

ROYAL BAKING POWDER Absolutely Pure The only Baking Powder made from Royal Grape Cream of Tartar NO ALUM, NO LIME PHOSPHATE

HIGH TEMPERATURE PAST TWO MONTHS

W. L. Powers, the weather expert at O. A. C., reports the highest average temperature the last two months of any year since 1906. In July the maximum was 100, and in August 92. This is only the fourth time in a dozen years it has been so hot.

The large amount of hot, dry weather in July and strong breezes caused rapid loss of soil moisture, so that the moisture content in meadow soil had reached the drought point, and soil was badly dried by the middle of the month, while cultivated crops began to suffer severely before the end of the month.

Testimony Taken in Boundary Case. The case of the late Peter D. Hinrichs vs. Geo. W. Brown and Mary E. Galligan, which involves the location of a boundary between the farms of the contestants which has been in dispute since the year of 1885, was brought before the Circuit Court at its session here last week and testimony heard from Surveyors Sharp and Goff, of The Dalles, and Judge John Leland Henderson, the latter by deposition.

Pendleton's Round Up Draws Many. The Pendleton Round Up begins today. The Eastern Oregon city is swarming with cowboy celebrities with gaudy shirts, brilliant neckwear, sombrero hats, shaggy shans and jingling spurs.

As usually treated, a sprained ankle will disable a man for three or four weeks, but by applying Chamberlain's Liniment freely as soon as the injury is received, and observing the directions with each bottle, a cure can be effected in from two to four days.

PINE GROVE GRANGE SETS LYCEUM DATES

The management of the Pine Grove Grange Lyceum course, which will present to the public this winter six unusually good attractions, has announced dates for all except one of the entertainments. The manager of the Pacific Lyceum Course, from whom the Pine Grove management has secured the attractions, was here last week to confer with the Grange and arrange the dates. He states that the numbers chosen for local players have filled their dates. Indeed, he endeavored to substitute less popular performers for some of the better companies, in order that he might book them in larger cities, which are clamoring for them.

The dates for the shows are given as follows: The Amshary Recital Company, Saturday, October 14.

The Winifred Townsend Company, Thursday, October 20. The Columbian Quartet, Thursday, November 16.

Joseph, Necromancer, Wednesday, November 29. The Heilhart Entertainers, Monday, March 11.

The performances will be held in the Pine Grove Hall, which has been thoroughly overhauled and which makes one of the prettiest playhouses in the Valley.

PHONE CO. PROTESTS COVER ADVERTISING

Manager Porter, of the Pacific Telephone and Telegraph company, of Baker, was on the warpath last week as a result of a discovery that a couple of solicitors have worked what he calls a game on both the telephone company and the business men who patronized them, says a dispatch.

A short time ago a couple of men approached Baker business men with a proposition to place ads on a cover for telephone directories. They secured various sums from eight business houses for advertising space on the directory covers.

Mr. Porter states that the telephone company owns the directories and that they are merely loaned to the subscribers and that the company has its own advertisers on the directory and that in order to protect them it would remove the new covers from the directories at once or take away the directories.

Normal School Begins Tuesday. The State Normal School located at Monmouth will begin its next term, next Tuesday, September 19. One of the older educational institutions of the state, the Normal school has a large body of alumni over the state.

Diarrhoea is always more or less present during September. Be prepared for it. Chamberlain's Colic, Cholera and Diarrhoea Remedy is prompt and effectual. It can always be depended upon and is pleasant to take. For sale by all dealers.

HOOD RIVER SPITZ IN FAMOUS GAVEL

A part of the gavel recently presented to William L. Wagner, president of the International Apphippers' Association, is made of wood taken from a Spitzburg apple tree grown on the ranch of E. H. Shepard, editor of Better Fruit. The following article relative to the famous gavel recently appeared in "The Spy":

"At Niagara Falls in August, 1910, Mr. I. K. Sutton, of Columbus, approached your Secretary and suggested that a gavel be presented to Mr. Wagner at the Detroit Convention and during all of the succeeding time he has followed it with keen interest and valuable assistance. It was deemed especially appropriate to procure a gavel of apple wood, it possible. To that end the great sections of the United States and Canada were called upon. In the end the Spitzburg was procured from E. H. Shepard, of Hood River, Oregon, the Spy from Mr. Peterson, upon the respective Greening from Mr. Blodgett, of Massachusetts, the Baldwin from New York, the Albemarle Pippin from S. L. Lupton and F. D. Wood, of Virginia, and the Ben Davis from Missouri by Mr. Sutton. These woods were put together, the Baldwin composing the handle and the other five in the head. At the forefront of the head was the Greening carved in the form of a matted apple. On each of the other sections of the head apple blossoms were carved, and the names of the States from which the wood came were also carved upon the respective pieces. Running entirely around each end of the head were carved wreaths of apple leaves. About the handle was a silver band, and engraved thereon were the words, "William L. Wagner, Detroit, 1911."

