HOOD RIVER, OREGON

Mr. Fruit Grower!

If you are contemplating increasing the size of your orchard you should be careful in the selection of your trees, for without the proper type of trees to start with, you cannot hope for the success you deserve. The True-to-Name Nursery has furnished the larger portion of the trees for the most profitable orchards of Hood River, the orchards that have in later years produced the prize winners from trees grown by the True-to-Name Nursery, including the prize winning car of Yellow Newtowns at the National Apple Show at Spokane. The trees that we have to offer are not "pedigreed" nor "thoroughbred," but are of the type that have produced results that speak for themselves. Our years of practical experience in the nursery business is a safeguard against mistakes and should be a sufficient recommendation to merit your confidence.

It will pay you to examine our stock or write us before placing your order. Address all communications to

BOARD MAKES RULE ON ATHLETICS

Students Participating in Athletics Must Maintain a Grade of 80 Per Cent
--Coad Favors Rugby.

The summer vacation is over and the school children of Hood River county are returning to their books. The Odell, Frankton and Oak Grove schools began Monday, in order that they might be closed as early in the spring as possible. In the spring months when strawberries are being harvested the young people make efficient pickers. With perhaps one or two exceptions the other schools of the county will open next Monday.

The High School will enroll its pupils Monday, despite the fact that it is labor day and that a few of the students have protested on this account. However, the work of the day will be no more than registration and the assignment of lessons for the next day. E. E. Coad, superintendent of the city schools says that the parents of children entering the schools should endeavor to have them enter the schools as soon as possible. No child under the age of six is allowed to enter the school and none over two weeks after the beginning of the term.

Carpenters have been at work on the school buildings this week, overhauling them and constructing shelving and arranging desks. The buildings are all being fumigated under the supervision of the city health officer, Dr. Malcolm Bronson.

During the coming year the girls and boys of the Seventh and Eighth grades will be in separate classes. The girls' classes will be in the High School building, where they will be able to conduct work in domestic science. The boys, however, will continue at the Park Street building, since no work in manual training has been provided for them at the High School building.

That no student shall be allowed to participate in any form of athletic events unless he or she maintains a scholarship standard of at least 80 per cent on weekly markings is the effect of a resolution adopted by the city school board at its last meeting. It is asserted that the high school time and the patrons of the school commend the action of the board. However, a ruling of the student body last year prevented any one of its members from taking part in athletics, when the scholarship fell below a grade of 75 per cent.

"The pupils of high school will not be allowed to take any time from their studies for participating in athletic events," said Superintendent Coad. "Nor shall I give my consent to any student to play football unless he submits a written permission from his parents. I have always been fond of the game of football. I have played myself and the sport has its good qualities. However, in the high school especially, where it is impossible to make the members of teams maintain a strict training, too many students are injured. I believe the time is coming when all the high schools and colleges will take up Rugby instead of the more dangerous American game. The high schools of this state should make the change." Superintendent Coad has made an endeavor to get The Dalles High School authorities to co-operate with him in the matter of taking up Rugby.

The members of the city school board are thoroughly in accord with the city superintendent's views on football. Because of the danger of football the student will have to procure written permits from their parents in order that the responsibility will rest with them.

Miss Elizabeth Kate Cooper, of Mount Hood, was elected by the Board to fill the vacancy caused by the resignation of Miss Marie Johnston, who has been teaching the fourth grade in the grammar school.

The following is a list of the teachers of the city schools:
High School faculty:
J. O. McLaughlin, Principal of High School, Mathematics; L. B. Gibson English; J. E. Critch, Science; Miss Barton, German; Miss Brunquist, Latin; Miss Parrow, History and Mathematics; Miss Horning, Domestic Science and Art.

Grade teachers in High School:
Miss Stewart, 7th Grade girls; Miss Knox, 8th Grade girls.
Park Street building:
Miss Howard, 6th Grade, Principal; Miss Heath, 7th and 8th Grade boys; Miss Eby, 6th Grade; Miss Tidd, 5th Grade; Miss Cooper, 4th Grade; Miss Evans, 3rd Grade; Miss Hicks, 2nd Grade; Miss Poole, 1st Grade.

Pleasant View building:
Miss Goyette, 4th Grade; Principal; Miss Clapp, 3rd Grade; Miss Jennie Edgington, 2nd Grade; Miss Vannett, 1st Grade.

The teachers at Odell for the coming year are: R. Lee Black, of Ozona, Texas, Principal; Miss Della Rush, of Lincoln county, Or., Intermediate; Miss Eliza Love, of Heppner, Or., Intermediate; Miss Florence Leedy, of Portland, Primary.

The Frankton teachers are: Prof. J. E. Stubbs, Principal; Miss Cable, Miss Baker, Miss Davidson and Miss Merchant, assistants.

Miss Hukari and Miss Florence Wilson will teach at Oak Grove. Superintendent Coad wishes to call the attention to all patrons of the school to the fact that they should become acquainted as soon as possible with the teachers of their children.

