Christmas Reflections.

At this season of "Good Will to Men," whom gaiety, love and good cheer form the dominant chord of the music of our hearts, it is well to remember those less fortunate than ourselves—our Brothers whom Christ has commanded us to love; and in so doing to extend our charities and our love still farther, reaching out to that voiceless throng of God's little creatures—our "Loser Brothers," whom he has commanded to our care and consideration; those helpless ones who are unable to voice their woes, but who so patiently bear their sufferings, and who so gratefully accept whatever of kindness or succor may be extended to them and in our feasting and merriment it will be well to remember those who may be hungry at our very doors, and to bear in mind the injunction: "Inasmuch as ye have done unto one of the least of these ye have done it unto me."