"In connection with the gavel a framed scroll done in gold and white was presented. On the scroll were these words: The Apple Tree Gavel Presented to William L. Wagner, Four times President of the International Apple Shippers Association, by The members thereof In grateful appreciation of his service. Courage, Energy, Fidelity, Wisdom and Truth—"He brought things to pass."

Mr. Wagner's work will long be remembered in its vital force and energy. He was a builder, a creator, a man of truth and judgment and a friend untried. No more need be said of any man."

Good Prizes for Portland Show. Bigger prizes and better exhibits than ever before are expected to bring crowds to the annual apple show to be held in Portland November 15-17. The apple crop of the state is excellent, and it is thought the various fruit districts will make a splendid showing. Big prizes will be offered by the Pacific Northwest, Oregon communities, will get in line and make fine displays of the fruit that is making the state famous and a treat in store for those who like to see artistic displays of beautiful apples.

Goodnough Recital. Invitations are out for a recital by Mr. M. A. Goodnough, pianist, Friday evening, September 15th, at the Christian church. Those interested may obtain same at the office of the Hood River District Land Company. Mrs. Henney and Mr. Epping will sing.

For bowel complaint in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and when reduced with water and sweetened is pleasant to take. No physician can prescribe a better remedy. For sale by all dealers.

RAIN WILL AID NEXT YEAR'S CROP

"The heavy rain of last week will go far toward insuring a good crop of apples for the Hood River Valley next year," says C. R. Bone, one of the Valley's pioneer orchardists. "It was the heaviest early rainfall that I have ever seen for this section of the state or Eastern Oregon. In 1880, we had a similar rain, but the precipitation then was not so great."

"At that time the grain farmers of Eastern Oregon handled their crops rather lazily and when the heavy downpour came, they were all caught. Except what was threshed, the whole crop was entirely ruined and with a single exception, every merchant from Portland to Spokane broke. The rain that the wheat farmers have had, and since then they have hastened the harvest of the crop."

"For the past decade the fall season has grown more rapid. I think that the clearing of the timber of the Hood River Valley has had an effect toward increasing the summer rains and over in Central Oregon, the cultivation of the soil has increased the summer precipitation."

"The soaking showers of last week will strengthen the fruit spurs. It will take the place of September irrigation and will be far more valuable. With a few more showers and sunshine and intermingling frosts to color the fruit the present year's crop should mature in excellent condition."

The precipitation for last week was about four inches. Eight years ago it was as dry in the middle of September as it was in the middle of August this year. Nine years ago the ground was wet only a foot deep on January 15. The rain is a boon to those planning early clearing operations. Usually they have to wait a month or two later before work can be begun, but this year the soil is moistened and loosened until the work may be carried on at once.

A Sunday Sermon. Wherefore my beloved brethren let every man be swift to hear, slow to speak, slow to wrath. James 1:19. Many distressing circumstances and incidents go to make up much of the unpleasantness of life are due to hasty words and to impetuous wrath. In fact a good deal of the latter which is developed in the world is due to the former. The power of speech is a wonderful blessing which God has conferred upon human beings, but it can be abused just as it is possible to misuse the other blessings of mankind. It is never in the power of man to temperate and ill-advised language which many are all too prone to indulge in on every variety of occasion.

After a harsh word has been spoken, it is not so easy to recall it. It may be apologized for and a willingness displayed to withdraw it, but the sting that it carries with it loses none of its force and sharpens even if the individuals at whom it was aimed or about whom it is directed, are perfectly willing to ignore it, or generous enough to say or make to believe that this is so.

Of course there are hardly two temperaments among men which are exactly alike. If, indeed, the structure of human beings as to their bodies and minds and inherent methods were of the same mold this would be decidedly an uninteresting world. But there are a great many temperaments which are similar in that their possessors are inclined to be quick to wrath. In fact this falling is more general than otherwise. It is the cause of quarrels and contentions between persons of more or less intensity, but not the less disagreeable no matter how slight they are.

