## PARTY ENJOYS SPORT IN CENTRAL OREGON

A party of Hood River men, composed of Ralph Root, William Stewart and Dr. E. D. Kanaga, recently enjoyed excellent fishing in central Oregon on the Metolius and the Deschutes on Lake Odell. The journey was made in Ralph Root's car. The local fishermen were gone nine days.

A photograph was taken after the day's sport. Lake Odell. With a number of enormous game fish in front of him, Mr. Stewart is posed for the picture, has a look of contentment on his face that only a fisherman can wear.

The journey was made by way of Wasco, Grass Valley, Shaniko, Madras and Redmond. "There, says Mr. Stewart, "we left the main road and headed for the west. When we reached Sisters we headed north to the headwaters of the Metolius, where we stopped with Dan Heising. Mr. Heising had a bad fire in the winter, but just completed a new hotel. He is prepared to take care of all who visit him with his comforts.

"After four days of fine fishing we went back to Bend and nothing would do Mr. Root but that he have another fling with his rod. It was about one o'clock, but we went out to the place of Dan Ryan and filled our baskets. "The next day we joined Dr. Coe, of Bend, and journeyed in a motor machine down to La Pine. Dr. Coe is reputed to be one of the best drivers in the Bend country, and he knows the ins and outs of the land like an open book. The way he took over those crooked forest roads at high speed was something that caused us to wonder. However, his only accident was to graze a Jack pine too closely at one time, and lose a bulb.

"The Doctor escaped us for a while at La Pine and went through the village and told that we were a bunch of railroad men, come to the district on a secret mission. When we went in to supper at the hotel that night I never tasted such a meal. It was fit for a king. And when we came out of the dining room the whole population of the town was lined up to get a view of the railroad men. These people would give anything to get a railway.

"We went from La Pine down to Crescent City, where we picked up Mr. Roric, a merchant of that village. "Mr. Roric is a rare sportsman. He armed himself with a six shooter, which had a barrel about 18 inches long, and an axe. I could see that we might need the gun, but I asked him the why of the axe. He told me to wait, and I assure you that I didn't have long to wait. We soon came to places where the Jack pine had grown up thickly in the road. He chopped a clear way for us.

"They say that a strong man can push one of these Jack pines over. They have no tap root. This country will make a wonderful grass country, when it is opened up. The pine trees can be cleared at slight expense, and the moisture remains all summer in the dry ash soil. I dug down about an inch on the roadside and found moist earth. "At Odell lake, which is about eight miles long, we filled our baskets again. On our return we visited the wonderful volcanic formation about 16 miles from Bend. A crater there threw out enormous quantities of molten lava, that cooled and it rushed from the crater mouth. As it cooled a great plateau, hundreds of feet higher than the surrounding country, was built up. Its walls are perpendicular, there are many such wonderful sights in this country, and with the fishing that one may enjoy, one never goes but that he is lured to return.

"On our way home we stopped at the Warm Springs Inn, a very agreeable. The scenic beauties of the hills there beggar description. Whole mountains, a deep red, loom up to excite the awe and admiration of the traveler."

### Astoria Regatta for 1914

Astoria will extend the hand of welcome on July 2, 3, 4, 1914, not only to visitors from distant points of the Pacific northwest, but in particular to its neighboring communities of the lower Columbia, Grays Harbor, Willapa Harbor, the Cowlitz and Chehalis valleys, Tillamook, Nelsm, etc. In fact, through its regatta committee the city extends a cordial invitation to all the people of these communities to unite in the 19th annual regatta to be held on the dates above mentioned.

A number of Hood River men were invited to the regatta, among them E. O. Blanchard, A. J. Derby and Joe D. Thomson, to serve on the staff of Admiral Phil Metcham, Jr., of Portland. Great interest is manifested in the great aquatic event by outside communities this year, and Admiral Metcham, expects to have at least 300 members on his personal staff, representing all parts of the northwest.

### Take Plenty of Time to Eat.

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness in the throat, stop eating and sip of water. Apply Ballard's Snow Liniment's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.

### Socialists Will Initiate Bill

The Socialist party of the state is circulating petitions to place on the ballot at the November election a bill providing for a department of industry and public works. The bill proposes to provide employment for the unemployed by placing them at work on industries, systems of transportation, distributing stations and public works. The fund to conduct the department will be raised by levying a ten per cent tax on the estates of deceased persons, where estates are over \$50,000.

