EXHIBITS WANTED

The Oregon State Emigration Commission is making active endeavors to secure exhibits for the land shows that will be held this fall and winter throughout the middle west and east.

The local organizations and growers are organized to go to no expense other than that of gathering the specimens and getting them to the depot.

Comign all exhibit material to the Oregon State Immigration Commission, Commercial Club Building, Portland, Ore.

Now that the council has killed the dog ordinance, we suggest one that is more to the point, considering it from the viewpoint of the nocturnal peace and happiness of the city's residents.

Judging from local conditions and from expressions of those who have made a study of other localities, the statistics of the trade papers are again swelling the estimates of the apple crop far beyond what the real figures should be.

No doubt the new streets prove tempting to the owner of an automobile or a motor car, but be careful with speeding else the record of our city may be marred by a serious accident.

Most fruits should be left on the tree until sufficiently colored, but picked before thoroughly ripened. Firmness is a great asset in keeping fruit.

Vegetables should not be bruised or marred in any way. Leaf tops should not be cut off closer than three or four inches to the vegetable.

Fatatoes necessarily are the best exhibit material of the fruit show. Above all do not wash potatoes. It is much better to clean with a brush.

Now that the Chautauqua is over, the next event of importance to Hood River folk is the school fair to be held here this fall.

Mr. Paasch, who is taking part here studied over the program and are watching the growth of the vegetables that they hope to exhibit.

Mr. Paasch was severely ill just after he landed in New York, having been affected by the heat.

Mr. Paasch, who was born at Hamburg, where he has a large number of relatives and is closely connected with the fruit markets, has shipped his own fruit and that of a number of neighbors for the past three years.

Mr. Paasch is making preparations to erect a handsome new home. The Summit district produces large quantities of strawberries.

Today's program at the Gem is as follows: "Alone in the Jungle." A Selig two-reel special.

Friday and Saturday's bill is: "The Switch Town." "The Redemption." "The Detective Trap."

By a deal just completed between J. F. Thompson and A. Millard, the former takes over full charge of the Upper Valley orchard owned jointly by the two.

Pratt will be here soon. B. B. Pratt, of the pomological department of the United States Department of Horticulture, will be here next week to meet with growers and discuss storage problems and map out a campaign for experiments for the coming year.

Library Contract Awarded. L. A. Woodard was granted the contract for the construction of the new Carnegie Library.

Prune Pickers and Packers Wanted. Prune pickers are wanted at Marydale Orchard, at Moser by August 21st.

For Sale—Second hand Quik Meal Gasoline cabinet range burner, 2 oven burners in good order.

THE RECALL

We, at least, hope that the recall petition will prove to be a tempest in a tea pot.

It may be that we will soon have some of Portland's poor urchins among us. Let's do our best to show the youngsters a good time.

HOMER A. ROGERS STARTS NEW HOTEL

Homer A. Rogers, whose bungalow home is on Chest Hill at an elevation of 2800 feet, passed through the city Tuesday en route to Portland to secure a chef for the new Summer hostelry that he will open this week.

The name of the new hostelry will be Mount Hood Lodge. "I do not intend to begin on any grand scale," says Mr. Rogers, "but I am going to build the business up and make it something worth while."

Mr. Rogers spent several years in the heart of the Alpine country in his younger days and was the youngest climber ever to have climbed the Matterhorn.

AUTOMOBILE IS SMASHED IN WRECK

The Ford automobile of William Peterson of White Salmon, who is employed by the Stanley-Smith Lumber Co. at Green Point and who was returning to the mill plant after having brought some passengers to the city, was completely wrecked when the car went over the embankment at the Struck corner.

The car was brought over one and landed against a telephone pole at the bottom of the embankment. Fortunately Mr. Peterson was not injured, with the exception of some scratches on his arm.

GOVERNOR NOT ABLE TO JOIN PARTY

On account of the death of State Printer W. S. Dunaway, Governor Oswald West was not able to join the party that will leave here this morning with Mrs. Edith Tozier Weathered for Lost Lake.

Geo. Robbins, editor of the Pendleton Live Wire, and Mrs. Robbins came down yesterday afternoon. Others of the party who came up last night from Portland are: Albert Tozier, Mrs. Weathered's brother, S. R. Oldaker, of Pendleton, J. R. Ready, Dr. R. M. Davis, Richard Adams and Mrs. E. E. Morgan, of Portland.

By-Products Given a Boost. The growers of the Hood River Valley are now being given an opportunity to make the most of their by-products, the cull apples and lower grade fruits and berries grown in the district.

Mr. Calkins, manager of this plant, says that a representative of the company will be in the field soon soliciting the aid of the growers. "We need them," said all of us must get into for the time is short, and we should get our new plans under way before the next crop comes on us."

Many at Coast Resorts. A great number of Hood River people are now at Pacific coast resorts during the warm weather. Those at Cannon Beach include: Mr. and Mrs. Truman Butler, Mr. and Mrs. Wm. Yates, Mr. and Mrs. Chas. T. Early and Dr. C. H. Jenkins and family.

Mitchell Assumes Duties. S. A. Mitchell, formerly in the banking business in Rock Valley, Ia., and a great friend of M. H. Hill, who is president of the institution, has assumed the vice presidency of the Hood River Banking & Trust Co.

Lewis on Vacation. Members of the city council at the Monday night meeting of that body persuaded Marshal Lewis not to hand in his resignation as he had intended to do.

HOOD RIVER TAKES PALM

In all of the wide state of Oregon the county of Hood River is the Oregon for being the most orderly.

During the year 1912 not an arrest was made because of a brawl or a quarrel. No blood was shed. It is true that Hood River is one of the smallest counties of the state, and yet it has its large lumber mills that employ men by the hundreds.

The little Apple Valley makes a reputation in may districts of the country. It has the highest
