LUCAS RECOMMENDED ANNOUNCES LAFFERTY

Telegraphic communications were received in this city last Friday from Representative Lafferty at Washington announcing that he had recommended Jay P. Lucas for appointment to the local postmastership, which was resigned some months ago by Wm. Yates. The recommendation has been long expected and Mr. Lucas was the recipient of many congratulatory messages when the news became known of his recommendation.

Mr. Lucas is a native Oregonian. He was born at Monmouth, Polk county, in 1856, and is an alumnus of the State Normal school at Monmouth. His parents came from Monmouth, Ill., in 1852. Mr. Lucas has been a free-Republican and since youth has been prominent in politics in the state. He was mayor of the town of Condon for a year. He has also served as a postmaster before, having held that position at Lone Rock in East Oregon.

At the time Gilliam county was established in 1885 Mr. Lucas was appointed the first county clerk by Gov. Moody. He resigned from the position after 10 years of service and became register of the United States land office at The Dalles, where he remained for four and a half years. When Hood River county was separated from Wasco, Gov. Chamberlain appointed Mr. Lucas the first county assessor. Since the first of the year he has been associated with County Clerk in conducting the business of the Clerk's office. Mr. Lucas is a brother in law of Judge W. D. Fenton, of Portland.

McEwen-Goff. The wedding of Miss Laura Adele Goff and Ralph Buell McEwen, which will take place this evening at 9 o'clock, in the First Presbyterian church, will be one of the prominent weddings of the month. Miss Goff will be attended by Miss Frances Nelson, of Albany, as maid of honor. Her bridesmaids will be: Miss Kate Lee, of Seattle; Miss Frances Oberteuffer, Miss Lucile Smith and Miss Vera Baker, of Portland. The flower girls will be Jessica McEwen, of Athena, Or., and Medora Steele, Arthur Van Dusen, a fraternity brother of the bridegroom, will be best man, and the ushers will be Louis A. Henderson, of Hood River; Orville Goss, of Berkeley; Oscar Terry Beck, and C. N. McArthur. Others who will take part in the ceremony will be Miss Edna Zimmerman, of Pendleton, and S. N. Steele, of Portland, who will sing.

Miss Goff and Mr. McEwen were classmates at the University of Oregon, where Miss Goff was a member of Kappa Alpha Theta Sorority, and Mr. McEwen, of Sigma Nu. The maid of honor, Miss Frances Nelson, a sorority sister of Miss Goff, is visiting at the Goff home and will remain until after the ceremony. Other out-of-town guests who are with the Goffs are Mrs. L. D. Goss and son, Orville Goss, of Berkeley.—Oregonian.

Death of California Pioneer. The body of Lewellyn Reid, the aged resident of Cascade Locks, who died at the home of this son, Ralph E. Reid, at that place last Thursday night, was buried here Monday at Idlewild cemetery. The funeral services were conducted by Rev. J. B. Parsons, of the U. B. church.

Mr. Reid, who is in his eighty first year, retired Thursday night in apparently good health. His son heard him coughing during the night, but thought nothing of it. Friday morning he was found dead in bed. Mr. Reid was an early pioneer to the state of California. He came to the state just after the Civil war, making the trip from Maine, the state of his birth, in a sailing vessel around Cape Horn.

In addition to Ralph E. Reid, at whose home he has resided since 1903, when he came to Oregon, three other sons survive the deceased, Leslie S. and Lewellyn, Jr., of Stockton, Calif., and Charles, of Endicott, Wash.

Save Your Fruit From Damage. THE widespread increase of the codling moth and other insects injurious to fruit trees causes an annual loss to growers of seven million dollars a year. The surest way for you to prevent your fruit from being wormy or badly damaged is to carry out a regular plan of spraying with some reliable material.

SHERWIN-WILLIAMS NEW PROCESS ARSENATE OF LEAD

is a general insecticide for all leaf-eating insects. It is superior to many other brands on the market, because it contains the arsenic in exactly the right proportion and the proper chemical combination, thus insuring a material that will not injure or scorch the foliage but is sure death to insects feeding on the leaves. It is extremely miscible in water and will combine readily with Lime-Sulfur and Bordeaux Mixture. Light in gravity, it remains well in suspension so that a uniformly poisonous spray can be thrown from the finest nozzle. For prices and further information on this product, come in and see us.

Do not be persuaded to buy "something just as good" or a brand that has not been tested and made good.