Commodore Orchard Visits Valley.
Commodore Mat. Orchard, who recently retired from the United States Navy at Vancouver, was here Monday and Tuesday visiting his cousin, Dr. W. S. Nichol. He was accompanied by his daughter, Miss Marian Orchard. The retired naval commander was shown both the Upper and Lower Valleys and was highly impressed with them from both a commercial and aesthetic viewpoint. "I have come in touch with Western people," he said, "from San Diego on the south to Seattle on the north and I find that one of the significant things in all places is that they are pushing ahead. They are progressive. They have come out of the routine and ruts, so characteristic of the East."

here yesterday to return to Missouri, the Commodore's native state, where they will visit relatives.

Deitz Brothers Meet at Rochester.

No reunion of G. A. R. week will be enjoyed more thoroughly by its participants than was that of the six Deitz brothers, who met last week at the home of John W. Deitz, No. 13 Dover street, for the first time in thirty years. Five of the brothers saw active service in the war. A few years after they close the parties and had not seen one another again until last week. They all enlisted at the village of Scottsville, two in 1861 and three in 1862.

All six of the brothers are comparatively tall and are in almost perfect health despite the fact that they are considerably advanced in years. The brothers are John Deitz, of No. 13 Dover street, Rochester, who served in Battery L of the First New York Light Artillery; Lieutenant Frederick Deitz, of Hood River, Ore, who served in the same battery; William Deitz, of Canton, Ill., who served in the Third New York Cavalry; George Deitz, of Buffalo, who served in the Fourth New York Heavy Artillery; Alonzo Deitz, of Northwood, N. D., who served in Battery L of the First New York Light Artillery; and Alphonzo Deitz, of Beldenville, Mich., Rochester Democrat and Chronicle.

HOOD RIVER MAN LOCATES AT REDLANDS

Mr. and Mrs. R. B. Morton, of the great Hood River apple district of Oregon, have arrived in Redlands and will make their home in Yucalpa Valley, where Mr. Morton has purchased an apple ranch. In speaking to a Facts reporter today, Mr. Morton stated that he had located the locality where Redlands now stands, more than thirty years ago, living here for a period of nine months.

"I remember that there was no Redlands at that time, the only houses and settlement being known as Luquonia and all situated on the north side," said he. "I ploughed where the principal streets of Redlands now are, and have chased the coyotes, rabbits, foxes and deer right through what is now your best residence section. I came back to note the great development that has taken place. I expected to meet a few of the people that I knew years ago, but I have as yet been unable to meet a single man that I knew then."

"After leaving Redlands we went north and finally drifted into the great Hood River district, the greatest apple district in the world. But Yucalpa Valley has a great chance to become a great apple district, otherwise I would not have purchased a ranch in the valley. The success of Yucalpa Valley, or for that matter any other district, depends upon the class of people who settle there."

"The marketing conditions of the Hood River people are absolutely the best to be had. A grower of apples is not allowed to touch his own fruit. It is all handled by the union or the packing association. The fame of the apples from there is known everywhere. For, if you examine a box, or hundreds of boxes of apples, you will find they are all alike, no bad apples in the lot, everyone being just like its fellow apple. Such conditions of marketing existing in Yucalpa Valley will make the district above Redlands just as famous as any in the country."--Redlands, Calif. Facts.

LOCATION FOR HOMES CONTINUES TO LURE

The Hood River Valley continues the goal of homeseekers. W. H. Johnson and J. Cruise made purchases here last week and both will move their families to the community and make permanent homes. The former, who is from Philadelphia, purchased 20 acres from Cutler Bros., paying for the sum of \$30,000. The tract bought is comprised of about 7 acres of 13 year old standard commercial orchard, Spitzenburg, Newtown and Arkansas Black tree, and the rest is set in five year old commercial trees. The 20 acres bought by Mr. Johnson has located on it the handsome Cutler residence, in which the owner and his family will live.

Cutler Bros. purchased a 55 acre tract, of which the 20 acres sold is a part, from E. J. Young three years ago for a price of \$32,000. The greater portion of the land retained by them is set in young trees and the remainder is devoted to the raising of hay. They will build a bungalow on the land retained and make their residence there. Mr. Cruise, who is from Boise, Idaho, bought forty three and a half acres from A. B. Combs in the Willow Flat country. He paid for the land, which is in a raw state, the sum of \$5000. He will build on the tract and begin at once to improve it. Both sales were made through the agency of Dr. W. S. Nichol.

NEGRO BEATING WAY VICTIM OF BRAKEMAN

William Rogers, a negro, suffering from numerous contusions about the head and body and who claims that he was returning from Green River, Wyoming, by fields to his home in Vancouver, Wash., was taken from a westbound freight train, which arrived here about the middle of last Thursday evening, by Marshal Lewis. The negro claims that he had sustained his injuries in an encounter with three brakemen. He was stealing a ride and to prevent them from throwing him from the train he had given them all of his money, which amounted to the sum of \$2.50. After the train left Mosier, he claims that they attempted to make him leap from the fast moving cars. When he refused they beat him into insensibility. A number of traveling men, who were awaiting the local passenger train here, when they heard his tale of woe, threatened to mix with the brakemen. The marshal, however, interfered and the black boy was taken to the city prison, where on an examination by County Physician Bronson it was found that his injuries, while painful bruises, were not serious.

