## EVERYBODY SATISFIED!

We are sorry to inform our patrons that we are not able to longer furnish them with Hood River Creamery butter for the very good reason the Directors of the Creamery have seen fit to refuse to let us have any more butter unless we agree to maintain a profit of fifteen cents per roll. This we have refused to do as it would be a direct violation of the law to make such an agreement, and furthermore, we consider a profit of ten cents cash, of more sufficiency than fifteen cents credit.

At a meeting of the Creamery Officials and the Merchants held about ten days ago, this matter was discussed and at that time we told them that we did not think we would agree to maintain a fixed price. The other merchants present said our refusal to maintain a fixed price would operate to the detriment of the Creamery as "they would refuse to handle the butter if we cut the price." This threat evidently "took" with the Creamery people, as we were informed Saturday morning that we could have no more butter, although we had been promised that we could positively have butter Saturday. This left us without any butter at all as we were depending on this for our Saturday's trade and did not have any coming from Portland. However, we made good by going out and buying in the open market and supplied our customers at our regular price.

We cannot see wherein our refusal to maintain a fixed price on this butter would injure the Creamery, as the Merchants should reconcile themselves to the fact that we are going to sell butter on a ten cent margin whether we handle Hood River butter or not and their threat to refuse to handle it made no difference.

We are still handling "White Clover" butter which is too well known to require any introduction and which we know will prove entirely satisfactory.

We are satisfied, because we are selling plenty of good butter and making a profit of ten cents cash.

Our competitors are satisfied, because they are selling Hood River butter and making a profit of fifteen cents---when they get it.

The Creamery people are satisfied, because they are selling their entire output in Hood River.

The Consumer is satisfied, because he pays his money and takes his choice.

WE DESIRE TO CALL YOUR ATTENTION TO THE SEASONABLE MERCHANDISE UPON WHICH WE ARE MAKING VERY LOW PRICES. THESE SPECIAL PRICES WILL APPLY UNTIL CHRISTMAS HERE'S A REAL CHANCE TO SAVE MONEY ON YOUR CHRISTMAS SHOPPING.

OUR TOWN STORE WILL REMAIN OPEN THURSDAY EVENING.
