The country people declare their rates are too high. It is probable that the companies will petition the Railroad Commission for a raise in city residential rates. The following committee of the Commercial club met Mr. Aitchison last week and asked that the commercial rate for the city be lowered but that no increase be allowed in the residential rate. Kent Shoemaker, A Native Son, Republican Nominee for County Clerk. As the time for the general election draws near he begins to take an interest in politics. Since the primary election last May I have been quite busy in the harvest fields of Eastern Oregon and am at present packing apples and do not feel like sparing the time to make a personal campaign. I have not, however, failed to appreciate the hearty support at the primary securing the Republican and Progressive nominations. Although I am not a professional man I have had two and a half years experience in the office, and having lived in Hood River all my life, feel that I understand the duties of the office as well as the wishes of the people, and I have already promised to work for the interest of tax payers. WHY YOU SHOULD VOTE FOR BOOTH

Republican Candidate for United States Senator. Are you better off now than you were under a Republican Administration? Are you satisfied? If you believe in the principles of the Republican Party, if you are convinced that these principles are best for the country, then prove it by voting for your standard bearer, Robert A. Booth, Republican Candidate for United States Senator. You know that under Republican presidents the people of the United States have good times. You know that under Democratic presidents you have democratic times. Remember the prosperity under McKinley, Roosevelt and Taft. Remember the conditions under Cleveland and Wilson. The issue in this campaign is not one of personality. It is not one of non-partisanship. It is a question whether you prefer prosperity under Republican administration. Do you have enough work? Are your wages good? Is your business what you want it to be? If you are satisfied with present conditions, well and good; if you believe the present situation is better than under McKinley, Roosevelt and Taft, you know what to do. The way to bring prosperity is to help elect a Republican Senate. The Republican candidate in Oregon is R. A. Booth. This is a Republican year. Vote the ticket straight. (Paid Adv. Republican State Central Com., Imperial Hotel, Portland, Ore.)

Alleged Bootlegger Escapes

Harry Wilson, who had been arrested and was being held on a charge of bootlegging, made his escape from the city prison Monday morning. Marshal Carson had escorted the man from a local restaurant, where he had been given his breakfast, and had locked him up while he was in conference with County Attorney Derby and Deputy Hazlett. "I was only gone about 20 minutes," said Wilson, "but when I returned the man had pried a bar of the top of a window and was gone. He had made the opening with a light rod attached to the jail wall for a coat hanger."
