RANCHERS ASKED TO AID WITH TROUT

The members of the State Game and Fish Commission are eager to secure the co-operation of the ranchers of all districts in distributing trout fry from the Bonneville hatchery. It is the purpose of the Commission and local sportsmen to bring a carload of the minnows here next week some time and take them to remote Upper Valley streams and to Lost Lake. The fish in Lost Lake have been diminishing rapidly on account of the numerous water-dogs, which eat the spawn. However, the salamanders do not harm the young fish, and it is thought that if enough fish are put into the lake they will kill off the young water dogs and thus kill off this pest.
The ranchers are urged to assist in the transportation and distribution of the fish in as many ways as they are able; for it is more for their benefit that the streams are being stocked than for any other purpose.
The trout grow very rapidly, some of them attaining a length of eight and a half inches in a year. The hatchery is turning out millions of the fry now and will continue the supply for stocking purposes each year.

FRONTIER DAYS PROGRAM READY

The program for Frontier Days at Walla Walla, Washington, will come from the printer within the next few days. It is a neat folder, printed in two colors, and gives in detail the full program for the big three-day celebration. It also contains information regarding the races for the Walla Walla County Fair and the amusements and sport arranged for children. Rules and purses are also published and the folder will be a valuable one for reference.
Great preparations are being made for the Frontier celebration and the management is determined to make it the biggest and most interesting ever held. Few features are being booked and much interest is manifested by people all over the country, letters coming from every state in the union inquiring about the show. There will be at least twenty-four events each day and every one will be exciting and interesting. The worst outlaw horses in the country and the best riders are sure to be in attendance. Every performer will be a star and every act will be a revelation to those who witness it.
Excursions will be run on all the railroads and the time limit will permit a stay for the entire celebration. The program will be mailed free for the asking. Write to R. H. Johnson, Secretary, Walla Walla, and secure a copy.
Good Reason for His Enthusiasm
When a man has suffered several days with colic, diarrhoea, or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially in this case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away
Hood River women know how the aches and pains that often come when the kidneys fail make life a burden. Backache, hip pain, headaches, dizzy spells, distressing urinary troubles, are frequent indications of weak kidneys and should be checked in time. Doan's Kidney Pills are for the kidneys only. They attack kidney diseases by striking at the cause. Here's proof of their merit in a Hood River woman's words:
Mrs. A. L. Vincent, 804 Columbia Ave., Hood River, Ore., says: "Doan's Kidney Pills have been used off and on in our family and they have always brought good results. I have had backache and Doan's Kidney Pills relieved me so much that I publicly endorsed them. You may continue using my testimonial for I have continued taking Doan's Kidney Pills since and the good results have strengthened my high opinion of them."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Sinnott Secures New Surveys

Replying to urgent requests by Representative Sinnott that surveys be expedited on lands in Lake county on which settlers have been located a year and more, the general land office has notified Sinnott that surveys on township 25 south, range 15 east, and township 26 and 27, range 16 east, when returned to the survey or general last year were found defective. It is expected changes will be approved about August 20, when cases will be made special to enable settlers to make filings.

Suffered Eczema Fifty Years—Now Well.

Seems a long time to endure the awful burning, itching, smarting skin-disease known as "tetter"—another name for Eczema. Seems good to realize, also, that Dr. Hobson's Eczema Ointment has proven a perfect cure.
Mrs. I. L. Kenney writes:—"I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter, which has troubled me for over fifty years." For sale by Chas. N. Clarke.

Carson Develops Sprinting Talents

City Marshal J. K. Carson developed latent sprinting talents last week, when he chased Peter Finley, an Indian who had returned in an intoxicated condition from The Dalles. Finley had gone to the Indian village west of the freight yards, where he had roughly handled Fat Peter, who made an attempt to quiet him.
George Emry, who accompanied Mr. Carson, aided in the chase and grabbing at Finley as he passed him in one of his corkscrew turns, tore off his shirt.

