LAD LOSES LEG UNDER TRAIN

Oscar Stranahan, 17 year old son of C. H. Stranahan, fell under O. R. & N. train No. 6 in The Dalles Thursday night and had his right leg so badly mangled that amputation was necessary a short while later in the Dalles hospital. Young Stranahan, accompanied by Clint Monee, left here on the east bound trail at 10:25. Although the lads had money to pay their fare they beat their way on the outside of the train and it was in attempting to get off the train near the Umatilla House that young Stranahan fell under the wheels and had his leg ground off. The limb was amputated several inches below the knee and it is probable that the boy will be able to walk again with the aid of an artificial leg. Jim Stranahan, brother of the injured boy, visited him Friday at the hospital. He sustained no other injuries and he is not regarded as being in a serious condition.

For More Than Three Decades
Foley's Honey and Tar has been a household favorite for coughs, colds, and ailments of the throat, chest and lungs. Contains no opiates. Sold by C. A. Plath.

Will Remove Shoal.
After having deepened the upper entrance to the Cascade Locks sufficiently to permit the easy passage of steamers through the channel without danger of going aground, the orange peel digger belonging to the Government and which has been employed at that point for several weeks shifted last week to the lower entrance of the locks, where she will remove the shoal formed there during the June rise of the Columbia. When the channel at that point has been dug to the desired depth the digger will return to the upper entrance, where she will do some additional work. Since going to work at the locks it is estimated that the digger has removed 10,000 cubic yards of material from the channel. The material consists almost entirely of fine sand, much of which is blown into the river from the deposits on both banks of the Columbia.

A Reliable Medicine—Not a Narcotic.
Get the genuine Foley's Honey and Tar in the yellow package. It is safe and effective. Contains no opiates. Refuse substitutes. Sold by C. A. Plath.

THE DOCTOR'S QUESTION.

Much Sickness Due to Bowel Disorders.
A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored. Rexall Osmolites are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when fail to produce entire satisfaction. Rexall Osmolites are eaten like candy, they act quietly, and have influence on the entire testinal tract. They do not purge, gripe, cause nausea, flatulency, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c. and 10c. Sold only at our store—The Rexall Store, Carl A. Plath.
The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create, makes one feel joyful. Sold by all dealers.

The Suffering Potato.
American farmers are warned by the Department of Agriculture to watch for a new potato malady, which has developed into a plague in Europe. The "black scab" "wart" or "cauliflower" disease, starting in Hungary in 1896, has seriously infected Ireland, England, Germany, Scandinavia, France and Italy. It appeared on the North American Continent last year in Newfoundland. The keenest lookout must be kept, for where disease has taken hold no healthy tubers will develop. So insidious is the plague that it not only renders all the soil of a field diseased, but bits of dirt clinging to the boots or implements of a farm hand may carry the pest to uninfected areas. Thereafter the ground will produce unsound crops for a number of years, unless an intelligent system of crop rotation is used to heal the soil. Diseased potatoes should invariably be burned—or, if too wet to burn should be buried in a hole and covered with unslacked lime. Sown potatoes should never be taken from ailing crops. If the seed is suspected, it should be powdered with sulphur and stored away until planted. Farmers should cooperate with the Department of Agriculture by reporting any appearance of the disease, so that it may be kept from fastening itself into American soil.—Editorial in Collier's for October 1.

It is in time of sudden mishap or accident that Chamberlain's Liniment can be relied upon to take the place of the family doctor, who cannot always be found at the moment. Then it is that Chamberlain's Liniment is never found wanting. In cases of sprains, cuts, wounds and bruises Chamberlain's Liniment soothes out the soreness and drives away the pain. Sold by all dealers.

If you use Lard, why not use the very BEST.

Armour's Simon Pure Lard

is the highest grade lard in the market and it cost only a trifle more than the common kind. Sold only at the