There is consolation, though, in the thought that the exercise that with the exercise of a little care and caution such shortcomings as these may be overcome, or may be reduced to a minimum. This is possible through a proper education in the rights of others and their rights to their own opinions on all things. There should be a careful weighing of all words and thoughts before they are uttered. This is a great advantage. But there are results that are sure to be accomplished will be more than worth the effort that have been expended to bring them about. As Solomon says in Proverbs 15: "He that is slow to wrath is of great understanding; but he that is hasty of spirit exalteth folly."

Foley's Kidney Remedy (Liquid). Is a great medicine of proven value for both acute and chronic kidney and bladder ailments and for annoying urinary irregularities. It is especially recommended to elderly people for its wonderful tonic and restorative qualities and the permanent relief and comfort it gives them. L. McConnell, 117 Oathline street, Elmira, N. Y., says: "Five bottles did the work for me most effectively and beyond doubt, Foley's Kidney Remedy is the most reliable kidney medicine ever made."

Freight Wreck Causes Delay. Mail and passenger trains over the O-W. R. & N. line were delayed last Thursday for about two hours because of a freight wreck at Eagle Creek near Bonneville. Five cars were derailed. Fast mail train No. 9, The Dalles local No. 7, Chicago-Portland express No. 5 and So. Spokane-Portland No. 11 were held east of the scene of trouble. Passengers on the eastbound trains were transferred around the scene of the wreck to the westbound train and returned eastward. The Oregon & Washington Limited from Chicago was detained via the North Bank road.

A broken flange caused the accident. The train was loaded with grain and hay and damage to cars and contents exceeds \$5000. No one was injured.

A Great Advantage to Working Men. J. A. Maple, 125 S. 7th St., Stenboville, O., says: "For many years I suffered from weak kidneys and a severe bladder trouble. I learned of Foley Kidney Pills and their wonderful cures so I began taking them and sure enough I had as good results as any I heard about. My bladder left me and to one of my business expressions, that alone is a great advantage. My kidneys acted free and normal, and that saved me a lot of misery. It is now a pleasure to work where I used to be a misery. Foley kidney pills have cured me and have my highest praise." C. A. Plath.

Sewing Machines. Singer and Wheeler & Wilson styles. Prices and terms to suit everyone. Repairing and attachments for all kinds of machines. Office with Outbank & Otten. A. H. Stone, agent Singer Co., Hood River.

Hazelwood Ice Cream is the best. Free delivery in any quantity over one quart. Eat Hazelwood once and you will have no other. For sale by C. A. Richards & Co.

WORK TO BEGIN ON THE DALLES MILL

The contract for the construction of the new Waco-Warehouse Milling company plant was let to Charles Johnson, of that city last week when at a meeting of the directors and the architect, the bids were opened. The shortest possible time will be consumed in erecting the mill as it is hoped to have the wheels of the new plant turning shortly after the first of the year.

The new building will be entirely of concrete and, outside of the covers for the milling machinery, there will not be enough wood in the building to make a good size lead pencil. The first shipment of machinery from the East will be made within the next 30 days and all of the equipment will be on the ground ready to go into the building as soon as it is completed.—The Dalles Chronicle.

A Discouraging Outlook. "In the Cumberland Mountains, of East Tennessee," the Honorable "Bob" Taylor says, "a good coon-dog is considered a valuable asset. A visitor once asked a native, Bill Smoon, how any dogs he had. "I ain't got but five," said Bill dejectedly. "Looks like I never kin get a start on dogs agin."—September Lippincott's.

Record Crop on Two Year Old Tree. The two year old orchard of McGuire Bros. has a tree with a record crop of apples, considering the age of the tree. Twenty well shaped and large sized apples load the stocky limbs. "It is an unusual sight," said C. McGuire, "to find fruit on a two year old growth, and you can imagine my surprise, when I found the apples." The McGuire orchard is located near Odell. The variety of the phenomenal tree is Winter Banana.

Fierce Storm Sweeps Willamette Valley. Points in the Willamette Valley suffered severely Monday afternoon from a rain and electrical storm. Fruit was badly injured in a number of places by the falling hail stones. The prune crop was injured more than any other fruit from the storm. At Eugene the hail was two inches deep on the street at times and the sewers were clogged with the ice.

