SCHOOL CHILDREN'S EXHIBITS

Two weeks from next Saturday Hood River county will hold its first fair for the purpose of exhibiting the horticultural products of its children and the articles of their handiwork. To get the best results from these fairs the parents and teachers, as well as the children, should take them seriously. It should, and no doubt will, be feit a great honor to be a prize winner at the fair. The interest that the boy or girl takes in the event will act as a stimulus toward creating better and more products in all lines of the indostries of country life. State Superintendent of Schools Ai-

derman, by his promotion of the school Pastor of the Riverside Congregafairs, has created a comment of commendation from the press of other states as well as his own. The Spo-kane Spokesman Review in a recent LIST OF LOCAL

issue sava: "The new education finds appreciation in high circles. The leading part

The most of the Hood River county which State Superint ident Alderman, of Oregon, has taken in this movement schools will open the next year's session next Monday. One of the first things that Superintendent C. D. active cooperation which he has se-cured from commercial bodies and large business organizations as well as many influential individuals throughout the and evening of September 14 at the courthouse the first School children state. An item which gives evidence affairs.