Remarkable Cure of Dysentery

"I was attacked with dysentery about July 19th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Hill, of Snow Hill, N. C. For sale by all dealers.

AUTOISTS WILL USE MOUNT HOOD ROAD

Portland automobilists plan on a run next month over the Mount Hood road, or Harlow Toll Road. The Oregonian says:
"As the best means of opening formally the Mount Hood road to The Dalles and Escrum Oregon, there is to be a trip to the Pendleton Round-Up made by members of the Automobile Club in the middle of September."
Frank Robertson, chairman of the committee, has taken much interest in the Mount Hood road, familiarly known as the old Harlow Toll Gate road, and has recently returned from his second tour of inspection, having gone to the eastern end of the road. He reports that all rock, stumps and other obstacles have been removed.
"The construction of four bridges necessary to make it a practicable automobile road is now under way and will be completed by September 1. From Clear Creek to Wapinitia the road is in good condition, with the exception of a stretch about three miles just east of Clear Creek. Business men and several wealthy ranchers in the vicinity of Wapinitia are taking interest in this road and promise to put that portion of it in excellent condition."
"The committee has decided on the following route with distances from Portland noted: Gresham 13 miles, Sandy 27 miles, Government Camp 57 miles, Clear Creek 74 miles, Wapinitia 87 miles, Deschutes River, Hunt's Ferry (new steel bridge) 110 miles, Shaniko 135 miles, Antelope 142 miles, Fossil 177 miles, Central 195 miles, Olex 215 miles, Echo 294 miles, Pendleton 316 miles.
"The run the first day will be from Portland to Skamania, which can easily be made in 10 hours. On the second day the run will be made from Shaniko to Pendleton and this distance can be covered in eight or nine hours. Motorists who have travelled in Central and Eastern Oregon know of the excellent roads found in that section. Ever since first mention was made of the possibility of such a trip keen interest in the run has been taken by all club members. It is expected that not less than 200 cars will participate in this run."

NO END OF REASONS

why you will find this a splendid store at which to purchase shoes; a few are shown in the picture but there are plenty of others. Come and learn them in person. You'll find it a pleasant and profitable experience

Tips on Titles

A MAN
came rushing into our office and wanted an Abstract in a hurry. He seemed to think we kept them on hand and could pass on the one he wanted right over to him. It was the first time he had ever required an Abstract. He had an opportunity to make an investment which gave promise of rich returns. It was an unusual chance. He had no ready money so had gone to his bank to get it by placing a mortgage upon his land. The bank, according to its custom, demanded an Abstract and referred him to us. Now the man had lived on this land. He had paid good money for it. He held a Warranty Deed. He thought it was his. It was, but there was a "cloud upon the title" which had to be cleared before he could obtain any money upon his land. There were defects in the instruments as recorded which could be remedied only by a decree of the Court. This required time. Meanwhile the opportunity for the promising investment had passed.
This is not fiction. It is not even exceptional. It is the sort of thing that is occurring repeatedly.
"On your land in Hood River County. You intend, some day, to have it covered by an Abstract. Why Not Now? There is nothing to be gained by delay and may be much to lose. It matters not what you think about your land, your title is only as good as the records show. The business of the Abstractor is to give you the record of your title.
Some people seem afraid to enquire into the title to their land. They prefer to play "ostrich" and try to think there can be nothing the trouble with it. When the day comes, as it surely will, that they must have an Abstract they are disappointed that they have to wait for the Abstractor to do his work. But they can't blame the abstractor. It takes time to prepare a correct and complete Abstract. Besides there are always other hurry orders ahead which must be finished before new work is begun. It is even more annoying to learn that the title you thought good is imperfect. The trouble may be slight and of a nature which could be readily removed, but still sufficient to cause an exasperating delay at a time when one wishes to make a quick sale or raise money upon a mortgage.
Be wise enough to have your Abstract made NOW, while there is no urgent need for prompt action.
Come in and talk to us about it, we may be able to make a few suggestions of benefit to you.
We have been searching Hood River Titles since 1880, and if there is a flaw in the Title we can find it.