Mr. and Mrs. Walton A. Green left for New York to spend the winter. They will return here in February. Mr. Green will have charge of the strawberry department of the Oregon Apple Co. on their tracks in the Upper Valley.

"I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success," writes Mrs. M. J. Hasford, Poolesville, Md. For sale by all dealers.

Notice of Completion of Fourth Street Improvement. Notice is hereby given that the W. G. Alford Co., contractors, have filed written notice this 14th day of September, 1911, of the completion of the improvement of Fourth Street, between Oak Street and Columbia Street, by excavating, filling and rolling same to the established grade, under their contract with this city heretofore made and entered into, and that the amount of \$23,280.00, which has been advanced to said contractors for said improvement upon its acceptance, is hereby stated to be the amount of \$23,280.00.

And notice is further given that any objections to the acceptance of said improvement by the city may be filed in the office of the City Recorder by any interested party at any time within a reasonable period of time after the date of the filing of said notice, to-wit, within seven days from the 14th day of September, 1911.

This notice is published in the Hood River Leader for two consecutive issues thereof, the date of the first publication thereof being the 14th day of September, 1911. H. B. LANGOLLE, City Recorder.

Notice of Completion of State Street Improvement. Notice is hereby given that the W. G. Alford Co., contractors, have filed written notice this 14th day of Sept., 1911, of the completion of the improvement of State Street, in front of and adjoining Lots C, D, E and W. F. Hood River Property, in the City of Hood River, Oregon, by grading same to the established grade from property line to curb line, under their contract with this city heretofore made and entered into, and that the amount due said contractors for said improvement upon its acceptance, is hereby stated to be the amount of \$23,280.00.

And notice is further given that any objections to the acceptance of said grading under the contract with the said contractors on the part of said city may be filed in the office of the City Recorder by any interested party at any time within a reasonable period of time after the date of the filing of said notice, to-wit, within seven days from the 14th day of September, 1911.

This notice is published in the Hood River Leader for two consecutive issues thereof, the date of the first publication thereof being the 14th day of September, 1911. H. B. LANGOLLE, City Recorder.

"HELLO, HELLO, HELLO! That you Mr. Photograph man? Well, I want you to take my picture for my mamma. She heard someone say that you took the nicest pictures of children and could beat ALL THE PHOTOGRAPHERS in getting good results for a small cost! Won't you please bring your camera over and take one right now? I promise to keep still and not move till you have snapped me. Thank you. Good bye!" Deitz Photo Studio

(From the Tacoma Ledger, Tacoma, Wash)

Dr. Madison's Stay in Tacoma Is Proving a Boon to Afflicted Humanity

The Mason Hotel at 10th and A Streets is the Scene of Miraculous Cures--Given Up to Live as Cripples or Die--All These Have Been Restored to Health and Happiness by Dr. Madison's Pure Essence of the Green Plant and His Bloodless Surgery

Every day adds to the long list of permanent cures that Dr. Madison is accomplishing in his marvelous way at the Mason Hotel at 10th and A streets. Rheumatic cases of long standing seem to instantly vanish before his scientific treatments. Many despondent sufferers of chronic afflictions are willing and anxious to testify to the great things he has done for them.

This is truly the age of wonders. Discoverers and inventors are railing from all quarters of the globe. The modern philanthropists have also come in our share of prominence, but few have won the gratitude of suffering humanity as has Dr. Madison since discovering his phenomenal system of permanent cures, after years of service in some of the world's best medical institutions. His lecture at the Tacoma theater Tuesday night, June 6, was not only most interesting and instructive, but a revelation as well. It is the talk of the town. The patients to whom he gave instant relief before the eyes of the audience have experienced no return symptoms and cannot say enough in praise of what the Doctor has done for them.

Dr. Madison's system of treatment was made possible by his discovery of the great virtue that lies hidden in the juices of the various plants from Mother Earth. Though serving as a practitioner for years under the old school, Dr. Madison has abandoned the old orthodox methods in his present system of cure. He is opposed to poisoning the system with too many drugs. Nature seems to accomplish unaccountable cures through herbs, on human beings, as for ages they have in their silent way upon the natives of forests, foothills, mountains and plains where nature furnishes them.

In certain complicated cases and in abnormal anatomy, Dr. Madison associates bloodless surgery with the "juice of the green plant." There are but few specialists in the world today who have won the title of "bloodless surgeons." Dr. Madison is one of them. It is hoped for the sake of suffering humanity that many more will acquire this ability to accomplish cures.