Pension Day Dinner Monday, Sept. 4th. Members of Canby Corps are requested to come with well filled baskets and have a good time.

COUNCIL ACTIVE FOR IMPROVEMENT

COLUMBIA STREET TO HAVE WALKS

Sunday Closing Question Still in Hands of Judiciary Committee--Henderson Will Inspect Sewer Work.

The city hall was crowded to capacity Monday night at the regular meeting of the council. Large delegations were present from the Heights portion of the city and the Columbia street district, where the city government will conduct a great deal of improvement work.

The street committee, reporting on the remonstrance filed at a previous meeting by Columbia street residents, protesting against the proposed concrete walks for the district, submitted the statement that its members, after an investigation had found that a minority portion of the property frontage was represented on the remonstrance, and recommended that the walks be laid. The committee also stated that the old board walks were in many places inadequate for the needs of the residents. Attorney A. A. Jayne, representing the remonstrating property owners, spoke at length to the council. He said that he and a great many of the residents along the street considered the old walks sufficient to meet the needs of the district for a number of years. The recommendation of the Street committee, however, was approved by the council.

In order to connect the side walk on Cascade avenue with the landing of the stairway leading down to the O.W. R. & N. station, the side walk will be extended. This will necessitate a retaining wall at the street curb. The wall, however, will be constructed by the railroad company.

The council was presented with another petition from citizens of the Heights, who protested against the sidewalks in Sewer districts No. 6 and 7. However, it seems that a majority of the residents of that district are in favor of the work of improvement. A number of those at the Monday night meeting addressed the council and gave the action toward the street and sidewalk work their hearty support. Father Plus, of the Catholic church, and Rev. J. L. Hersher both gave it their endorsement. At the suggestion of A.W. Outbank, the ordinance, which provides for the work, will have an amendment clause providing for cross walks.

J. H. Gerdes, proprietor of the Gerdes House at the corner of Cascade avenue and Second street was granted a petition, which asked permission to move the curb line of the walk to be constructed in front of his property six inches into the street, in order that he may protect the poplar trees there. Whether or not the moving picture shows of the city will be allowed to open on Sundays is now a question for the Judiciary committee of the council to decide. The council was presented with a petition at the regular meeting a week ago from Monday night which was signed by 185 citizens and asking that the council close the electric theatres. At the last meeting a remonstrance against the former petition was presented to the council. The remonstrance was signed by 312 citizens. The Judiciary committee will check over the signatures and base their decision upon the result.

Louis A. Henderson was appointed by the council to inspect the work to be done in the construction of the sewers in Districts No. 6 and 7. Mr. Henderson will receive a salary of \$3 per day for his work. D. Currier, Jr., was an applicant for the inspection work at a salary of \$150 per month.

H. F. Davidson was granted an extension of time to place concrete sidewalks in front of his property. The extension was asked in order that he might secure iron trap doors for the work.

TWO WEDDINGS HELD TO PLEASE PARENTS

To be the bride in two weddings in ten days was the experience of Miss Sara Jennie William Kerr, daughter of Alexander H. Kerr and Mrs. Amanda Kerr, who became Mrs. Kenneth H. Holbrook in a church ceremony Monday night to please her parents. The bride met Mr. Holbrook while he was visiting Fordham Kimball at Hood River, last May, she and her mother also visiting there at the same time. In the Rose Festival, Mr. Holbrook returned to Portland and their engagement soon followed. Mrs. Holbrook came West about a week ago and Miss Kerr visited her. This seemed the opportune moment for Mr. Holbrook, who induced Miss Kerr to go with him to Vancouver and be married. They took Mr. and Mrs. Cunningham with them and, obtaining a license, were wedded by Rev. J. M. Cause there, the bride going that afternoon to the bench to join her mother.

As soon as Mrs. Kerr learned of the secret ceremony, she began preparations for a church wedding. She had advised the couple to wait a year, feeling they would then be of better age for the step. Monday evening's ceremony was according to her wish and was one of the exclusive events of the season.

Squaw and Pony Obstruct Road.

B. E. Duncan and Chas. L. Wheeler, two of Hood River's realty men were on their way to the ice cave the other day, says a Trout Lake dispatch, when a cayuse pony stationed itself in front of the auto and refused to budge. When the machine approached the pony, it kicked the fender, bending it out of shape. Where the two came together, the road was very narrow and the autoists could not get around and were forced to retreat to Trout Lake. The pony was in care of a squaw but she refused to interfere with the freedom of the "cuttin'" unless the realty men would appropriate some of their hard earned money toward her exchequer and this they refused to do. Their trip to the caves was annulled.