If you have the itch don't scratch. It does not cure the trouble and makes the skin bleed. Apply Ballard's Snow Liniment. Rub it in gently on the affected parts. It relieves itching instantly and a few applications removes the cause thus preventing permanent cure; price 25c, 50c and \$1.00 per bottle. Sold by Chas. N. Clarke.

## SINNOTT'S HOMESTEAD BILL PASSES HOUSE

The House of Representatives last week passed Congressman Sinnott's bill amending the homestead law by providing that homesteaders may divide the five months' leave of absence each year into two periods if they so elect, provided they reside on their homestead seven months in each year. As the law now stands the leave of absence must be taken during five consecutive months.

Mr. Sinnott also secured the passage of the senate bill providing for the exchange of forest lands in the Ochoco forest reserve. Due to objections raised by several members, Mr. Sinnott was unable to secure the passage of the senate bill which provides for the exchange of school lands in the Oregon forest reserves. This bill was introduced at the request of Governor West, and it develops that the school lands in the forest reserves which the state proposes to relinquish to the government are worth only half as much as the lands which Governor West hoped to secure in exchange if the bill becomes a law. The house objected to any exchange unless the government was willing to accept in transfer lands of the same value as those relinquished.

Representative Sinnott called up another bill on the calendar which provides that homesteaders in districts where enlargement homesteading is permitted may make second entry of 160 acres if their original entry was for only a quarter of a section. Representative Mann's objection prevented the passage of the bill.

## BOARD OPPOSES BALLOON RECOVERY

Opposition on the part of the city authorities has caused the proposed expedition into the Bull Run water reserve after the balloon Springfield and its equipment to be called off immediately, and it is doubtful if any part of the equipment will ever be recovered, says the Postland Journal.

A valuation of \$4,000 on the balloon basket, owned by Roy Donaldson, the aeronaut, and there are valuable instruments worth hundreds of dollars on the edge of Blue lake, far up in the Cascades, where the balloon landed.

Government rangers will make an effort to get the balloon and its equipment out later in the summer, but the trail up to where the balloon lies is not entirely open, and it would be impossible for a small expedition to handle the cumbersome bundle. The balloon is in the roughest part of the Bull Run reserve and the nearest trail is one and one half miles distant.

Attorney Davis says the effect of the weather on the delicate fabric and instruments, and also expresses the belief that surreptitious entrance to the upper or Hood River end will be made by people who will make way with park equipment. Easy access from that end to within six miles of where the balloon lies is possible, forest rangers say.

In every home where there is a baby there should be a bottle of McGee Baby Elixir. It may be needed at any time to correct sour stomach, wind colic, diarrhoea, or summer complaint. It is a wholesome remedy, contains no opium, morphine or injurious drug of any kind. Price 25c and 50c per bottle. Sold by Chas. N. Clarke.

### County Will Get Fair Money

Various counties of the state will receive sums, ranging from \$418.47, which goes to Curry, to \$10,239.09, the maximum limit, which goes to Multnomah, for county fairs, land product shows, live stock exhibits, or if for none of these purposes to be expended on county roads. Hood River county's portion, which was distributed last week by Secretary of State Ben W. Olcott, amounts to \$733.55.

The fund is derived from a one twentieth of a mill tax levied for the support of county fairs.

### Don't Lose Sleep Coughing at Night

Take Foley's Honey and Tar Compound. It soothes your throat and spreads a healing, soothing coating over the inflamed tickling surface. That's immediate relief. It loosens up the mucus in your chest, stops that wheezy breathing, eases distressing, racking, tearing coughs, soothes the irritated, inflamed bronchial tubes and air passages. Children love it. It is mildly laxative—a cough medicine should be, and does not upset or distress the most sensitive stomach. Refuse any substitute unless it contains no opiates; sold by C. N. Clarke.

### First Freight Vessel Passes Canal

The first freight vessel to be towed through the Panama canal was the Grace liner Santa Clara, carrying a cargo of Pacific coast products, 90 per cent of which was loaded at Portland, nearly all of which will be discharged at New York. The vessel is comparatively new, this being her third trip to the Pacific coast.

## Baking Powder Biscuits

Light as a Feather

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Baking Powder Biscuits made by this recipe are so far ahead of ordinary baking powder biscuits that, if once tried, you will never use any other recipe. Try it the next time you run short of bread. Save this recipe.

### 3 C Baking Powder Biscuits

Three cups flour; 1/2 to 3/4 cup shortening; 3 level teaspoonfuls 3 C Baking Powder; about 1 cup milk or water; 1 teaspoonful salt.

