A Good Oil Stove does away with all the dirt and bother that comes with wood, coal and ashes. It makes light work and a clean kitchen.

No wood, no coal, no ashes

New Perfection OIL COOK STOVE

burns kerosene, the clean, cheap fuel. It is a fine stove for hot weather because it doesn't over-heat the kitchen. All the heat is applied at the cooking point. You can bake, broil and roast on it just as well as on a wood or coal stove—and much quicker and cheaper. It doesn't smoke or smell; doesn't taint the food. Get an oil stove and make summer cooking easy and comfortable. Dealers Everywhere.

MOUNT HOOD.

The mill whistle is much missed at Mount Hood and most of the workers at the mill have gone to other places.

Mr. and Mrs. Stratton and daughter, Allie, have moved to Odell where they expect to manage a boarding house, Mr. Stratton having a position in the Pine Grove box factory.

Mr. and Mrs. Fred Pfinghaupt and children moved to their farm home at Odell.

Mr. and Mrs. John Woods are remaining at the mill for the next few months as Mr. Wood is overseer of the lumber yards.

Joseph Demmon is building a blacksmith shop at Parkdale and expects to locate there indefinitely.

Roy Hagg and Al Lessure are working on W. J. Helmer's hay trailer in the Lower Valley this week.

Messrs. Eric and Peter Swanson have returned to Portland.

The rock crusher is removed to Parkdale the crew consisting of Messrs. W. B. Davidson, Grimes, Morse, Hess and Gorden. The roads north of the Mount Hood store have been greatly improved.

Miss Helen Larwood, who has visited Mount Hood friends during the summer at the home of her parents, Mr. and Mrs. E. L. Rood.

Miss Florence Rood and Hazel Miller who have been packing berries in the Lower Valley, came home the last of the week.

Mr. and Mrs. Geo. Crum, of Hood River, are camping at the Owen's ranch, where they will work in the strawberries, Mr. Crum also expecting to paint some scenery pictures while there.

Mrs. Perry Billie and baby came up from St. Johns to spend the summer at the home of her parents, Mr. and Mrs. E. L. Rood.

Mr. and Mrs. J. H. Sheldrake returned from Portland last Thursday.

Mr. and Mrs. J. Happler, who have been at the Hummel home the past few months, have gone to eastern Oregon to work in the lavender fields.

R. H. Jameson has gone to eastern Oregon to find work.

J. C. Davidson, of Parkdale, was over to Mount Hood on business Monday.

Jack Okley, of Camas, Wash., and Margaret Blagge, of Hood River, visited Mrs. O. A. Everson last week.

Robert Lesure and Jake Leas returned Wednesday from a hike to Lost Lake, where they fished and ate fish. They carried their arms full home and thought it a rather strenuous trip.

Robert Lesure has sold five acres of land to Mr. Towers, a former resident of Mount Hood, he having owned the E. E. Mink ranch several years ago. Mr. Towers has been in Illinois and several other southern states, but preferred to make his home here at Mount Hood.

Mrs. Robert Frye, Messrs. M. Rush, Jack and Al Hart, Paddy, Gible and Sheldrake were Hood River visitors Saturday, Messrs. Gible and Sheldrake taking the civil service examinations held at Hood River.

The most exciting school meeting ever held at Mount Hood took place last Monday afternoon, when about 50 people met at the Mount Hood schoolhouse, Col. and Mrs. W. F. Tucker, of the Valley Crest district, interesting the Mount Hood people enough to cause them to come out to a school meeting. Mr. Van Nuys was chairman of the meeting and did not wish for a reelection. Mrs. W. E. Clark and John Cooper were nominated to fill Mr. Van Nuys's place, the election going in favor of Mr. Cooper.

Mr. Ricketts and Mr. Frye made enthusiastic speeches for the erection of a new school house at Mount Hood and it was voted to give the new board unlimited power in building a modern school house, and now the Mount Hood people are wondering if it was a dream.

G. H. Littlefield spent several days at Mount Hood.

Miss Lorena Lesure, who has been visiting her cousin, Mrs. Lottie Diggs at Portland, has returned home.

A. C. Jordan is clearing land with his new brush machine.

will spend the day in Hood River.

Albert Tozier spent last week on his ranch in this district, grubbing and clearing land.

Many of the ranchers from here were in Hood River yesterday, it being bargain day in the city.

Edisley Garland spent Sunday in Parkdale with friends.

Norman Fox, who has been working on the Macrum ranch, left Sunday for Pendleton.

UNDERWOOD.

Miss Ruth Vinton, of Hood River, spent the week end here with her parents, Mr. and Mrs. C. M. Vinton.

Mrs. H. S. Adams spent a few days in Portland this week.

Mrs. A. J. Hayes was in Hood River shopping Friday.

Mr. and Mrs. Geo. Hewett were called to Portland Sunday, June 14, on account of the death of their sister, Mrs. E. J. Hyland.

Mrs. Shipley, mother of J. W. Shipley, returned to her home in Hood River Monday of last week.

Miss Dorothy Baker, of Hood River, spent the week here with Mrs. W. G. Detwiller.

There was a meeting of the taxpayers of school district No. 27 Saturday of last week to decide on plans for the new school house, which is to be erected on the site presented to the district by W. M. Fraine.

