The plans call for all conveniences along the line of heating, lighting and water; six rooms, basement and a ten foot pergola on the north and east. The view from this point is one of the most beautiful in the valley and the home, when complete, will be one among Hood River valley's many attractive country properties.

intended to leave on last Monday, but about ten days before that date she received a message telling her of the serious illness of her mother and made the trip as hastily as possible, only to learn when but a block from her parents' home that her mother had passed away while she was en route to her friend. Mrs. Naumes has many friends here who extend to her their sincere sympathy.

## Iva June Schiller

Iva June Massiker was born in Spray at that time Grant, now Wheeler county, Oregon, March 25, 1883. She came with her parents, Mr. and Mrs. C. C. Massiker, to Hood River valley in November 1890, and grew to womanhood at the family home southeast of Odell. Here, by her refinement and friendly nature of character she won many friends and about eight or nine years ago she greatly widened the circle of friends when she began the study and practice of photography, a work for which her natural artistic talent peculiarly fitted her.

She united with the Christian church in 1905. She was married to Emil Schiller December 23, 1911, and here in Odell she has her new home near White Salmon, Wash., and later near Carson, Wash. Failing in health she came to the home of her parents some time ago. On Sunday, June 8, she was removed to the hospital in Hood River, where on Friday a little daughter was born, and a few hours later the young mother's gentle spirit would not longer stay and she passed peacefully to the life hereafter.

Her husband and physicians who had done all that was possible to save her life were grief stricken. Before going she named the baby girl Trella Hope, the second name for her very dear friend, Hope Shelley. Neuritis was the disease which resulted in death. Words fail in times like this, but from all come expressions of deepest sorrow and sympathy for the bereaved young husband, the motherless babe, the parents, sisters, brothers and other relatives. There is consolation for the bereaved in the thought that a life so beautiful as was hers while here is now ours. The hours of her suffering are "Land whose life is never dimmed by shade."

Where fields are ever vernal; Where nothing beautiful can ever fade. But blooms for aye, eternal.

The funeral was held Sunday from parlors, at 10 o'clock, by Rev. H. O. Perry, for 16 years a valued friend of the family, conducting the services. The very large attendance at these services attested the esteem in which the deceased was held by her very many friends, whose numerous and very beautiful.

This Central Vale correspondence column is supposed to cover all the territory between Odell and Booth's hill. When you know of any news, show, play or help make a large column of news from this district weekly.

Julian F. Scott spent several days last week in Portland.

Mrs. W. E. Neff, of Cornelius, Ore., is visiting with her brother, W. R. Winans.

Almost everyone in this district is very busy now during the strawberry harvest. Winans and Scott are among those who have very excellent berries. Help is rather scarce this year. The rain last Saturday interfered greatly with the picking of the berries and the ranchers got behind in the shipping.

The Misses Fair and Mary Winans and Linnaeus Winans, who have been attending the Willamette University in Salem, were expected home last Saturday.

The road has been completed which Anthony Flint and several men have been busy on for the past few days. This road crosses the Wilson ranch, turns at the north end of Winans and runs west several rods and joins the old road. The road is 40 feet wide, 20 being graded. We are proud in saying that this is one of the finest roads in Hood River valley.

Work has been begun on the bridge crossing Hood river on the road to the Punch Bowl. The old bridge was considered unsafe several months ago, but was repaired in order that the ranchers on the west side of the river might use it. The new bridge is below the old one about 100 rods.

The thirteenth anniversary of the "Camaas Prairie and vicinity pioneer association" has come to a close amid a feeling of general goodwill.

The association has 146 members that have been in this section 20 years or over.

The object of the association to promote a "foster" feeling of fellowship among its members and to this aim is accomplished at least to a degree, is evidenced by the fact that these annual reunions members drop their differences and are often many miles, to attend them.

Officers elected for the ensuing year are: C. W. Moore, president; Claus Staack, vice president; Mrs. F. J. Shaw, secretary; H. Bertsch, treasurer.

Those of us who are under the impression that the interest in athletic sports declines as we grow older might have been agreeably surprised had they noted the readiness and fidgeting of the old gray haired veterans as the hour approached for the game of ball between Glenwood and Trout Lake.

Speech making was cut short and the wise chairman promptly adjourned the meeting. This community wishes to go on record that the only game of ball worth while is not where the pitcher is the whole thing, but where the ball receives a good landing and where the boys do sometimes make two and three base hits. The score at the ninth inning stood 13 to 11 in favor of Trout Lake. The score keepers, getting excited, allowed another round, which gave the visiting team three runs. The day closed with a dance at Thode's hall.

The next meeting of the association will be held in Glenwood June 12, 1914.

Mrs. E. C. Brownlee was hostess to the Aloha club on Wednesday afternoon, June 11. About 25 ladies were present. The house was beautifully decorated with roses and one could almost imagine it to be the vestibule of the famed rose festival at Portland.
