THE NEW POWER PLANT.

Ground was broken yesterday on the new power system to be installed by the Hydro Electric Co. The news that the plant will soon be in operation and will furnish residents of the community rates at a reasonable figure will be received gladly by the consumers of electric energy and light. The recent alleged decrease in rates by the Pacific Power & Light Co., which in effect was an increase for every consumer except the one making but a very small use of light, did not tend to place the local patrons of the company in a friendly attitude toward the newly organized and large corporation. In fact such corporations on the part of the Pacific Power & Light company necessarily lead the citizens, who pay the heavy rates and add to the profits of the company assessing them, to seek some source of relief. The result is seen in the neighboring city of The Dalles, where, unwilling to submit to action similar to that in raising the local rates, the city council has taken steps to secure relief through a municipal plant. It really seems that the Pacific Power & Light Co. has blundered and is killing the "Goose that lays the golden egg."

The new company, while not organized for any philanthropic purpose, for it must be expected to seek a reasonable profit from its investments, will be, if we may be allowed to so express it, a benefactor to the community, in that it will give the city and county relief from excessive rates levied by the present system. Its management has stated that it is its purpose not only to secure reasonable returns on the company's capital, but to give the public the benefit of sharing in the development of the power sites of the Hood River.

From an economic and business viewpoint, the citizens of the community are to be congratulated on the initiative of the management of the company, and for its own interests the public will lead it encouragement and support through patronage.

BRADSHAW ADJOURNS EXTRA-LONG SESSION

The three men, John E. Stevenson, Albert Brooks, and John Condon, held on charges of breaking open the box car in local yards here two weeks ago were tried Saturday and found guilty of grand larceny. They received their sentences from Judge Bradshaw Monday morning. Each received a sentence of from two to three years in the state penitentiary. After they have served the minimum sentence they may apply for a pardon or parole. However, the granting of it rests with the pardon board, who may make the prisoners serve the maximum term or may release them after two years. Much depends on their behavior and conduct in the state prison. The men were escorted to Salem Monday morning by Marshal Robt. T. Johnson and Deputy Sheriff E. Olinger.

In the damage cases of Dave Peck and Mat Douglas against the county, both recovered for the personal injuries received last March, when they were struck by a falling tree, when driving into the city over the Belmont road. The verdict of the jury gave the former the sum of \$1000 and the latter \$1600.

The last jury case to be heard by the court in the case of J. F. Gardner vs. J. R. Johnson. The plaintiff in the case was suing for damages to the extent of \$5,000 claimed to be due because of the breach of a contract on the part of Mr. Johnson to employ him in a bank which the defendant proposed to establish here. The bank was to have been known as the Apple Growers' Bank of Hood River. The plaintiff alleged that he had been led to leave a lucrative position at Dickinson, North Dakota, and to spend much money in coming here to accept the position.

In answer to the complaint the defendant presented a counter claim for the sum exceeding \$5,000, due to him according to his allegations, because of fraudulent misrepresentations of the plaintiff as to banking opportunities in Hood River and because of damages incurred on expenditures for property. It will be remembered that Mr. Johnson purchased the Jackson building at the corner of Oak and Third streets and at present the property of Capt. C. P. McCann. This site as re-modelled and fixtures were secured for it to be used by the proposed bank. Mr. Johnson furthermore alleged that Mr. Gardner had recommended to Mr. Gardner, he loaned F. R. Birdie the sum of \$700 on land declared to be worth \$24,000, in fact the land is worth no more than \$300. The jury's verdict gave the plaintiff \$225 damages.

PINE GROVE GRANGE MEETS WITH SUCCESS

The entertainment committee of the Pine Grove Grange, which is presenting this winter a series of six lectures for the education and entertainment of the Valley people, has had gratifying success in the sale of its tickets. It is reported that the most of the seats have been sold and those desiring the good locations in the hall are urged to see the committee at once, if they desire to secure them. The price of the season tickets, for adults, that is all above twelve years of age, for the season, is \$2.50 for the six entertainments. The tickets provide for reserved seats. For school children, the Grange has made special concessions, the season tickets may be purchased by them for \$1.00. All under seven years of age are given their admission. Single tickets will be procured by school children for 20 cents, while adults will pay from 50 to 75 cents.

Young Society Couple Slip Away to Marry.

An elopement of prominent Portland business people, who were interested in Hood River people, where the bride is well known, was that Monday morning of Charles Brownie Arthur, son of J. M. Arthur, and Miss May Belle Hansen, daughter of George F. Heuser. The young couple slipped away to Vancouver and were married there by Rev. Otis E. Gray, rector of St. Luke's Episcopal church. Their wedding was recently announced and the bride had practically finished her trousseau. There was no objection to the wedding by the families and the only explanation for the elopement is that the young couple preferred to be married in romantic style rather than wait for the usual ceremony. The Portland Telegram of Monday says:

"The party rode to the Vancouver ferry and from the ferry on the Washington side to the rectory in a large gray auto, owned and driven by W. J. Arthur, when a wedding license was procured from the County Clerk at 10 o'clock. Arthur's age was given as 21 and Miss Hansen's as 20. After the license was procured, the bride and groom, Mr. and Mrs. Arthur, were married by Rev. J. B. Hargreaves, pastor of the Heights church, and interment followed at the Idelwild cemetery."

INSURANCE OFFICIAL SEES HOOD RIVER

Frank W. Morrison, vice-president of the American Central Life Insurance Company of Indianapolis, arrived here Tuesday to spend a few days in Hood River with James H. Morrison, the local representative of the American Central, and to call on a number of friends here who were formerly Indianapolis residents.

The investment of the funds of the American Central in the city of Hood River is the chief object of his visit to the northwest at this time is to size up the country with a view to placing loans in the country. It has been little more than a year since the American Central Life Insurance Company representatives in the states of Oregon and Washington and already according to Mr. Morrison the company has placed over \$200,000 in loans in this territory. W. S. Montgomery, who is at present in Hood River on a business trip, is the Oregon manager for the American Central.

Mr. Morrison came here from Spokane, where he has spent a couple of weeks inspecting the loans of the company throughout the country. This is his first trip to the Northwest and to Hood River. "I am much impressed with the methods you employ here in handling the apple crops," said Mr. Morrison, "Hood River undoubtedly has the system which is bringing the results. When I saw the careful work of the inspectors at the receiving warehouse of your Apple Growers' Union I was reminded of the manner in which the products of the great packing establishments in our part of the country are inspected by the U. S. government."

Grace U. B. Church, Sixth and Oak, the Rev. J. B. Parsons, pastor, Sunday school at 10 a. m. Autumnal decorations in the church. Sermon at 11 a. m.; subject, "Nothing But Leaves." At 6:30 p. m. the noted poet and lecturer, will render a special Sunday evening program. He has delivered sacred lectures in many of the largest churches in the country. Duet by J. R. and Margaret Nickelson. No admission will be charged but an offering will be taken at the close of the services. Everybody welcome.

A Good Position.

Can be had by ambitious young men and ladies in the field of "Wireless" or railway telegraphy. Since the eight-hour law became effective, and since the wireless companies are establishing stations throughout the country, there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$80 per month, with good chance of advancement. The National Telegraph Institute of Portland, Ore., operates six stations throughout America under the supervision of railroad and wireless officials and places all graduates into positions. It will pay you to write them for full details.
