Ready at the touch of a match
 With a good oil cook stove there's no delay or bother—no lugging of wood, coal or ashes. There's no smoke—no waiting for the fire to "catch up". Cooking starts at once and when you're through you simply turn off the heat—no fuel wasted. The
New Perfection OIL COOK STOVE
 is not just a "quick lunch", light housekeeping affair. It is a complete all 'round stove that you can bake, broil and roast on just as well as on a wood or coal range—and a lot cheaper. Best of all—it doesn't overheat the kitchen. An ideal summer stove. Doesn't smoke. Doesn't taint the food. Dealers everywhere.

Jelly Roll Recipe
Only Two Eggs Required
 By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine
 This Jelly Roll is fast becoming very popular on account of the way it keeps fresh. With proper handling it should keep fresh a whole week, providing it isn't eaten up in the meantime, for it is every bit as good as it looks. 33

K C Jelly Roll
 One cup sifted flour; scant half teaspoonful salt; 2 level teaspoonfuls K C Baking Powder; creamed yolk of 1 lemon; 8 eggs beaten light; 1 cup sugar; 1/2 cup hot milk; glass of jelly; powdered sugar.
 Beat the sugar into the eggs; add the lemon rind, then the flour, sifted three times with the salt and baking powder; and, lastly, the milk. Bake in a buttered dripping pan; turn out on a damp cloth, trim off the crisp edges; spread with jelly and turn over and over into a roll while still warm. Dredge the top with powdered sugar.
 Hot milk used in the jelly roll enables it to be rolled without danger of cracking. Have the milk scalding hot, also be careful to have the eggs and sugar beaten together until very light and creamy. Bake in a moderate oven.
 K C Jelly Roll is illustrated on page thirty-two of the new and handsomely illustrated 64-page K C Cook's Book, which may be secured free by sending the certificate packed in every 25-cent can of K C Baking Powder to the JAGGUS MFG. CO., Chicago, Ill.
