

MURRAY KAY REPORTS EAST SIDE SURVEY

Having made a survey of the East Side macadam road, which is four miles long, Murray Kay states that he finds the maximum grade on the East Side to be 11.6 per cent, while a grade at the Slide Hill is 7.2 per cent.

With reference to a proposed improvement of the road, Mr. Kay advises the county court, which ordered the survey, as follows:

A road required to serve the various kinds and quantities of traffic and to sustain the tonnage which this road carries, should be of fairly high grade construction as to foundation, body and surface.

No low cost construction for this road can fulfill its demands. A high cost, so called permanent, road is not warranted under present conditions.

A reasonably good road of fairly permanent type with a low maintenance cost would be most economical in this situation. There is no method known of applying surface treatment to this road which will give satisfactory results at reasonable cost.

1. Some of the embankment on inside of sharpest curves should be removed to provide better sight distances.

2. Additional culverts should be provided and old ones replaced as required.

3. Ditching should be made effective and the ditches paved to prevent washing where necessary.

4. The fills at Fletcher's, Wells' and Porter's should be protected by substantial wooden rail fence, painted white, on each side.

5. Changes in alignment and grade are not recommended at present on account of high cost. The alignment, however, should be true up so far as possible without departing from present road bed.

The grade should be true up and made as nearly uniform as possible without taking off or adding more than a minimum quantity of stone.

The crown or cross section should be made uniform.

6. All dirt, gravel, etc., which is now on the original macadam should be removed and road surface thoroughly cleaned. The stone should then be broken up and respread true to alignment, grade and crown.

Sufficient No. 3 and No. 4 stone should be added and the whole flooded with water and rolled with a 10-ton roller to make a water-bound surface for the first or foundation course.

When this is entirely dry it should be swept clean and oil, the remainder of which shall contain from 85 to 90 per cent asphalt having a temperature of 75 degrees Fahrenheit and a penetration of 80 degrees, District of Columbia standard, applied at a temperature above 225 degrees and at a rate of one-half gallon per square yard.

This is to be covered with one-half inch of No. 3 stone and rolled. As excess oil appears, it should be covered with No. 4 stone or clean, dry, coarse, sharp sand and rerolled until the surface is cold, solid and reasonably smooth.

Resanding and rolling should continue at intervals during the first season.

This wearing surface should give good service for a number of years at an annual average maintenance cost of about \$200 per mile.

Estimated cost of this improvement complete is \$7844, or \$1961 per mile.

COUNCIL CONSIDERS HEIGHTS POLICEMAN

At the Monday night meeting of the city council one of the chief matters of business was that of retaining a policeman on the Heights. Petitions were received urging that Allan Hart be reinstated as Heights policeman and another asking that a night watchman for the district be retained.

J. T. Holman, a Heights business man, was present, and declared that he did not think a watchman necessary, except during the strawberry picking season.

Hubbard Taylor, another merchant of the section of the city, took an opposite view and urged that the city maintain police protection for the Heights. The petitions were referred to the police committee for an investigation and recommendations.

While no official statements have been made, members of the council, in discussing the Heights police matter, have expressed the opinion that a watchman is not needed here except during the berry season. It is declared that if the lower city is well policed and undesirable characters kept on to reach the Heights.

The swimming pool committee, composed of Dr. C. H. Jenkins, S. A. Mitchell, L. N. Blowers, H. A. MacDonald, Mrs. Chas. H. Cantner and Mrs. J. D. McLaughlin, met with the council, the members of which body gave their consent to the construction of a permanent pool on the city property, known as the Chautauque grounds, at the corner of Thirteenth and May streets.

Subscription papers, asking for donations to the swimming pool fund, will soon be circulated by the members of the committee.

MOUNT HOOD RATE MAY BE ABSORBED

If the efforts of the northwestern fruit men avail anything, the rate of Mount Hood Railway Co. on through shipments to eastern points will be absorbed by the road making the shipment to the east. H. F. Davidson has been working on the matter himself the past year and has had the Distributors using their influence to secure the absorption. At the present time it costs \$20 to get a carload of apples from Odell to Hood River, even though the car is routed to New York or some other eastern point.

The O. W. R. & N. Co. absorbs the S. P. \$1 rate from Medford to Portland on through eastern shipments of fruit, thus costs Hood River growers \$20 a car more to ship apples from Odell to New York than it does the Medford growers. The cost from Parkdale is, the distance and the local charge higher, of course, increased.

Greek Boy Gets \$500  
Gust Pappas, an 18-year-old Greek boy, who was plaintiff in a damage suit against the Mount Hood Railway Co., claiming damages to the extent of \$2,400 for personal injuries received last fall, when he fell from a push car, was awarded \$500 by the verdict of a jury returned at circuit court Tuesday.

The case was brought by James Sourapas, guardian ad litem for the boy. The case was made interesting because of the necessity for Sourapas to act as interpreter, Pappas not speaking the English language very well.

CAMPBELL WARNS APPLE GROWERS

(Continued from First Page.)  
better. The difference was particularly noticeable in the case of Staymen Winesaps and Black Twigs.

