UNDERWOOD.

Mrs. Stickney returned last week from Seattle.

Mr. and Mrs. G. H. Marsh are spending a few days in Portland.

W. M. Fraine contemplates plating his 320 acres into 10 and 20 acre tracts in the near future.

A. R. Hedrick and W. G. Detwiller made a business trip to Hood River Saturday.

The largest piece of machinery to be used in the power house of the Northwestern Electric Company was unloaded from the cars onto the truck by a steam derrick. The weight is 32 tons and it will be hauled to the dam site by a donkey engine. It is expected that it will take two weeks to get it from Underwood to the dam, a distance of two miles.

J. B. Dickover is visiting his daughter, Mrs. W. A. Wendorf.

Mr. and Mrs. Harry Morrow are visiting Mr. and Mrs. P. L. Packard for a few days.

Friends of Allie Adams are glad to know that he is sufficiently recovered to be able to return home.

The Ladies' Aid society will meet Thursday, January 30, today, with Mrs. G. A. Cooper.

WHITE SALMON.

Chas. Preme lost a hog in a peculiar way. So eager was the porker, which was a large one of good breed, to stuff itself, that it fell headforemost into a barrel of swill and drowned.

There is little developing as to county division. Senator Chappelle has introduced the bill in the senate and the intention is to rush it through, for there appears to be little opposition in that body. A gentleman who returned from Olympia last week is optimistic over the prospects. Representative Brooks succeeded in having himself appointed chairman of counties and county boundaries, and as a Democrat has made many trades to his advantage. Messrs. Hayes, McClintock and Colburn are still at Olympia in the interests of county division.

A falling tree carried down the electric light wire near Husum last week and put the service out of commission again for a few hours. The company says that if they could be granted a right of way through the timber of one of the ranches they could clear a space and prevent much annoyance to the system. The morning after the heavy wind the superintendent, Harve Humphrey, and George Purser went out on snow shoes and after a long tramp located and repaired the trouble. The local superintendent is kept on the jump keeping the system in order as much as possible, and his efforts make up for considerable shortcomings of the system.

W. R. Fox, 105 W. Washington St., Noblesville, Ind., says: "After suffering many months with kidney trouble, after trying other remedies and prescriptions, I purchased a box of Foley Kidney Pills which not only did me more good than any other remedies I ever used, but have positively set my kidneys right. Other members of my family have used them with similar results." Take at the first sign of kidney trouble. Chas. N. Clark.

OAK GROVE DISTRICT HAS MANY FIRES

Last Friday afternoon the home of Herman Pregar, an Oak Grove orchardist, burned to the ground. Mr. Pregar built a fire at his residence and left for the home of his mother, Mrs. W. Pregar, who lives near by. The flames were discovered soon afterward, but not before the fire could be extinguished. Mr. Pregar lost all of his household goods. The loss was partially covered by insurance.

Seven destructive fires have occurred in the Oak Grove district in the past year, the Osborne home, the Taylor home and the Oak Grove store having burned last summer, and the barn of C. N. Ravlin in December. The other fires destroyed residences earlier in the year.

The home of Mr. Pregar was insured in the National Union Fire Insurance Co., of Pittsburgh. E. S. Glover, an adjuster from Portland, was here Tuesday and he and Roberts & Simms, the local agents, made the adjustment and Mr. Pregar has already received his money for the loss.

BARRETT PEOPLE PLAN FESTIVITIES

The people of the Barrett district are planning a very festive occasion on the evening of Friday, January 31, tomorrow evening. A number of the dignified ranchers and their wives and sons and daughters will make their debut as amateur Theatians at the Valley Christian church on that evening, when the ladies of the district will appear in "The Spinners' Convention," and the men in "Smythe vs. Smith."

"The Spinners' Convention" has been presented here before and everybody knows its mirthmaking characteristics. The Belmont ladies will introduce a number of innovations and novelties that will add to the laughs. "Smythe vs. Smith" deals with a breach of promise case. Rehearsals have already shown that it will create earthquakes of laughter in the bodies of all that attend.

Praise For Apples

A. M. Goech, who recently sent a box of Hood River apples, grown on his ranch, to his son-in-law, James L. Hillyard, a large produce dealer of Fremont, Mich., has received the following in a letter relative to the fruit: "I brought the box of apples up to the bank for a few days of exhibition. It would have done you good to see the interest it created. There has been a stream of sight seers since before Christmas. I told Jim to leave them until after this week's Indicator and then he could take them home. I want to taste one of them. I will give the paper a local this week about them. It sure has been a revelation to the growers here: the quality, manner of pack, etc."

When buying a cough medicine for children bear in mind that Chamberlain's Cough Remedy is most effectual for colds, croup and whooping cough and that it contains no harmful drug. For sale by all dealers.
