened with this liniment is superior to any plaster for lame back, pains in the side and chest, and much cheaper. Sold by all druggists.
