\section*{The Planting Season \\ | Is so near that you will be looking up <br> all kinds of seeds. Four years of per- <br> fect satisfaction has induced us to pro- <br> vide an unusually complete line of Bur- <br> pus (seeds that grow) for this season, <br> and we will furnish any kind or quan- <br> tity at growers' price. Those who have <br> become tired of the unreliable, over- <br> priced packet seeds and have been send- <br> ing their list away from home, would <br> save money and time by inspecting our <br> plan. We buy all seeds in bulk; sell <br> you what is wanted, also furnish cata- <br> logues, leaflets and growers' instruc- <br> tions. See our seed departmentat once. <br> a Full Line of Self-sharpening Highest <br> Grade Tools <br> Send or call for free catalogue. |