Among the party from Underwood Heights which took an auto trip to Goldendale recently were Mrs. L. F. Stickney, Mr. and Mrs. H. W. Hamlin, Miss Molly Stickney and H. F. Stickney.

Frank Hogg went to Stevenson Thursday, June 18, to take out naturalization papers, H. W. Hamlin and H. C. Lowden acting as witnesses.

Mr. and Mrs. W. G. Detwiller and children went to Stevenson Saturday for a short stay.

J. W. Shipley cut the alfalfa from his nine acre patch last week, which yielded him 30 tons. This was the first cutting.

Miss Molly Stickney, who has been here for the past month with her mother, has returned to Seattle.

Mrs. J. W. Shipley returned home from Portland last week.

Val Sandell and Miss Sylvia Whitney were married at the residence of F. W. DeHart Saturday, June 20. Mr. Sandell is the well known blacksmith, of this place, and his bride was a nurse at the Hood River hospital for several years.

Mr. and Mrs. W. F. Cash are spending a few days in Portland.

WHITE SALMON.

(From the Enterprise)

A concrete fish ladder is being put in at the big dam of the Northwestern Electric Co. on the White Salmon river a few miles north of town. All of the gravel needed on this work has been hauled to the dam and it is learned that considerable concrete work will also be done in the way of retaining walls, etc. This will replace the 1000 foot wooden fish ladder erected not long ago.

Steam shovels are at work on the roadbed of the new railroad being built into the Glenwood country from Klickitat, according to information received here last week and work is being rushed as fast as possible. The present terminus of the new road is about nine miles from Laurel and Glenwood, but it is thought that the road may be extended further west and north later.

For assault on the person of Katie Jackson, a small Indian maid, Elsie Sam, an Indian woman, was last week fined to serve 30 days in jail and pay costs, by Justice of the Peace Groshong. The girl was roughly handled by the Indian woman, an arm being dislocated and several ribs broken during the fight. Katie Jackson's mother, who had also beaten the girl a few minutes before, was fined \$15, which she paid.

Opening of mining properties in the Laurel country was on full blast last week, says a report from that section. Ore discovered a few weeks ago will go from \$16 to \$18 gold and the prospectors have a crew of men at work in opening up the property. The mine was opened up on June 11 and quantities of powder have been purchased to push on the work as fast as possible. This property is located southeast of Laurel, on the Glenwood road.

WINANS CITY

D. L. Rountree and Miss Velma were Hood River visitors Friday.

The agent of the Watkins Co. was in this district last Thursday and Friday.

Earl J. Cummins, of the Oregon Social Hygiene society spoke to the men at the sawmill in Dec one day last week.

Mrs. Edith Tozier-Weathered, whose brother, Albert Tozier, has ranch in his district, is expected this week for a short vacation.

Mrs. W. R. Winans and Miss Fair Winans were in Hood River Monday.

Everyone planning for a big time the Fourth of July. Many expect to spend the day in Parkdale, where there will be an all day celebration, while others

Lost Boy Located

Albert Austin, the adopted son of Mr. and Mrs. Oscar Fredenberg, of the Mount Hood district, about whom the people of that district were alarmed last week, was located Sunday by Mr. Fredenberg. The boy was seen at the Fashion Stable here. He stated that he was going to Portland. The Boys' and Girls' Aid Society home was notified, and the boy, if found will be taken there.

LAND FOR SALE

30 acres (25 cleared) on main road about 1 1/2 miles north of Mount Hood store—set to trees Spring 1911 and strawberries (about 100,000 plants between tree rows) Spring 1912. Modern house, electric lights, furnace, hot and cold water, garage and stable. Price \$15,000.

50 acres slashed land located near above, will sell in smaller tracts or will trade. Price \$90 per acre.

50 acres raw land, same location, will sell in small tracts or will trade Price \$75 per acre.

5 1/2 acres on West Side, near town and Frankton school all set to trees—apple, pear, peach and cherry, about 7 years old and under. Comfortable house (electric lights), barn and small packing house. Very desirable for anyone wishing a small place near town. Price \$6,500.

All of the above tracts are under irrigation ditches, excepting about 5 acres of the slashed and raw land.

Dain Vertical Lift Mower

The Mower of Superior Design

Every now and then, a man comes along who proceeds to destroy some established standard and set up a new one by the simple process of presenting something better.

He has no new elements to work with, but he has been able to form a new combination of these elements that is superior.

This is exactly what happened when the Dain Vertical Lift Mower was created. The designer saw a way to recombine the essential elements of a mowing machine and leave out a lot of unnecessary parts. At the same time he actually increased its efficiency.

For instance, by simply turning a bevel gear end for end on its shaft, he overcame the thrust on this shaft and discarded the thrust collars and thrust bearings others had found necessary. Thus, the power formerly wasted in friction is saved and the construction simplified besides.

Then, again, by arranging the two sets of gears, used on mowers generally, so that the pressure of one pair counteracts the pressure of the other, all the power consuming strain with its consequent wear, is avoided.

So on throughout the machine, the investigator will find improvements that make the Dain Mower worthy to be called "The mower of superior design."

And the John Deere-Dain Rake is just as up to date as the mower. It is built for service—and lots of it.
