GROWER CRITICIZES POORNESS OF PACK Hood River, Ore., 3-22-13. Editor of the Glacier:—In a recent issue, a short article appeared, "Commissioners Find Bad Apples," which is certainly most interesting reading in the light of recent events in our country.

It is barely possible, judging from recent occurrences, that they desired to have a souvenir of a row accordingly extinct orchard pest; or maybe to present an object lesson to all fruit inspectors in the future who are derelict in their duties, or more valuable still to form the nucleus of a museum of predatory insects and pests that plattered the apple growers of Hood River valley in 1912 B. C.

Quite recently, an authority on the apple industry in our valley publicly said, in referring to our present facilities for rigid fruit inspection, "We have been sitting round like a lot of 'woodin' injuns.'"

Fellow Fruit Growers! Isn't it about time we are ceasing that big noise outside the valley about perfect fruit and doing inside little or much, as individual cases demand, by compelling owners to clean up or grub up their infested trees?

Communication Editor Glacier:—I noticed the article in the Odell items of the Glacier of the 26th before last in regard to the accident occurring on the school grounds at Odell, when Irwin Heft had his arm broken by playing basketball with the older boys.

Coughs and Consumption Coughs and colds, when neglected, always lead to serious lung troubles. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery.

Pine Grove Grange News The Pine Grove grange has notified Hon. Jonathan Bourne, Jr., who is chairman of the congressional committee on government aid to post roads, that it prefers, if the government is going to expend any money on the betterment of the post roads, that the supervision of the expenditure of the money be left to the government.

Assessor Completes Plot Jasper Wickham, county assessor, has just completed the new ownership plot of the county. He and his deputy, H. M. Francis, are now busy making the assessments of property for the year. Mr. Francis has already about completed the Oak Grove district.

"Our baby cries for Chamberlain's Cough Remedy," writes Mrs. T. B. Kendrick, Rouses, Ga. "It is the best cough remedy on the market for colds, coughs and croup." For sale by all dealers.

CONFERENCE TO PROMOTE UNIFORM RULES At a conference of 14 of the leading fruitgrowers of the Wenatchee, Yakima, Hood River and Rogue River districts, held in the offices of the Northwestern Fruitgrowers' Association in the Spalding building, in Portland, late Thursday night, tentative uniform rules for packing and grading adopted throughout the entire Pacific northwest.

CONCRETE CONCERN SEES GOOD SEASON Arlo Bradley, of the Bradley Bros. Tile & Concrete Block works, sees a prosperous year ahead for this industry. The concrete block factory is in a try. The concrete concern is working at full blast, it employs five men.

Salter Trio Pleases Audiences The programs rendered by the Salter Trio, who were presented here last Thursday and Friday evening at the Electric Theatre, were decidedly pleasing. The three clever young ladies gave delightful entertainments. Especially are their songs good, when their three voices mingle together.

The Spring Ground Hog Say, are you conscious spring has come, With gentle zephyrs, balmy, bum; The ground hog's sure been going some, Begone, Old Winter, come on, Spring, come!

Neighbors Note Factory Slogan The Hood River Commercial club has started a vigorous and fighting campaign for factories. Its slogan is "More Factories," and its efforts have met with some success. Factories are what helps towns become cities and cities become larger.

For Burns, Bruises and Sores The quickest and surest cure for burns, bruises, boils, sores, inflammation and all skin diseases is Bucklen's Arnica Salve. In four days it cured L. H. Hallen, of Iredell, Tex., of a sore on his ankle which pained him so he could hardly walk. Should be in every house. Only 25c. Recommended by Chas. N. Clarke.

Mason Says Referendum Will Be Invoked A. I. Mason says that the referendum will be invoked posthaste on the appropriation made by the legislature for new buildings for the University of Oregon. F. H. Parkinson, a Portland attorney, who figured in the referendum of two years ago, is taking an active part in the present campaign, which has for its ultimate end the consolidation of the two institutions of higher education, the University of Oregon and the Oregon Agricultural College.

When medicine must be given to young children it should be pleasant to take. Chamberlain's Cough Remedy is made from leaf sugar, and the roots used in its preparation give it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by all dealers.
