**VICTOR MURDOCK
TO DELIVER LECTURE**

The first number of the lyceum course to be presented to local patrons this winter at the Heilbroner hall under the auspices of the Ladies' Aid of the United Brethren church, will be the lecture of Congressman Victor Murdock, of Kansas, who will speak next Thursday, a week from tonight. Representative Murdock is a member of the Progressive wing of the Republican party. Wherever he has spoken, he has been lauded by the press because of his clear cut ideas and entertaining delivery. The address of the congressman from Kansas will be highly educational as he will discuss many phases of the Washington politician's life. Representative Murdock will be followed by five other excellent entertainers. Bruce Amshary, a famous lecturer, will appear the night of October 6. He will be followed by Joseph, the noted magician and lecturer, who is dated for November 30. The Apollo Concert Company, said to be among the finest instrumental musicians in the country. The Robby Male Quartet and Homer Barnhart, in novel recital work, will appear in January, February and March.

**GRANGE WILL DONATE
PROPERTY FOR PARK**

The members of the Park Grange, finding that their treasury is not able to meet the payment of a mortgage against the property for the sum of \$1000, which fell due Tuesday, are circulating a petition asking the citizens of the West Side and City to raise the amount. In the event the money is raised, the Grange will assign all of its legal rights to a corporation in order that the property may be held as a public park for the citizens of the City and county. The property, on a conservative estimation, is worth \$3,000. A substantial building is located among the handsome trees of the ten acre tract, which is situated but a few miles and a half from town. The site offers an excellent location for a public park, and the citizens will undoubtedly respond to the offer of the Grange. The following is the petition that is being circulated: We the undersigned, residents of the Hood River Valley, in Hood River county, State of Oregon, hereby associate ourselves together for the purpose of forming a corporation, the object of which shall be the development of the physical and mental capacity of its members and others and to that end subscribe the amount of money set opposite our names respectively, and agree to pay such sums of money to the officers, or trustees, of this corporation to be elected hereafter, upon the demand of such officers or trustees, and at the time and in the amounts to be by them provided. The name of said corporation shall be the West Side Park Association, and its purpose and the object of this corporation primarily, is to take over and own in perpetuity, for the benefit of its members and the public generally, the ten acres of land, more or less, owned by the Park Grange.

**BILLY SUNDAY
PICKS GIANTS**

Rev. William ("Billy") Sunday, ex-major league baseball star, who forsook the sword to be an evangelist, in 1881, but who still retains his rank as one of the greatest baseball authorities of the day, picks the New York Giants to win the National League pennant and the world's championship this fall. The famous wielder of biblical epigrams was a Portland visitor Saturday, enroute to Chicago from Hood River, where he has been superintending work on 40 acres of apple orchard purchased with the fruits of evangelical exhortation. Mr. Sunday has been assigned by Collier's to choose an All-American baseball team and dropped in for a chat over Veon Gregg's sensational heaving for Cleveland this season. "I have great faith in 'Muggsy' McGraw, and while Connie Mack is undoubtedly a great tactician and leader, the Giants, I must confess, look the best to me." So said Ex-Centerfielder Sunday, throwing off for a moment all spiritual thermostatic incunabures, as he gazed long and fondly over the baseball columns of a morning newspaper—Roscoe Fawcett in Sunday Oregonian.

A Dreadful Slight
to H. J. Barnum, of Freeville, N. Y., was the fever sore that had plagued his life for years in spite of many remedies he tried. At last he used Bucklen's Arnica Salve and wrote: "It has entirely healed with scarcely a scar left." Heals Burns, Boils, Eczema, Cuts, Bruises, Swellings, Corns and Piles like magic. **STREET IMPROVEMENT
PROGRESSES FAST**

In all parts of the city the sidewalk improvement ordered by the council is being actively carried on. At the corner of Oak and Fourth streets the Paris Fair is excavating to the street line, the concrete paving sidewalks. This mercantile company plans the erection of a large building at this corner in the near future. The basement of the structure will extend beneath the sidewalk, and thus the excavation is made in order to facilitate work, when it is begun, on the store building. The old board walks have been removed from in front of the Hotel Oregon and the Mt. Hood Hotel. The concrete has already been laid in front of the latter and workmen are busily excavating in front of the former. Excavation is being made in front of the Davidson building at the corner of Cascade avenue and Third street. The basement of this building will be made to extend beneath the concrete walk to be laid. The store building of D. McDonald on Cascade avenue has been raised and the concrete is being laid in front of it. The walks in front of the Gilbert-Vaughan Implement Co., immediately west of the McDonald building have been completed. First street walks beside the Blowers Hardware Company's place of business have been laid. Other work of improvement in the city is rapidly progressing. The excavation work on the Bell building at the corner of First and Oak streets has been finished and the concrete foundation is under way. The American Express Company's new office at the foot of First street is about finished. The new building is able to use its ordinary truck in hauling packages to and from trains. The handsome new brick structure of C. H. Sproat on Oak street next to the Eliot building is receiving the finishing touches.