"My observation of market conditions in the Middle West convinced me that had the North Pacific Distributors controlled 80 per cent of the tonnage of the Pacific Northwest our apples would have been sold at much less expense than they have been and would have returned the grower as much as 25 cents a box more than we will receive, this in the face of the fact that general conditions throughout the country were not as auspicious this year as they might have been. And 25 cents a box means a lot to the grower, especially in a year like the present."

W. F. Gwin, manager of the Northwestern Fruit Exchange, who had been at the annual meeting of the Mosier Fruit Growers Association, was here Saturday evening, when he discussed at length with a number of local growers various problems of fruit marketing. In talking of last season's marketing Mr. Gwin said:

"There has been a widespread notion that an otherwise fair market for northwestern apples was ruined early in the season by unnecessary cutting of prices. Events show so logically as to be undoubtable that the error in the marketing of the crop was not that prices were cut, but that they were not cut enough. Here was the situation that should have been clear to every operator in the northwest early in the fall."

It had been planned that at this meeting the Fruit Growers Exchange would conclude business begun on the previous Monday. However, a quorum was not present.

The Exchange, according to tentative plans, which, however, have not been acted on by the members, will probably build a warehouse at Odell and a storage building in the city. An endeavor was made to lease the old Union warehouse from the Association. But no agreement could be reached between the two shipping agencies.

Davidson Resigns Distributor Presidency  
H. F. Davidson returned yesterday morning from Spokane, where on Tuesday he resigned from the presidency of the North Pacific Fruit Distributors.

"I accepted a proposition from the local association to handle the strawberry crop, and I did not think it would be consistent for me to remain as chief executive officer of the Distributors after assuming so aligned with another selling agency," he said yesterday morning.

CHURCH SCENE SHOWN IN "THE CHRISTIAN"

In the wonderfully acted photo play, "The Christian," by the Vitagraph-Liebler Co., which is being presented by the All Star Feature Distributors, Inc., at the Electric theatre today one of the appealing incidents is seen in John Storm's temporary church. Resembling in character a mission room, it is nevertheless a more pretentious place.

John Storm, in the clergyman's robes, is surrounded by the poorest congregation in London. Suddenly a woman, fainting from hunger, receives the sympathy and care of those around her. The faces of this crowd, which includes several hundred people, are in themselves an appeal to the whole world, for the influence of the real church among the poor. No one who sees this wonderful impression of human sympathy on the numerous faces shown in the crowd can fail to be moved by the whole story of the Christian.

STUDENTS SPEND PROFITABLE VACATION

A party of about 20 students, members of the forestry class at Oregon Agricultural College under Prof. Peavy, are spending their Easter vacation in the employ of the U. S. Forest Service.

The boys are working under a party of trained men of the forest service, and will not only gain some practical experience in cruising timber, but will also help Uncle Sam in some work which has been undertaken on the Breithensch river on the Santiam forest. The government is furnishing the instruments for the use of the party, but the students are paying their own expenses, and incidentally having a very good time.

The Distributors' Markets  
Fruit marketed by the North Pacific Fruit Distributors has had a very wide distribution. A bulletin just issued by the central agency shows that its product was distributed as follows:

1913-Fruit was distributed in 243 cities in 38 of the United States and 35 cities in six Canadian provinces, and 173 cars were exported to 16 cities in 10 foreign countries.

1914 (to date)-The distribution covered 231 cities in 38 of the United States and 20 cities in six Canadian provinces, and 475 cars have been exported, so far, to 15 foreign ports and hence to numerous interior markets. It is estimated that 125 cars more are to be exported, making the total 600. The 15 foreign ports are:

London, Liverpool, Hull, Manchester, Bristol, Rotterdam, Cardiff, Glasgow, Copenhagen, Swansea, Genoa, Rotterdam, Buenos Ayres, Manila, Honolulu.

Unitarian Church  
Sunday school at 10 a. m. Service of worship at 11. Solo by Mr. Wedemeyer. Young People's meeting at 6:30 p. m. Subject, "Faith," by Miss Frances Littlefield. Evening service at 7:30. Subject, "Is Christianity a Sign of Insanity?" Mrs. Alberta Jackson Gillam will sing, and Miss Cora Jaeger, of Portland, will play a piano solo. Boys and girls chorus rehearsal at the home of Mrs. D. G. Jackson Monday evening at 7 o'clock. All are invited to these meetings.

Miss Hershner is Delegate  
Miss Lella Hershner has been appointed by the Commercial club to represent Hood River at the ceremonies opening and dedicating the Celio canal on May 5. Miss Hershner, daughter of Rev. and Mrs. J. L. Hershner, is a teacher in the city schools.

Daters, Pads and Rubber Stamps of every description at this office.

Main Entrance to Palace of Machinery at Panama-Pacific International Exposition, 1915

Copyright, 1914, by Panama-Pacific International Exposition Co.

