CONVENTION'S ACTION SCORED BY MASON

The recent State Good Road Convention held in Portland, has performed its work, and it is now up to the legislature to look wise and compare the recommendations of this convention with their own bills passed at the last legislature and vetoed by the Governor. I might state here that the road bills were the product of 90 men elected by the people of Oregon. The recommendations of the recent State Good Road Convention is the product of 15 out of 83 men appointed by the Governor to formulate future road laws for Oregon. (There were 18 men present who voted on these recommendations--15 for, 3 against--and I believe that my most bitter enemies in our county will say that I did right when they fully understand both sides of this controversy. I gave my support to the minority report which was postponed indefinitely by the 15 against it.

Without going into details at present, I will only insert the principal features of the two reports. The majority report has asked for a one and 2-10 mill annual tax levy which will raise a little over \$1,000,000 per year, and in order to use this the several counties in the state must put up another \$1,000,000 per year. In addition to this the report asks for year State bonds to the amount of \$2,000,000 annually until we have issued \$20,000,000. If all of this was in force we would be spending \$4,000,000 annually.

But who selects the roads upon which this vast amount is to be spent? None other but the State Highway Commission (just one man unless he has some friends to assist him without pay). Of course he will select the better roads (7) with such assistance (7). After robbing the County Courts and Surveyor of any powers in expending this vast sum they then say in a County Bonding Act, of almost 10 lines, that they can call an election to vote county bonds for roads and do as they please with it. No confidence or powers in one, and all in another. "Consistency, Oh thou art a peach," a County Court can even repair a mud hole in any of the roads built by any of this \$4,000,000 ordered to do so by the State Highway Comar.

Friends, this is following in the line of our sister State of Washington in the way of State and Good Road laws. They had them once, but knocked them out at the last Legislature. It simply rent the State into three or four political road factions. Are we so blind that we can't see? Are we so foolish as to want to mortgage our County, State and Homes and not know beforehand where and how our money is to be spent? I don't believe so, even if the minority report of this Convention embodied two bills: One creating the office of State Highway Engineer, giving him educational, judicial and approval powers only, and a strong County Bonding Act, and another giving the power to select the roads upon which their money is to be spent, long before the vote upon the issuing of bonds.

Time forbids me going into details of these two bills now, but suffice to say that the State Grange of Oregon will initiate them at our next general election. You will have ample time to study them. In the meantime we should not let prejudice or haste for good roads get us into an everlasting Good Road disgrace as has already happened in the States of New York, California and Washington. The closer to the people you keep the expenditure of large sums of public money the more likely we are to get the worth of our money and the better satisfied we are. The majority (15 men) of this Legislature(?) State Good Road Convention has asked for an extra session of the Legislature which will cost the State from \$15,000 to \$25,000, to make some better (?) road laws than they did before. I voted NO.

They gave us four good road laws last winter and the Governor vetoed them to satisfy a few of the Portland Rule or Ruff fellows. What assurance have we that the same will not be repeated? None. Yours sincerely, A. I. Mason.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Hood River People to Neglect. The great danger of kidney troubles is that they get firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dizziness, and Bright's disease, make some kidneys get worse. Don't neglect your kidneys. Help the kidneys with the reliable and safe remedy, Doan's Kidney Pills, which has cured people right here in Hood River.

William Borman, 415 Sherman St., Hood River, Oregon, says: "Since publicly endorsing Doan's Kidney Pills in September 1907, I have taken them off and on and they have never failed to give me prompt relief. At one time my back was quite lame and I could not stoop or lift with any freedom. I also had a great deal of trouble from the kidney secretions. Doan's Kidney Pills relieved these difficulties and I am thus convinced of their merits."

Death of Little Girl.

Alice Maybeth, the little daughter of Mr. and Mrs. James McBain, died Wednesday, September 13, at their home in Kickitat, Wash. The death of the little girl, who was six years old, was due to an attack of spinal meningitis. The funeral services were conducted here last Thursday at the Bartmess Chapel by Rev. J. L. Herschner. Burial at the Idlewild cemetery.

No Need to Stop Work.

When your doctor orders you to stop work, it staggers you. "I can't," you say. You know you are weak, run down and must work as long as you can stand. What you need is Electric Bitters to give tone, strength, and vigor to your system, to prevent breakdown and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands blow them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c at Chas. N. Clarke.
