MODEL BAKERY

Fourth and State Hood River, Ore.

INCREASED OUTPUT OF OREGON METAL

For several years there has been a decline in the metallic output of the state of Oregon, more especially in gold and silver, but preliminary returns for 1912 show that this has now been checked, according to Charles G. Yale, of the United States Geological Survey. The mine report of the Survey for 1911 showed an output of gold valued at \$653,407 and 45,221 ounces of silver. The preliminary returns for 1912 indicate that the Oregon yield was about \$657,000 in gold and \$6,951 ounces of silver, a marked advance in the silver output. Moreover, the smelters received about 100,000 pounds of copper, compared with 93,196 pounds in 1911, and 38,000 pounds of lead, whereas there was no yield of lead in 1911. More placers are being worked than formerly in Oregon, mainly by hydraulic methods. The grade of ore in the deep mines has been much lower than formerly, although more of it is treated. The lowering of the average tonnage value is due to the large quantities of old tailings handled, their average yield being taken with that of the new ore in making up the totals and average values.

The largest producer of gold in Oregon is Baker county, as has been the case for some years. Following in order of rank are Josephine, Jackson, Grant, Lane and Malheur counties. Eleven counties of the state are now producing gold, Josephine leading in the production of placer gold, and Baker in that from deep mines. In silver yield Baker county holds first rank. Most of the ore in Oregon is milled, very little of it being shipped to smelters for reduction. Neither the southwestern nor the northeastern counties of Oregon are producing as much gold as a few years ago, although the estimated figures for 1912 show that some little advancement in progress. The state badly needs the advent of capital to open and develop its deep mining properties, many of which are lying idle for want of means to place them on a productive standing.

A Rhymed Review

If any prediction can be made by the midwinter outbursts, Hood River should have a good crop of poets by spring-time. The Glacier has received the following anonymous rhymed review of an old story:

Mike O'Riley was Irish, as his name will imply, And Solomon Levy, a Jew; Could Ireland name Or Israel proclaim Greatest men, was dispute with these two.

Said Mike, "Mr. Levy, when ye spake a great name, Of a prominent man of yer race, Ye may, an' ye like, Gently pluck out a spike From the beard that's adornin' me face."

"An' I, by yer lave, whiniver I've spoken The name of an Irishman true, Will with great care Kindly take out a hair From the whiskers that grow upon you."

"Ah vell," said the Jew, "Mit your ven you spragen a great Irish name You may, mine friend Mike, Take a hair if you like, I am ready, go on mit your game."

"Saint Peter," said Mike, and with finger and thumb, He removed the Jew's hair from his place. "Abraham," said the Jew, As he neatly drew A hair from the Irishman's face.

"Robert Emmett," and Mike very carefully drew A long curling hair, with a grin. "Moses," said Sol As he tugged at the pol That grew on Mike O'Riley's chin.

"Dan O'Connor," the Irishman quickly replied, And took out a hair with a rip, "Twelve apostles," the reply Made by Mr. Levy As he plucked out six pair from Mike's lip.

"Holy murther," yelled Mike, while all the Jew's beard He grasped firmly, in both his hands And tore from his place All the hair on Sol's face. "Ancient Order of Hibernians."

Sinnott May Buy Home Washington correspondents are beginning to take notice of N. J. Sinnott, the newly elected representative to congress from the second district of Oregon. The Hon. "Nick," has been in Washington for the past week hunting for a house. He has four children and a place with large grounds is desired. Having been reared at The Dalles they are "hunch grass" stock and need lots of fresh air. The new representative is also causing a second look from those with whom he comes in contact because of his height. He is six feet four inches and weighs 245 pounds.

A Girl's Wild Midnight Ride To warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Her deed was glorious, but lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds, which might have ended in consumption or pneumonia. "It cured me of a dreadful cough and lung disease," writes W. R. Patterson, of Westington, Tex., "after four in our family had died with consumption, and I gained 87 pounds." Nothing so sure and safe for all throat and lung troubles. Price 50c and \$1.00. Try it, please free. Guaranteed by Chas. S. Clark.

School Fairs Encouraged Oregon county school superintendents in convention at Salem last week took steps to encourage the country life movement among the school children of the state. They asked that the state fair be held later in September to give more time for preparing school exhibits. It was also decided to foster poultry raising and several superintendents will try to get every pupil in their counties to raise not less than thirty chickens or ducks.

OCTOBER RAILWAY TRAFFIC GREATEST

The receipts and the expenses of the steam railways for the month of October, 1912, are greater than for any other month in their history. Net operating revenue, which is the gross income before anything has been taken out for taxes and rentals, interest on bonds, appropriations for betterments or dividends, averaged \$15.71 per mile of line per day, which contrasts with \$13.74 for October, 1911, an increase of \$1.97. This is an increase per mile of line for the month of \$16.15, or 14.1 per cent. The monthly summary of the Bureau of Railway Economics, compiled from the reports of railways to the Interstate Commerce Commission, covers for October 220,636 miles of line, or about 90 per cent of all of the steam railway mileage of the United States. The aggregate net operating revenue for this mileage was \$107,440,518, which is greater by \$14,870,125 than for that for October, 1911. The increases were due in greatest proportion to the freight traffic, which is always greater in October than in any other month of the year.

HAPPY WOMEN

Plenty of Them in Hood River, and Good Reason for it

Wouldn't any woman be happy, After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, When she finds freedom? Many readers will profit by the following: Mrs. Elias Kreiser, 710 Eighth St., Hood River, Oregon, says: "Doan's Kidney Pills have been used in my family and have proven very beneficial. This excellent remedy is worthy of the highest endorsement."

"When Your Back is Lame--Remember the Name." Don't simply ask for a kidney remedy--ask distinctly for Doan's Kidney Pills, the same that Mrs. Kreiser had--the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name--Doan's--and take no other.

Nursesmen's Convention Dates have been fixed for the annual convention of the American Association of Nursesmen in Portland next June 18, 19 and 20. As this is the week following the Rose Festival, an effort will be made to have the visitors come early in order to attend the flower fête. It is expected that from 400 to 500 eastern members of the association will attend. The Pacific Coast Association of Nursesmen meets here at the same time, convening one day earlier to transact business of the organization.

Cut the High Cost of Living W. H. Chapman, Winnebago, Neb., tells how he cured his two children had a very bad cough and the doctor's medicines did them no good. I got a bottle of Foley's Honey and Tar Compound, and before it was all used the children were free and cured of their cough. I need a doctor's bill for one 25c bottle of Foley's Honey and Tar Compound. No opiates. Chas. N. Clark.

SHE COULD NOT STOP IT. She tried and tried, this thing, that thing, then the other thing. All no good. Then she thought of Hall's Hair Renewer. Talked her doctor about it. Then bought it, used it. Her hair stopped falling out at once. Now she is telling her friends. No coloring or staining of the hair, either.

Something You Should Know About Substitution

If you wanted to buy oak lumber and the man delivered yellow pine, you would know the difference. If you wanted to buy silk and they sent you calico, you would have no trouble in seeing the substitution. It is not so easy, however, with medicine. A great many medicines look alike and taste alike, BUT THEY DON'T ACT ALIKE. Just think this over the next time you want medicines. Remember that at our store you can absolutely rely on every drug we sell. The difference between buying medicines and merchandise is the difference between knowledge and belief. You know the one but you have to believe in the other. You will be absolutely safe when you put your belief in us.
