### OREGON AT THE CHICAGO LAND SHOW

Oregon will have a special day at the Chicago Land Show, it having been fixed on November 30. Oregon people will be in charge of the program and special exercises will be held in the lecture room of the Coliseum in honor of the occasion.  
Under the direction of the Harriman lines in this territory a splendid exhibit of Oregon products has been gathered that will be shown at Chicago, excellent space having been secured for it. The products of the state on view there will be explained by competent lecturers in charge and the state generally will profit very largely from the showing to be made. About 50 boxes of Hood River apples will occupy a prominent place in the Oregon section at the Land Show and C. R. Bone's big picture map of the valley will be shown.

Prominent Oregon citizens will participate in the exercises at the land show on Oregon day. Among them are William McMurray, General Passenger Agent for the Harriman lines in this territory; John M. Scott, Assistant General Passenger Agent; J. W. Johnson, Corvallis; E. D. Waterman, Medford; J. C. Skinner, Hood River; L. E. Bolton, Grants Pass; W. E. Benton, W. D. Skinner and A. A. Morse, Portland.

A Double Wedding.  
A double wedding occurred Sunday at the home of Mrs. P. D. Hinrichs on the west side when her two daughters, Misses Clara and Hulda Hinrichs, were married to Raymond Markley and O. L. Craton, respectively. The ceremony was performed by Rev. J. L. Hershner, Mr. Markley lives on a ranch near Deer and Mr. Craton is from Mosier. The wedding was quiet and only attended by a few members of the family. The marriages were to have occurred in October, but were postponed on account of the accidental death of the bride's father, the late Peter D. Hinrichs. Mr. and Mrs. Markley will live near Deer on their place and Mr. and Mrs. Craton will reside at Mosier, where they have an orchard.

The new garage of the Tip Top Motor Company is about finished south of the city and will be occupied in a few days. The building is modern and complete in every respect and will afford excellent facilities for showing the cars for which this company has the agency. Capt. McCan, of the company, is now in the east gathering new ideas on motor cars and will return in a few weeks ready for the coming season. W. T. Sleddon, manager of the company, is looking after the moving and is arranging for the reception of a large new stock of Maxwell, Alden-Sampson and Columbia cars.

Edwards Goes East.  
Guy Y. Edwards, of G. Y. Edwards & Co., really leaves, left Sunday for a month's trip in the east. He was well-laden with Hood River apples and literature and will be busy boosting the variety during his trip. The main point he will visit will be Chicago where he formerly lived and he will attend the Land Show there during the next two weeks and will be there for the Apple Show the last of the month. Mr. and Mrs. S. F. Wallace, parents of Mrs. Edwards, are visiting here and will remain indefinitely.

Thanksgiving Services.  
The union services of the Hood River churches on Thanksgiving will be held at the Congregational church at 10:30 A. M. Rev. D. T. Simpson, of the Episcopal church will preach the Thanksgiving sermon.

ORCHARD LANDS CHANGE HANDS  
Eight sales of Hood River orchard lands are reported this week by the real estate firm of Devlin & Firebaugh, aggregating 110 acres, and the prices paid being more than \$40,000. The sale of a 10 acre tract on Jericho Lane, which has been cleared and was planted last year by the Hood River Orchard Land company, under the supervision of James L. Firebaugh, to W. R. Deaber, for \$9,750, is reported. This tract is one of the most promising pieces of young orchard in the valley and the former owners of the land will care for it for four years. Mr. Deaber lives in Portland, and is the secretary and treasurer of the Pacific Coast

Elevator company. He expects to erect a house on the place soon.  
The sale of a highly improved 13 acre tract near the Plumer is reported, the buyer being Herman Gileber, of Gray's River, Wash. Five acres of this place is in bearing orchard and the price paid for the place was \$9,500.  
M. E. Loizer, of Portland, is the purchaser of a partly improved place on the west side for which he paid \$400 an acre.  
The Ellis 20 acre place near Summit station has been sold to a company of Portland Japanese, who expect to clear it and plant it to orchard and place it on the market again. The land is covered with oak trees and brush and the price paid was \$6,000.  
Another sale in the Summit section was that of 20 acres from B. K. Richter to Henry Rodamar for \$5,500. This land has been slashed and adjoins 20 acres which Mr. Rodamar purchased a year ago from E. L. Klemmer. Mr. Rodamar expects to clear up this land adjoining his home and set it to orchard. Mr. Richter is here from Minneapolis and he expects to clear and improve the twenty which he still holds east of the Rodamar land. He is already erecting a house on the place.  
Two sales of tracts in the Glenhurst Orchards on the east side are reported. L. Gastensen, of Portland, paid \$3000, for 20 acres of this tract and C. L. Craton has bought ten acres of the same tract for \$1,500.  
Two acres has been sold to Miss Sophrona E. Nesbit adjoining her place on the west side. She paid \$700 for the small tract.

Car Shortage Troubles.  
The shortage of refrigerator cars is still holding up shipments at the Apple Growers Union warehouses and as the crop is running something like 50,000 boxes in excess of the original estimates it will be some time before the crop is out of the valley. Shipments are being made just as rapidly as the cars can be secured but the Union is only receiving a few varieties which should go on the Holiday market. Spitznburgs, Baldwins and Black Twigs are being taken but the growers have been requested to hold the Newtowns until the Union facilities can accommodate them.

Philadelphia Show Postponed A Week  
A telegram was received Monday by President Charles Hall of the Commercial Club from Secretary J. C. Skinner, who is visiting in New York, stating that the carload exhibit which was to have been held in Philadelphia next week had been postponed for a week, making it conflict with the National Apple Show in Chicago.  
This change makes it necessary for Mr. Skinner to cut out the Philadelphia show and it is possible that he will run down to Baltimore for a few days next week where a small exhibit is being made. If he does not do that he will probably return to Chicago and be there through the first week of the Land Show which opens Monday. Hood River people should write their friends in the east about the Chicago, Philadelphia and Baltimore shows.

Tieman Day Celebration.  
The Masonic lodge Friday evening was the largest meeting of local Masons ever held here, there being about 125 present to enjoy the exercises and the banquet which followed. Following the dinner a number of speeches were made and E. L. Smith acted as toast master. The older members of the lodge reviewed the life of the man in whose honor the meeting was held.

Maxwellton Crop Packed.  
The crop of the Maxwellton Orchard managed by Mrs. Marion MacRae on the east side had a yield of 11,000 boxes of apples this year and all of the fruit was packed up ten days ago. Mrs. MacRae utilized one of the big Arnold circus tents for an auxiliary packing house. The crop was a large one and was handled pretty speedily. In celebration of the finish of the pack, Mrs. MacRae entertained 16 of her employees at Sunday evening dinner at the Mt. Hood hotel, November 6.
