### SELLING AGENCY FAILS TO MATERIALIZE

After two days' heated discussions and debate, the apple growers of the Northwest failed to come to any agreement on a plan to form a combination, and at noon today adjourned to hold second convention at Walla Walla, February 28. The proposition was put in the hands of a committee of 16, which was made up of men from every district represented in the convention, and was headed by H. W. Otis, of Wenatchee, Wash., one of the foremost orchardists of Washington.

They recommended at noon today in effect that the problem was too large to handle in such an offhand way, and it was suggested that each section organize a local union and that the local unions form a district association and that these district organizations send delegates to the Walla Walla convention to assist in working out the combine plan at that time.

The chief obstacle encountered was the fact that by forming a selling agency to market and distribute the crop the individuality of each of the famous orchard districts would be lost and the advertising value of such names as Hood River, Rogue River, North Yakima, Wenatchee, and others, would be wiped out. Some of the delegates to the convention feel that the final out come of the present movement will result in nothing further than a statistical bureau and a publicity organization, but this is looked upon as a long step in the right direction.

Most of the final session of the convention was spent in wrangling over the definition of grades of apples. The first skirmish resulted in the wiping out of the words " fancy" and "choice." Then it was decided that the finest grade should be known as "extra fancy," the second grade as "standard," and the third as "C" grade. This action was later reconsidered, after a number of vehement speeches, in which dozen growers tried to talk at once.

Then the whole former action was undone, and a motion carried to select a committee of five to prepare a report for the Walla Walla convention on the question of grades.

Until permanent organizations shall be effected at Walla Walla, H. C. Atwell, president of the Oregon State Horticultural Society, will continue as chairman and Frank Power, of Portland, as temporary secretary. Telegram.

Life Saved at Death's Door.  
"I never felt so near my grave," writes W. R. Patterson, of Wellington, Tex., as when a frightful cough and lung trouble pulled me down to 100 pounds, in spite of doctor's treatment for two years. My father, mother and two sisters died of consumption, and that I am alive today is due solely to Dr. King's New Discovery, which completely cured me.

Now I weigh 187 pounds and have been well and strong for years. Quick, safe, sure, its the best remedy on earth for coughs, colds, lagrippe, asthma, croup, and all throat and lung trouble. 50c & \$1.00. Trial bottle free. Guaranteed by Chas. N. Clarke.

White Salmon Has Fire Scare.

Because of inadequate fire protection property holders are very tender on the matter of fire and when the

gong sounded on Saturday a small sized panic was on. It was the chimney of the opera house burning out and in so spectacular a way that it had all the appearance of the real thing. Nothing serious resulted, but it had all the earmarks of comedy. While a couple of the boys were up on the roof putting out the fire with snow balls Chester Craig was on the roof of the Enterprise office furiously pounding the bell with a hammer, for the rope had gone on a strike. The only cool one was the man who climbed up two stories with a quart of water in the dipper, and the solo players in the pool hall, who went on with their game, stopping only to inquire if they thought they would have time to finish the game. If a fire should break out in White Salmon the only thing that could be done is to sit on the opposite side of the street and figure up your insurance policy.—Enterprise.

### MAKE THIS TEST.

How to Tell If Your Hair is Diseased.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98 per cent of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want every one whose hair requires treatment to try Rexall "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rexall "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c and \$1. Sold only at our store—The Rexall Store. C. A. Plath.

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor, often proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by all dealers.

### NO WOMAN WOULD ENJOY DRIVING

If she knew that every step taken by her horse caused actual agony. The surest way to avoid such unconscious cruelty is to

### HAVE US SHOE YOUR HORSE.

That will mean shoes that fit, properly put on so it will be impossible for the shoes to hurt. Send the children's pony, too.
