# Furniture

Is the most responsive line of merchandise in the vital question of supply and demand. Factories must run full handed to manufacture cheaply. They will tempt us by warning lower prices when the demand is light. Having bought, we must sell, so we make a further cut to induce you to buy, until the choicest pieces are going at less than for two years past. Our regular terms apply, \$1 rebate on every \$20 purchase, and we are just that Dollar cheaper than any of our city bargains because we meet all prices if we can't beat them, with our "no rent, small expense methods."

**Stewart Hardware & Furniture Co.**

# Cooper's Spray Fluids

# INDIANA MAN PRAISES VALLEY

Never has the Hood River valley received such praise as that bestowed in the following letter from an Elkhart, Indiana man:

Portland, Ore., July 9, 1912. Mr. Frank Countryman, Hood River, Ore.

"My dear Mr. Countryman:—My delightful visit at your Hood River valley orchard home Sunday has impressed itself upon my mind so that I will stand out alone among many other pleasant memories of the past, and I am therefore constrained to write you this letter to tell you how great my pleasure was to make your acquaintance. One of my best loved uncles is your brother, and for that reason there were mutual interests that had already served as an introduction and removed the necessary formality in making the acquaintance of entire strangers. I wanted to urge upon you to hold on to your Hood River home, for I am sure with my knowledge of real estate values from coast to coast, that you do not appreciate the intrinsic value of the ranch you own. In this work-a-day world, where everything we get worth having costs effort, we sometimes grow weary waiting to enjoy the fruit of our toil, but I am sure if you could know that all the world knows about a little valley hidden away in the summit of the Cascade mountains in the state of Oregon where perfect apples are grown as I know about the name and reputation of this valley, you would appreciate more highly than you do the fact that you own a part of this favored valley. As I looked out over the ranches and homes all around you yesterday morning and then away at the hills and mountains on every hand, I said to myself, 'Was there ever a gem in such a setting as this—Mount Hood watching over the valley at the south, Mount Adams at the north in full view with the Columbia river near by as a highway to all the markets of the world.'"

"I sincerely hope you may live many years to enjoy the benefits of your labor, and I am looking forward to time in the future when I may be permitted again to visit you. With kindest regards, I am, Yours very truly, F. W. Hart."

# IF WOMEN ONLY KNEW

What a Heap of Happiness it Would Bring to Hood River Homes

Hard to do house work with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains often come from the kidneys.

"I would save much needless woe. Doan's Kidney Pills are for weak kidneys."

Read what a Hood River citizen says:

Mrs. Annie Samuel, 1210 Seventh street, Hood River, Ore., says: "A year ago I began to suffer from kidney complaint and gravel."

My back ached a great deal and the kidney secretions were unnatural. Hearing of a similar case in which Doan's Kidney Pills had brought great benefit, I gave them a trial. Less than the contents of one box cured me of my trouble and I have had no cause for complaint since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the "name"—Doan's—and take no other.

# Circus Stories

No more interested spectator appeared at the circus grounds last Thursday than old Indian George, who visited the wigwag of the Indians traveling with the show and attempted to hold conversation with them.

"Heep big, fine," said George, as he waved his hands and took in the spectacle with his one good eye. "The music of the bands got the best of George and he intimated that he would have liked to have joined the circus."

"Country here no more good," he said. "Injun no more ferdy for you have really got something to be thankful for."

The good people down on Columbia street retired, except the few who went to the circus in the evening instead of the afternoon, their usual hour, nine o'clock. The Land of Nod had just been fairly reached, when squeaking wagons, braying jackasses—both two and four footed—began to make for the awaiting line of cars. The Indians deemed it perfectly proper to give a farewell whoop that awoke the babies and started the cats to fighting. It was a fitting close of the great day.

Summer colds are hard to get rid of, and frequently lead to asthma, bronchitis and hay fever. Do not let your cold get hold of you, but get Foley's Honey and Tar Compound for quick relief. W. H. Allen, Chelsea, Wis., says: "We prefer Foley's Honey and Tar Compound to other cough medicines because it quickly cures coughs and colds. It will ward off a cold if taken in time." Contains no opiates. Is safe for children. Remember the name, Foley's Honey and Tar Compound and accept no substitute. C. A. Plath.

