LEROY ARMSTRONG DEPICTS LOCAL SCENES

One of the most interesting stories in the March number of the Sunset Magazine is "Hagar's Son" written by Leroy Armstrong. Mr. Armstrong has taken for the "motif" of his story the benefits that would be derived from the building of the Columbia River boulevard. The entertaining descriptions of the bit of fiction are true to the wonderful scenery of the Columbia and all Hood River people are familiar with it.

The plot of the story attracts the reader as he progresses and creates a sympathy. A son of Hagar, whose father has left to him a long narrow strip along the Columbia river, isolated and uncultivated, after receiving the news of the will and its provisions to the effect that he must live on it for five years to acquire title, leaves his Indiana home, and builds himself a home on the mountainous tract.

The father has given to each of the half brothers the same amount of section of fertile fruit land to the east of the narrow strip. While entertaining three hunters, who happen upon his self-built home, among the crags, and with one of the most wonderful views in the world, the suggestion of a road, to connect the east and west of the continent, is dropped. Ishmael visits the Valley town. He buys provisions from the half brothers, who will trade with him but who will not take his land. Later he unfolds to them his plan of the road. He is refused support.

A woman, a sister of one of the hunters, who is wealthy, hears of him and becomes interested and by her aid the road is completed at once. Ishmael and the woman marry.

In speaking of Mr. Armstrong and the story the Sunday Oregonian said: "That the construction of 20 miles of road over the Cascades, connecting the present road from Hood River to their base with the road constructed to Sandy, in Multnomah county, would comprise one of the most important undertakings in that part of the state is the opinion of Leroy Armstrong, of Hood River, who was in Portland yesterday."

"Mr. Armstrong considers that if this stretch of road were in operation Oregon would have not only one of the finest scenic highways in the country, but one that would attract tourists from all sections. Mr. Armstrong is an enthusiast on the subject of good roads and has embodied his idea in a story which appears in the March number of the Sunset magazine. In this story Ishmael Isherwood conceives the idea of constructing such a highway and succeeds in interesting a rich woman in the enterprise. The scenes depicted are true to the Columbia River country."

Wishart, Candidate for Commissionership
Geo. M. Wishart, of Mt. Hood, will make the race for nomination to the Board of County Commissioners. Mr. Wishart, who was in the city Monday stated that he had decided to become a candidate on the urging of many friends. He is well known throughout the county, having been deputy assessor in the Mt. Hood district during the past year. Mr. Wishart, who came to the region in the year 1889 is a member of the Republican party.

Mr. Wishart, because of his long residence and interest in public affairs, knows the conditions of the community. He states that he will, if elected, urge the betterment of roads, but shall endeavor to have the money expended wisely and with a close supervision over construction.

Do You Know What These Cuts Stand For?

The thousands of owners of our Magic Hand Pumps now have an opportunity of converting these into perfect little power outfits directly connected to our one H. P. or one and one-half H. P. Sprayer engine by gears the same as in our regular Pony Machines. Just the thing for Orchardists with a small orchard or young trees who cannot afford to buy a Power outfit this year. The price is reasonable too.

See our fine line of spray accessories before buying elsewhere.

Our TRIANGLE Arsenate of Lead is 99 per cent. pure by the United States Department of Agriculture analysis.

NIAGARA SPRAYS are still superior to all others. Here is proof. Note the result of this test made at the Oregon Agricultural College:

Sample No.	Total Time	Total Sulphur	Winter Strength	50 Gal. Dil.		Cost Per Gal.	
				Diluted	Distilled	Diluted	Distilled
Sample No. 1 Phoenix	10.73	20.63	1 to 9.24	512	17 1/2		
Sample No. 2 Lily	11.94	20.01	1 to 10.45	572	15.75

Don't take chances with inferior Spray. Specify NIAGARA to your spray man and avoid consequent loss in cull fruit. No one is authorized to sell NIAGARA under any other brand. Any representation of Lime-Sulphur Solution to be the same as NIAGARA under another brand is an infringement.

Maxwell Messenger

\$710, F. O. B. Hood River

THIS new two-cylinder 16 H. P. Roadster Runabout costs less to buy, does as much work, goes just as far, almost as fast, at half the cost of a four-cylinder car. More than two cylinders would be unnecessary and expensive. Speed, 30 miles an hour.

Simple Construction. The design and operation of this runabout are so simple to understand that anyone can learn to drive it in fifteen minutes. No matter how inexperienced, you can take care of it in fifteen minutes or less each day. Sturdily built, of first-class material, with the best two-cylinder opposed heavy duty motor ever made it is designed to give constant and economical service for years.

Style. Bristling with new features its stylish flush side fore-door torpedo body delightfully finished in dark blue, light blue wheels, is the prettiest design of the season. Plenty of leg room, with comfortable tilted cushions and large fuel capacity make the "Messenger" ideal for touring.

Easy to Drive. One lever controls all speeds. Push it ahead to engage low speed—push it further ahead and you have high speed. Pull it back to reverse. That's all there is to it. That's why so many physicians, merchants and salesmen use this car. That's why it is so popular as a ladies' car.

Economy. The Maxwell "Messenger" holds economy records by the score—non-stop and endurance records, too. It has proved in public test that it can do three times the work in half the time at half the cost of a horse and buggy. It increases earnings where used in a business way.

21,000 Owners Endorse It. Over 15,550 physicians, and 2,435 firms in 167 different kinds of business, some using as many as 35, employ Maxwell cars. All enthusiastically endorse its reliable service. Not a weakness has ever developed—not a mechanical change has been necessary in five years, since this Maxwell was first introduced.

Price. At \$710, f. o. b. Hood River, the Maxwell "Messenger" offers wonderful value. Equipped with top, gas lamps, generator, magneto, it is ready for touring without a penny of added expense. We want you to see it