**EXCURSIONISTS VISIT
MT. HOOD FISHERIES**

Dean & Sheplar, the proprietors of the Hood River-White Salmon ferry, carried about 100 excursionists Sunday aboard their big launch, the Ollie S., and two smaller launches to the fish traps of the Mt. Hood Fish Co., operated by E. J. Young, Andrew Kern and Ed. Wright. The company operates four large traps on the Washington side of the Columbia near Bigen. They take from each trap a daily average of about a ton and a half of good fish. The large dog salmon are sent to the government hatcheries, where their eggs are made use of. After the visit at the fisheries the party enjoyed a short voyage up the river.

New Boat Line Planned.

Within less than a year The Dalles will have a new and fast river service to Portland, in common with other points on the Columbia, is the statement of Harry P. Sommers, who was in The Dalles Monday. Mr. Sommers, who represents a Boston Steamship company, says that the proposed line will be established to operate in conjunction with ocean liners to be routed from Portland through the Panama Canal, when it is completed.

Mrs. W. H. Lawrence, who has been spending the summer with her parents at Meadville, Penn., returned Friday. Prof. and Mrs. Lawrence, who are at present living at their ranch on the Shepard Lane, will occupy the Stranahan residence on Twelfth street this winter.

**J. P. HEATON DIES
IN CHICAGO ACCIDENT**

Mrs. J. P. Heaton, who resides west of the city in the Frankton district, received through Marshal Robt. Lewis Monday evening a telegram from Chicago stating that her husband, J. P. Heaton, had met death Monday by having been run down by a train in that city. Mr. Heaton, who was 59 years of age, has been in the East for the past three years. He was foreman of a repair crew on the Rock Island Railroad. He is well known in the Valley, having spent a year here with his family on the Frankton ranch. In addition to Mrs. Heaton, he leaves surviving five sons and two daughters. They are Harry and Dalton, of Kansas City; Clyde and Ralph, of Portland; and Ernest Laylock, of Vancouver; and James and Susie, who reside with their mother. The remains will be buried at the family burying ground at Washington, Kan.

Instructions for Homesteaders.

The following will be of interest and to those seeking homesteads under constructive residence.

The practice of according credit for constructive residence covering the period of six months following the allowance of the entry is, perhaps, due to an erroneous interpretation of section 2297 of the Revised Statutes, by which section it is provided that on proof to the satisfaction of the register and receiver that a person had actually changed his residence or abandoned the land covered by his homestead entry for more than six months at any one time, then, in that event, the land so entered shall revert to the Government. While said section may protect a homesteader from contest for abandonment for a period of six months following the allowance of his entry, it is clearly not authority for according the entryman credit for constructive residence during that period. After the most careful and mature consideration of this matter I feel it my duty to disregard the erroneous practice heretofore obtaining in your office and to direct that you exact of homestead entryman proof of residence for the full period of five years, as required by the statute, before the same can be approved as a basis for the issuance of patent thereon. Because of the long practice heretofore prevailing, I believe it right and proper to give ample time for notice of the contemplated change before putting the same into effect. I have, therefore, to advise you that in all instances where ordinary final proof is submitted under the homestead laws on or after the 1st day of December next, the law as above interpreted be followed.

You will cause all registers and receivers to be immediately advised hereof. Very respectfully,
Samuel Adams,
Acting Secretary.

Nebraskan Pleased With Valley.

Fred Cavan, of Omaha, Neb., where he has been auditor for a number of years for the Harriman lines, after spending a number of days in the Valley, returned Monday to the East. Mr. Cavan, who has been prominent in the organization of Y. M. C. A. branches among the employees of railroads, has been making an extended tour of the West, looking for a location. He was determined to continue his residence in Nebraska until he arrived here. The charms of the Hood River country, however, could not be overcome and he has decided to return here as soon as he can dispose of his business in the East.
