D. D. D. Opens New Era in Cure of Skin Disease

Professor Eubank's case of eczema was shown to almost every hospital and physician of reputation throughout the state of Connecticut. His letter is another interesting demonstration of what is being accomplished by the famous ointment D. D. D. Prescription. "It may be of interest to you to know that your life-saving preparation, D. D. D. Prescription, has been of incalculable value to me. I was covered with eczema from head to foot when I began using your remedy. I could not go to sleep, although I tried a thousand ointments. I applied but two bottles of the Prescription; it cured me and was effected in a very short time, in less than one month."—Prof. C. J. Budenz, South Lyme, Conn.

Ask any druggist today for D. D. D. Prescription. It will tell you it cures the itch instantly—and soon there are signs of cure.

We have handled the remedy for years and regard it as the specific for skin troubles of all kinds. Come in or ask us about D. D. D. Prescription, also about D. D. D. Soap especially for tender skins.

We offer the first full size bottle on the guarantee that unless it stops the itch at once, it costs you not a cent.
