

**SHEPARD URGES COOPERATIVE PLAN**

A cooperative plan for marketing the entire output of all apple orchards of the Northwest so as to give the largest possible share of the profit to the producers, was outlined today at the conference of growers in connection with the Third National Apple Show.

The appointment of a committee to devise the most feasible method of carrying out the idea was authorized. Every apple growing district in the Northwest states is to be represented on this committee. It is to meet at a specially called meeting of the Northwestern Fruitgrowers Association, which has not met since 1908, at some time and place to be decided by themselves.

The appointment of the committee was left in the hands of W. H. Irish, of North Yakima, who was unanimously elected chairman of the conference after E. H. Shepard, of Hood River, had withdrawn his name from nomination. W. W. Sawyer, of Sunnyside, was secretary of the meeting.

The idea was suggested that a body of representatives apple growers might work in conjunction with the Northwestern Association in the gigantic task of marketing all the apples of this region. It was taken up and elaborated by Mr. Shepard.

A discussion of the matter in which practically all of the 100 apple growers present engaged developed the conclusion that the low price paid to the producer of apples and the exorbitant price asked by the retailer are equally disastrous to the apple growing industry.

Buy your butter, cream and milk from the Purity Dairy Co., phone 68L. Milk depot, Davidson building.

**OREGON APPLE SHOW NEXT WEEK**

Rather than have the Portland Apple Show held in the Armory, on account of the distance from the business streets, the management has accepted the tender of the three upper floors of the building on the corner of Fourth and Washington and formerly occupied by Olds, Wortman & King, where the exhibits will be displayed November 29, 30 and December 1.

Space on the exhibit and concession floors has been contracted for already on an extensive scale and the entries number twice as many as were at the show last year.

In the three days of the show the Oregon State Horticultural Society will hold a session on the fourth floor, now occupied by the Order of Moose. Speakers have been engaged to deliver addresses in the lecture room and the faculty of the State Agricultural College will give demonstrations of the pests which affect apples, as well as of a model orchard. President Atwell visited Spokane, where he secured exhibits for Portland from the National Apple Show. There will also be an exhibit of apple pests—bugs, worms, aphids and all other things which do harm to the apple orchard.

**A Household Medicine**

To be really valuable must show equally good results from each member of the family using it. Foley's Honey and Tar does just this. Whether for children or grown persons Foley's Honey and Tar is the safest and best for all coughs and colds. C. C. Plath.

**WHITE SALMON**

E. E. Mills left on Thursday for Spokane, and from there he goes to Chicago, where he will be gone about three months.

Frank C. Steinkamp, of St. Paul, has purchased the lot and bungalow office of the Consolidated Realty Co.

A boy was born to Mr. and Mrs. Spring recently.

Homer Day returned on Saturday from St. Paul.

Homer Day is sizing up the aristocratic apples at the Spokane Show.

M. C. Martin was among those who attended the National Apple Show at Spokane. Fruit from his orchards was on exhibition.

Lester Jacobson, of Woodlawn, Ore., was a visitor in White Salmon this week.

L. R. Glavis made a trip to Portland on Wednesday.

Mr. Steinkamp, from St. Paul Minn., has been here since the first of the week.

Mrs. Bridgefarmer, of Kalispell, Montana, has been spending the past week with her sister, Mrs. Roy Crooks.

On December 3rd a meeting will be called by the Local Fruit Growers Union for the purpose of getting everyone, from Underwood to Lyle in a big Union.

George Borden, county engineer, was in White Salmon the first of the week. He started a small surveying crew at work making the proper boundaries of the town of White Salmon.

Wade Dean returned Saturday from Minneapolis.

At the meeting of the Fruit Growers Union on Saturday afternoon, the report of the manager, J. M. Lewis, was found to be approximately correct and was accepted. The report showed that 12,345 crates of berries were handled, or over \$38,000 worth. Peas and beans, etc., were shipped to the amount of \$500. At a subsequent meeting a new manager and secretary will be elected, as Mr. Lewis will not return to take the job. No apples were handled by the Union, but at a meeting on December 3, steps will be taken for the erection of a union cold storage.

C. C. Smith will occupy the Mills house for the three months that Mr. and Mrs. Mills are absent in Chicago.

Charles Van Pelt, of Minneapolis, made a special trip from Everett to see his friend, C. S. Blackwell, on Saturday.

Miss Cameron is in charge of the White Salmon exhibit at the National Apple Show at Spokane. Miss Cameron will also take the exhibit through to Chicago, and talk for this section.

