GOOSE HUNTERS
DIG BASEMENT

Hunting geese in the grain fields near Arlington is said by those who have gone from here to be about the best sport to be had in the Northwest. However, the Hood River citizens have had but little to say of their quest of the big birds. About three weeks ago B. E. Duncan, J. H. Heilbronner and Noah Bone journeyed to Arlington. They had dreamed weeks before hand of clouds of geese flying above them as they shot from their pits, and dropping in piles around them as their choke-bore cracked until the barrels became hot.

Western Union Plans New Cable Service.

Theodore N. Vail, president of the Western Union Telegraph Co., has announced a new cable service, which was inaugurated December 6. The service is known as the week end cable letters.

Cable letters and week end letters may be filed at any Western Union office at any hour from whence they will be forwarded to the cable terminal at New York or at Boston. An arrangement has been made by which the cable letter may be mailed from the office at which it is filed to either one of the above cities provided the additional delay can be assumed by the sender, but upon the Pacific coast practically all letters of this character will be sent by wire to either New York or Boston from which points they will be cabled to destination in Europe so as to reach London or Liverpool in time for delivery on the morning of the second day following their receipt at New York or Boston.

The week end letters may be filed at open Western Union offices up to midnight on Saturday for delivery at London or Liverpool on the following Tuesday morning. Of course they may be filed before Saturday but they will not be delivered until Tuesday. Both cable letters and week end letters will be written in plain English language.

"Ist on Earth."
This is the verdict of R. J. Howell, Tracy, O., who bought Foley's Honey and Tar Compound for his wife. "Her case was the worst I have ever seen, and looked like a sure case of consumption. Her long hair came loose, and she coughed almost incessantly and her voice was hoarse and weak. Foley's Honey and Tar Compound brought relief at once and less than three bottles effected a complete cure." C. A. Plath.

Brayford Sails on Mauretania.
A letter received from Enoch Brayford, who recently left here, states that he left New York last week aboard the Mauretania for Liverpool. Mr. Brayford spent Sunday, December 10, at Munhall, Pa., with his sister at that place and filled the local pulpit there. The following is taken from the paper of that place:
"Rev. Enoch Brayford, of Hood River, Ore., who is visiting his sister, Mrs. Joseph Hudson, of Whitaker, will occupy the pulpit of the Munhall M. E. church, Sunday morning and evening. He is one of the prominent ministers of the far west and will tell of the early history of Methodism in that section of the country, which will be of special interest to the friends as well as the members of the church. Rev. Brayford is a great traveler and is one of the old-time Methodists, who are fast passing away."

Hood River People Should Try This.
Chas. N. Clarke states that any one who has constipation, sour stomach or gas on the stomach, should try simple buckthorn bark, glycerine, etc., as compounded in Adler-ka, the new German Appetitizing remedy. A SINGLE DOSE brings relief almost INSTANTLY and Hood River people are surprised how QUICKLY it helps. This simple remedy antiseptizes the digestive organs and draws off the impurities. Chas. N. Clarke.

Notice of Special Road Meeting.