Sift three times, the flour, salt and baking powder. Work into the flour the shortening, using hand or tanner for shortening. Then mix to a very soft dough with the milk. The softer the biscuit enters the oven, the lighter it comes out. Never knead baking powder biscuits; press the dough into shape and roll lightly. Cut in small shapes and bake on a sheet or very shallow pan in a hot oven. In placing biscuits in the pan place well apart, not allowing edges to touch. Small biscuits are better than large ones. Large biscuits do not have the proper amount of time to raise and bake.

### Summons.

In the Circuit Court of the State of Oregon, in and for the County of Clatsop, Plaintiff E. L. Harkin, Plaintiff, vs. Vanderhill Orchard Lands Company, a corporation, and Stanley Smith Lumber Company (Inc.), a corporation, also all other persons or parties unknown claiming any right, title, estate, lien or interest in the real estate described in the complaint herein, defendants.

To the defendant Vanderhill Orchard Lands Company, a corporation, and Stanley Smith Lumber Company (Inc.), a corporation, also all other persons or parties unknown claiming any right, title, estate, lien or interest in the real estate described in the complaint herein, defendants: You are hereby notified that the plaintiff herein has filed a certain statement of which, with a description of the land is as follows: That defendant is required to set forth the nature of their claim to an undivided one-fourth interest in the East side of the southeast quarter, the southwest quarter of the southeast quarter, and the southwest quarter of the southeast quarter of Section 15, in Township 2 North of Range 3 East of Willamette Meridian in Hood River County, Oregon, that said claim is therein determined and the title to said premises be forever quieted, that plaintiff be decreed to be the owner in fee simple and entitled to the possession of said undivided one-fourth interest in said premises, and that the defendants be forever enjoined from asserting or attempting to assert any claim to said premises or any part thereof adverse to plaintiff's title or assigns; that the plaintiff has judgment for such further relief as to equity may pertain.

This summons is served by publication in the Hood River Glacier by the order of the Honorable W. E. of the Court, Judge of the above entitled Circuit Court, made and entered of record hereon on the 18th day of May, 1914, directing that the above published once a week for six consecutive weeks, pre-writing the date of first publication, and requiring that you appear to answer herein on or before July 6th, 1914. Date of first publication, May 21st, 1914.

### FOR SALE

\$17,000.00 6 per cent Irrigation District Bonds, East Fork Irrigation District Hood River, Oregon.

Said bonds were issued by the Board of Directors of East Fork Irrigation District at their office in Rooms 5 and 6, Hall Building, Hood River, Oregon, on Tuesday, June 30th, A.D. 1914, for the purpose of raising the sum of One Hundred Fifty Thousand Dollars in the aggregate sum of seven thousand (\$7,000.00) dollars, and of the following denominations and maturities, to-wit: seven hundred (\$700.00) each, maturing July 1, 1922; one thousand (\$1,000.00) each, maturing July 1, 1923; and one thousand (\$1,000.00) each, maturing July 1, 1924, at the rate of six per cent, per annum, payable on the first day of January and July of each year. The interest on the bonds is attached to the bonds, and both principal and interest are payable in lawful money of the United States of America at the office of the Treasurer of said district, or at the Fiscal Agent of the State of Oregon in the city of New York, N. Y.

The above described bonds are issued for the purpose of procuring necessary reclamation work, and acquiring the necessary property and rights therefor, to irrigate and reclaim the lands within said District, and otherwise carry out the laws of the State of Oregon relating to Irrigation Districts.

The legality of these bonds has been approved to this date by Messrs. Dillon, Thompson & Clay of New York, N. Y. Unqualified bids will be received, and the successful bidder will be furnished with an original copy of the opinion of the above mentioned attorneys, covering the legality of the bonds.

Each bid must be accompanied by a certified check or cashier's check on some responsible bank for an amount equal to two (2) per cent of the face value of the bonds bid for, payable to the President of East Fork Irrigation District, to be forfeited in liquidated damages in case the bidder shall withdraw his bid or shall fail to neglect to take and pay for said bonds, should the same be awarded to him. The bonds will be sold to the highest responsible bidder, provided, however, the right to reject all bids is hereby reserved.

All proposals should be marked "Proposals for the purchase of bonds," and addressed to C. R. Bone, President of East Fork Irrigation District, Rooms 5 and 6, Hall Building, Hood River, Oregon, or to the Secretary of East Fork Irrigation District, Hood River, Oregon. Dated May 23, 1914.