Apple Growers Combine One hundred apple growers of Calhoun county, Missouri, have formed a combination to control the sale of 500,000 barrels of apples they expect to gather this fall. It has been agreed that a fund of \$2000 will be raised to employ a man who will sell the apples and purchase the supplies for the growers.

Foley Kidney Pills are heating, strengthening and tonic, and contain no harmful or habit forming drugs. N. J. Corliam, cashier Bank of Woody, Woodville, Ga., recently had an acute attack of kidney trouble. "The pains in my back and kidneys were terrible, but I bought a bottle of Foley Kidney Pills and took them, and can truthfully say they have entirely relieved me. I feel more benefit from them than from any other kidney medicine I have ever taken." C. A. Plath.

# KIT CARSON CIRCUS PLEASES AUDIENCE

Despite the fact that a large number of Hood River people from both the city and country were in Portland last Thursday, having gone down on the present for the big parade of the Elks that day, many country people came to the city and attended the Kit Carson Wild West circus. The show, typical of the wild west kind is better however than the ordinary. It carries with it bands of real Indians, cowboys and cowgirls, of the western cow country, and Cossacks of the Steppes of Russia. In addition to the cowboy and Indian races and scenes typical of life on the frontier, the circus carries trapeze performers, ropewalkers and contortionists. Although of a comparatively small order the performances were good.

Fifty per cent of the people who go to a circus, after the second spiel of the Barker usually feel their purses to see if they can stand the dime or fifteen cents necessary to remain for the "concert." The accustomed proportion donated their small coins to the ticket sellers last Thursday and walked away after witnessing the performance heralded as the most original ever presented, but which fell far short, muttering "Stung again." But most of them will do it again next time.

# Christian Science Services.

Christian Science Services will be held in the Commercial Club rooms at 11 a. m. Sunday. Subject, "sacrament."

Sunday School at the same hour in room 6, Davidson building. Wednesday evening testimonial meetings are held in room 6, Davidson building, at 8 p. m. The reading room is open daily from 2 to 5 p. m., room 6, Davidson building.

# Young Logger Killed

Jonh Beck, a young logger, working near Des in the camps of the Oregon Lumber Co., was struck by the end of a tree as it was being dragged into the loading platform by a donkey engine Monday and sustained injuries from which he died while being hurried to the hospital here. The young man was with a crew that moved the trees into proper lengths to be transported to the mills, when the fatal accident occurred. When struck, the logger was in a position considered safe by all near him at the time. The movement taken by the log was unusual and such an occurrence or similar injury might never occur again.

# The Glory and Shame of Hood River

The following is a communication recently clipped from the New York Sun:

To the editor of the Sun—Sir: In answer to an article in the Sun of April 28, we wish to say that Hood River girls are as plentiful and beautiful as the world's famous Hood River apple, but the boys are as scarce as pebbles on a sandy beach and are afraid to talk with a girl, let alone ask a girl to go any place. How could you expect marriage in Hood River county, as the girls are not Leap Year Observers, Hood River, Ore., May 5.

# What Makes a Woman?

One hundred and twenty pounds, more or less, of bones and muscle don't make a woman. It's a good foundation. Put into it health and strength and she may rule a kingdom. This is just what Electric Bitters get her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless worn out feeling. Electric Bitters have done me a world of good," writes Eliza Pool, Depew, Ohio, "and I thank you, with all my heart, for making such a good medicine." Only 50c. Guaranteed by Chas. N. Clarke.

**Something You Should Know About Substitution**

If you wanted to buy oak lumber and the man delivered yellow pine, you would know the difference. If you wanted to buy silk and they sent you calico, you would have no trouble in seeing the substitution. It is not so easy, however, with medicine. A great many medicines look alike and taste alike, BUT THEY DON'T ACT ALIKE. Just think this over the next time you want medicines. Remember that at our store you can absolutely rely on every drug we sell. The difference between knowledge and belief. You know the one but you have to believe in the other. You will be absolutely safe when you put your belief in us.