**Wrestling Match.**

Carl Rush, who claims the light heavy weight championship of Germany in wrestling, will meet L. A. Grant, the local wrestler, on the mat in Ferguson's hall Saturday night. It will be a handicap match and Grant guarantees to throw his man three times in an hour for \$50. Bush weighs 185 while Grant weighs 215.

Letture at Greenhouse on Heights, Phone 284M.

**LOCALS WINS GAME SCORE 5 TO 2**

The Hood River football team triumphed over the Wabash team of Portland Sunday on the new athletic grounds, Chapman Park, below the depot. The field had just been graded and the rain made it soft and rather slippery. A meager crowd braved the stormy weather to witness the game which started at 3 o'clock. Captain Hartley kicked off for Hood River and later recovered the ball on Wabash's 10 yard line. By a series of bucks and end runs the ball was sent over for a touchdown. Sexton failed to kick goal.

After that, it was a see-saw back and forth across the field. Forward passes were tried by both teams with little success as the slippery ball was hard to hold and coetly fumbles were made by both sides. Several times did Hood River near Wabash's goal only to lose the ball on downs when their opponents braced. The score made by the visiting team was a safety secured in the fourth period. Hood River's goal was never in danger while their opponents were continually pressed and had it not been for the wet field the score would probably have been larger.

In the line, Kent, Sexton and Shively were a stone wall and made great holes for the backs, Garrabrant, Sinclair and Coshow, who also played well. Johnny Coshow at quarter played a heady game and ran his team well. The boys have practiced hard this week for the hard contest on Thanksgiving today, when they meet the fast Stevens Addition team of Portland on the home grounds. Not every body come out and see the big game of the season on the new football field.

Mr. Chapman, through his agents, Devlin & Firebaugh, has given the field for use to the football players and high school students, free of charge, for keeping up fence around the grounds. Steps have been built leading down in under Devlin & Firebaugh's sign across from the depot so that access to the gridiron will be much easier.

The line-up of the Hood River team follows:

Schbee, center; Shively, right guard; Copple, right tackle; Sexton, left tackle; Moe, right end; J. Coshow, quarter; H. Coshow, right half; Garrabrant, left half; Sinclair, full back.

**Evinger-McGreevy.**

Roy Evinger and Miss Lena McGreevy were married Saturday evening, November 19, by Justice A. C. Buck. Both members of the contracting parties are well known in Hood River, where they have resided for a number of years.

**University Club Dinner.**

Saturday evening the annual University Club dinner will be held at the Hotel Oregon. Preparations are being made for a good time, and those who attended last year will not soon forget the occasion. This year there will be no formal toasts responded to, but a number will be called upon to make a talk, in an informal way, and it is assured that there will not be a dull moment. The committee in charge is: D. Currier, Jr., Albert Peters, P. D. Atwater and Edwin Pooley.

**Palmer's Patent**

**The Bucket**

Made entirely of metal. Substantial and durable.

**No Canvas**

The past season exploded the canvas idea. Instead of being a protection it wrinkled and collected spurs and sticks which scratched and marred the fruit. It was subject to weather conditions and would shrink and stretch. The canvas bottom would sag and the fruit bruise when the bucket was set on the ground.

**No Strings**

to stretch, wear out and break and let the fruit drop.

**No Springs**

or clamps or levers to get out of order.

**The Release**

is simple and easy; no complicated arrangement of straps, strings and levers to tinker with. By a simple rotary movement the bottom is drawn away and the fruit is gradually and evenly deposited in the box; two buckets leveling a box so that another box may be set on top.

After emptying the bucket the bottom drops automatically into position and the picker is ready for action, without wasting time over straps, loops or puckering strings.

Take up the bucket, from any position, by the handle and the bottom automatically adjusts itself. All the fruit in the bucket may be discharged or just enough to complete the filling of the box and the rest taken to another box.

**The Hook**

works on a swivel and is always rigid and upright, ready to hook to the ladder or a convenient limb; and when desired can be hooked in a harness and suspended from the picker's shoulders, so he can use both hands. Can be instantly removed.

**The Doctor's First Question**

"How are your bowels?" This is generally the first question the doctor asks. He knows what a sluggish liver means. He knows what a long list of distressing complaints result from constipation. He knows that headaches, bilious attacks, indigestion, impure blood, and general debility are often promptly relieved by a good liver pill. We wish you would talk with your own doctor about this subject. Ask him at the same time if he approves of Ayer's Pills. Do as he says. J.C. Ayer Co., Lowell, Mass.