Dr. Madison has scores of convincing testimonials at his office. They tell stories of human suffering, relief, which have rarely been equalled in the annals of medical and surgical history. Almost every one was at one time given up by the doctors either to die or spend the remainder of their life in bed or on crutches. Some of these cures were wrought here in Tacoma at the office in the Hotel Mason, where he is now giving treatment daily. Some are our Tacoma citizens, known and respected here. Some live in various parts of the state and some from other states. What the eyes see the heart must believe.

Read What the Patients Say

Tacoma, Wash., June 15, 1911. Dr. Madison treated me for deafness June 6, 1911, at the Tacoma Theater. He told me to come to his office at the Mason Hotel the next day, which I did. He removed a growth from my ear and now I hear as good as ever. I take great pleasure in recommending Dr. Madison. (Signed) L. M. LIEBFRIED.

Tacoma, Wash., June 15, 1911. I commenced treatment eight days ago with Dr. Madison for liver and stomach trouble. I had almost become a nervous wreck and had tried many doctors, but could get no relief. Dr. Madison's treatment gave me almost instant relief and I feel like a new man. I take great pleasure in recommending Dr. Madison. (Signed) MRS. L. RITSON.

Dr. Madison treated me eight days ago at the Tacoma Theater and I am improved and hear as well as ever. (Signed) WM. LYON.

I employ this means to signify the gratitude I feel toward Dr. Madison and his successful methods of treating disease. I have been a long sufferer of Chronic Rheumatism and my suffering for the past three years has been beyond endurance. I consulted many physicians and spent large sums of money in my efforts to get relief, but instead of finding it I had to resort to crutches to enable me to move about. I am still wondering over what Dr. Madison has done for me. It seems beyond human conception, but nevertheless the fact remains that since Dr. Madison has treated me in public at Beck's Theater last Tuesday night my rheumatism is past history. Instead of hobbling about in pain I visit his office unassisted and enjoy all the pleasures and happiness of health. I cannot say too much in praise of what Dr. Madison has done for me. MRS. L. J. WRIGHT, 708 Knox St., Bellingham, Wash.

I was helpless from that giant disease, rheumatism. I managed to make my way on crutches to the Everett Theater. When Dr. Madison called for crutches, I went to the platform and he treated me for 30 minutes, after which I walked off the stage and went home without crutches. I went to work for B. H. Vollans on March 1 and feel fine. I was treated Feb. 29, 1909. C. E. SMITH, Everett, Wash.

I was on crutches for four and a half years. Dr. Madison treated me at the Everett Theater Thursday night, Feb. 29, 1909, and he broke my crutches and I walked out of the theater. I continue to walk without the aid of the crutches and am feeling fine. MRS. E. C. DEAN, 2055 Wetmore, Everett, Wash.

Dr. Madison treated me for deafness seven years ago. I am improved and hear as good as ever. GEORGE WADDELL, Everett, Wash.

Are These Cures Permanent? Read and Be Convinced. This is to certify that I have been a helpless cripple for two and one half years from that giant disease, Rheumatism, and was in bed part of the time; for two years was compelled to walk with crutches. Dr. Madison treated me at the Opera House August 6, 1905, and broke my crutches on the stage. I walked out of the opera house without them; and I continue to walk and am feeling fine—have no more use for my crutches. I take pleasure in recommending Dr. Madison to the public. (Signed) M. T. CHARLTON, Boise, Idaho, August 6, 1908.

I was treated by Dr. Madison at the opera house, August 6, 1905, for deafness. Have been improving ever since. I now hear as well as I ever did and shall be ever grateful to Dr. Madison for curing me. (Signed) M. H. COLLINS, Boise, Idaho, August 6, 1908.

The voice of the skeptic is now hushed, for they must now believe this man is a wonder, for they can now see what he really can do, and what the eyes see the heart must believe.

Office at Hotel Oregon

The Treatment is Medicine and Bloodless Surgery. Dr. Madison will be in Hood River until Tuesday, September 19, closing at 5 p. m.

Cleanliness Next to Godliness Then do not put off getting one of those Sanitary Toothbrush Holders WHILE THEY LAST With every twenty-five cent toothbrush we will give you FREE one of these new ventilated holders (themselves worth 25c) See Them in Our Window Yours to Please, Keir & Cass Smith Block Reliable Druggists
