The contest will be decided by a system of voting, on the basis of one-half cent for each vote. (For illustration, $5.00 will buy 1000 votes.) Mayor E. H. Hartwig will carry the key to the box containing the votes. He will open the box and count the votes every Monday and the result will be published weekly.

The contest will start April 3, 1911, and end July 3, 1911. The price of groceries will not be raised. They will be sold the same as they are sold in the other stores in Hood River for goods of like quality. The price of the Glacier will be $1.50, the same as it has been all the time. We expect to get our money back from the increased amount of business we will do.

The Piano can be seen in the window of Wood's grocery store. Come in and try it. The piano is warranted to be first class in every particular.

Yours for business,

USE NAME OF O. A. C. DEFRAUD ORCHARDISTS

The following dispatch from Corvallis to the Portland Telegram says that several fakers in different parts of the State are perpetrating frauds upon the farmers and orchardmen, giving as recommendations for their spurious wares the names of professors at the Oregon Agricultural College, who never heard of them. Dean Arthur B. Cordley has just received a letter from a farmer near Tualatin, asking his opinion of a new treatment of orchard to render them immune from all kinds of pests for six years, to which the agent claims to have Dean Cordley's indorsement.

"A man named Saunder," the letter says, "claims to have a treatment whereby he renders trees immune from disease by the application of some chemicals to the roots, especially apple trees. He claims that they will be cured of anthracnose, and that the codlin moth will not bother such treated trees for six years, and that no spraying is required on treated trees, other than a light spray of concentrated lye once every two or three years, to keep moss off the trees. Mr. Saunder gave me the name of Professor Cordley as reference, so I ask the college to give me its opinion. I regard this fellow as a fraud, pure and simple, and in order to protect my neighborhood from his operations, I have written to the college."

Dean Cordley replied: "I know nothing whatever of him, and if I should give my testimony in the case, it would be to the effect that any man who claims to be able to render trees immune from the attacks of the codlin moth, anthracnose, and other fungus diseases by an application of certain chemicals to the roots of trees, is a fraud."

Another letter from Lebanon states that a young man claiming to be connected with the college is taking subscriptions for a paper, offering a premium, which turned out to be a fraud. Dean Cordley has issued the statement that there is no man, student or other, connected with the college, of that name, and that he is evidently merely trading upon the popularity and reputation of the college in order to make his way smooth for his fraud.

White Salmon Has New Club.

The White Salmon Commercial Club is being incorporated. A board of directors has been elected as follows: A. H. Jewett, L. A. McClintock, J. L. Sutherland, Wm. Hall and Chas. Spencer. The board selected the following officers until next October: A. H. Jewett, president; Chas. Spencer, vice-president; E. M. Grenier, secretary; G. A. Read, treasurer. A section in the by-laws limits the spending of money to the amount on hand or immediately available.

The Enterprise states the club rooms will probably be engaged in the Bridgeman building, but nothing of an extravagant nature undertaken. The Commercial Club supersedes the Development League and is much broader in scope, the Publicity and Promotion committee doing the work heretofore done by the league, of which Miss Cameron has been the efficient secretary.

Punch Bowl Stops Salmon.

Reports come that the salmon are teeming in Hood river. At the Punch Bowl, a great blowout in the west fork of the river, into which pours the waters of the west fork and those of Dead Point creek, forming a great whirlpool, the fish are meeting with their annual difficulty. The salmon come into the whirlpool and attempt to leap and the falls, but without success, the distance being too great. The sight of the fish darting out of the seething waters is a novel one to those who have never before witnessed the faithful efforts of a salmon to reach the headwaters of a stream. A fish ladder is needed at the point in order that the fish may cross.

The Punch Bowl is a favorite goal for Sunday excursionists and fishermen. A number of beautiful fish have been caught there this season.

Summer Home in Klickitat.

Oscar J. Nelson, who owns 640 acres on the Simcoes, a few miles north of Goldendale, known as the Hornibrook place, is making arrangements to build a new house on this fine place, and he and family expect to make it their home during the summer months. This is an ideal place to spend the summer, for here is fine shade, ice cold pure spring water, good hunting and it is also close to excellent trout fishing. He will plant several acres to orchard, principally apple trees, and will also plant several acres to strawberries. Just think of eating nice fat juicy berries the last part of August or the first of September,—for then is the time these berries ripen in that high altitude.—Goldendale Independent.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help.

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui.

The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways.

Try it.
