IF you bought a pair of trousers from a merchant, and you had the misfortune to lose a button, you would be badly disappointed to find he did not have an extra button, and you would be more disappointed and inconvenienced if you couldn't find one in town that would fit, wouldn't you? And besides that, you'd be out the use of your trousers.

Now the same argument holds good when you buy a power sprayer. If we didn't carry a stock of extras to fix you up when you get into trouble, you'd think we were running a queer dump, wouldn't you? Sure you would.

When you buy a sprayer from the peddler, how much attention do you get after he has your money? Where are you to get your extras which are absolutely necessary? You can't fix everything with a piece of baling wire.

Another thing: Do you want to pay for what the manufacturer is learning? Do you want to pay for his experiments? You can't help but realize how much it is to your interest to buy a sprayer which has been tried under all conditions and which has made good.

We have a sprayer ready for you now. They can't come too fast after them---we have a big stock and then some. Three men busy every day setting up sprayers.

After all, though, our best ad is what users say of them. We have no written testimonials, but would ask you to call on any Hardy user personally and get his opinion. If you take the trouble to do this, we are sure of your business.

TRY IT---YOU CAN'T LOSE

Valley Christian Church Notes

Mr. and Mrs. E. W. Sweeney opened their home last Saturday evening to twenty five young people, their Sunday school classes, the "Loyal Sons" and the "Loyal Daughters." The evening was intensely interesting. The house was nicely decorated. Some original games were played. Ice cream, cake, coffee and milk were served.

On Tuesday evening the Live Wire Bible Class met at the home of Mr. and Mrs. W. E. Caulier. The evening was a lively one. Sparks from the live wires flew in every direction until the house was full of chain lightning. The live wires departed in the light of the moon saying, "What a jolly good time we all had! Three cheers for Mr. and Mrs. Caulier!"

The Aid met at the home of Prof. and Mrs. Auhagen Thursday afternoon. The day was delightful and so was the crowd. Prof. Auhagen entertained the men by giving them a few pointers in astronomy, in which science he is a master, having been in the service of the government in that capacity for several years.

Club Will Present Houstons.

The Houstons are coming to Hood River in the course of entertainments and lectures, which is being given under the auspices of the Hood River Commercial Club. In their entertainment in the city on the evening of March 6th, 1911, in the Assembly Hall of the Commercial Club, their program will consist of thirty minutes of music and magical novelties. A unique feature will be the musical impersonations that will occupy another half hour. The second hour will present Mr. Houston as "The Little German Band," which has been pronounced the cleverest and most original entertainment ever seen on the lyceum platform.

C. D. Beale, who was for a number of years the leading man with Maxine Elliott and who has seen a great number of Lyceum courses, says that Hood River has one of the best courses he has ever seen. The admission to any one of them in an eastern city he says would be from \$1 to \$1.50, while the club is selling season tickets to the course for \$2.00.

In addition to the Houstons the club

will present at a later date Governor Jos. Folk and The Dunbar company of musicians and singers.

Will Organize Base Ball Club.
