Bakes to Perfection

"I had no idea this Oil Cook Stove would bake bread and cook everything just like my steel range. But it does. And best of all my kitchen stays cool these hot days. Besides, there's no coal or wood or ashes to lug. Oh, I'm delighted with it."

New Perfection OIL COOK STOVE

It bakes, broils, roasts and toasts—perfectly. It does all that any wood or coal stove can do—and at less cost. It doesn't smoke; doesn't taint the food. Clean, safe, convenient. Ask to see it at your dealer's.

Insure With Us

Fire Insurance is the basis of business credit. Life Insurance is the basis of personal credit. The valuable feature about Life Insurance is that you save at the same time you are protecting your future. Our little plan for saving that beats 3 per cent is to write your life insurance in a manner by which you can pay your premium on the building and loan plan. With us you can insure for \$1000 and pay for it at 60 cents a week. Your money compounds. That's brief and all there is to it just now. Ask us.

We have for sale for 10 days, 68 acres in Dukes Valley, for \$80 an acre. 5 cleared and under the ditch. No fruit. We have a party who wants 5 acres near town, mostly bearing. Must have building site. Moral—don't destroy your shade trees.

Frankton Girls Make Basket Ball Record

The girls' basket ball team of the Frankton high school, composed of Misses Emma Noble, Beth Copper, Winnie Eastman, Hazel Mowers, Ruth Berry, May Boles and Calla Berry, has made an enviable record this spring, not having lost a single match game. But one of the girls had ever played basket ball before this winter.

Despite the fact that they had no place in which to practice except the open court on the school grounds, the girls persevered. They finally secured permission to use an old sheep barn near the school, and several of them journeyed to the city twice a week for practice.

Warning

The deputy recorder, Miss Lucille Johnson, states that people who are using the city water for irrigating purposes without having secured permits are doing so at their own risk. "The warm weather has caused many people who have not secured permits to start irrigating," says Miss Johnson. "The city ordinances provide that all shall first secure permits."