THE photographer was stationed at the most northern of the three arched portals constituting the main western entrance to the palace and turned his camera to the north. The huge columns adorning this entrance are of imitation Siena and are in warm contrast with the creamish gray of the "Travertine" plaster of which the walls are composed. The friezes at the base of the columns and the spandrels above the archways of the vestibule are the work of the sculptor Haig Patigian. In architectural style the Palace of Machinery is early Roman. The architect is Clarence R. Ward of San Francisco.

Hood River Has Fine Easter

While blizzards were raging over the eastern part of the United States Sunday, Hood River people were privileged to enjoy the best of Easter weather. The local population went on Easter parade Sunday afternoon, and the valley highways were fairly lined with automobiles and horse-drawn vehicles. The occupants of which were filling their lungs with the balmy air and looking upon the little white islands of cherry blossoms.

All churches were crowded Sunday morning, when special Easter services were conducted by all denominations. One of the most interesting of the services was that of the local Commandery of Knights Templar at the Riverside Congregational church. The Knights attended in full regalia. The following program was rendered:

Organ Prelude—"Pontificale" - Gounod  
Call to Worship.  
Anthem—"Unfold Ye Portals" - Gounod  
Invocation and Lord's Prayer.  
The Apostle's Creed.

I believe in God, the Father Almighty, maker of Heaven and earth, and in Jesus Christ, His Only Son, our Lord, who was conceived by the Holy Ghost, born of the Virgin Mary, suffered under Pontius Pilate, was crucified, dead and buried, the third day He arose from the dead; He ascended into Heaven and sitteth on the right hand of God, the Father Almighty; from thence He shall come to judge the quick and the dead. I believe in the Holy Ghost, the Holy Catholic Church, the communion of saints, the forgiveness of sins, the resurrection of the body, and the life everlasting. Amen.

Hymn—"Jesus Christ is Risen" - Number 125  
Responsive Reading - Number 55  
Offertory—"Spring Song" - Mendelssohn  
Scripture Lesson - Matthew 28:1-15  
Solo—"Resurrection"—Shelley Mrs. C. H. Sletton  
Violin Obligato, Mr. Chandler

Prayer.  
Hymn—"Hark! Ten Thousand Harps and Voices" - Number 128  
Sermon—"Brotherhood of the Resurrection" - Matthew 23:8  
Hymn—"Love Divine" - Number 292  
Benediction.  
Postlude—"Largo" - Handel

MRS. BRIGGS IS COMING TO TOWN

"Mrs. Briggs of the Poultry Yard," the play so successfully given by the pupils of the Oak Grove school Friday evening, will be presented here at 11:30 p. m. Friday evening. A large crowd was present at the Oak Grove auditorium last Friday evening despite the rain, and all have the highest praise for the performance. The Oak Grove students displaying great histrionic ability are: Miss Ilia Nichole, who was Mrs. Briggs; John Annala, Ralph, her adopted son; Evi Annala, Mildred Crapper and Ursel Canning, remaining three children; Otto Annala, bashful teacher; Arne Hukari, Mr. Lee; Pathne Collins, his daughter; Vera Gano, an Irish girl; Elma Annala, Daisy, friend of Virginia; and Hilja Hukari, stammering Mandy.

Riverside Church  
Sunday school 10 o'clock. Morning worship 11 o'clock. Subject, "Good News World Wide." Special music by the Cecilia and boys' choir. Hood River chorus rehearses Monday evening at 7:30 o'clock. Every member urged to be present.  
Midweek service Wednesday, 7:30. Cecilia and boys' choir practice on Wednesday afternoon at 4 o'clock.  
Boy Scouts meet Friday at 7 o'clock and go on a hike Saturday at 9 a. m.

Methodist Church  
Sunday school at 9:50 a. m. Preaching service at 11 a. m. Theme, "Oh, Be Like Him." Miss Hazel Stanton will sing at this service. At 7:30 p. m. a sacred cantata, "Victory Divine," by Christopher Marks, will be rendered. Epworth League at 6:30 p. m. Prayer meeting on Thursday evening at 7:30 o'clock. The public is cordially invited to attend these services.

Heights Baptist Church  
Sunday school at 10 o'clock. Preaching service 11 o'clock. Young People's meeting 6:30 p. m. Preaching service 7:30 p. m. Morning subject, "The Ascending Spirit of Jesus." Evening subject, "A Terrible Cry of Anguish." All strangers and those who do not attend services elsewhere are most cordially welcomed.

Church of Christ  
Christian Endeavor begins at 6:45 p. m. at the church at 8 o'clock now. Next Sunday our morning subject will be, "Church Etiquette," and the evening subject will be, "The Bible." Wednesday evening meetings begin at 7:30. Interest good. Come. H. C. Clark.

Christian Science Services.  
Christian Science Services will be held in Room 2, Davidson Building, Sunday, 11:00 a. m. Subject: "Are Sin Disease and Death Real?"  
Sunday School at 10 a. m.  
Wednesday service, 8 p. m.  
The reading room is open daily from 3 to 5 p. m., room 2, Davidson building.

Card of Thanks  
We desire to express our appreciation to our many friends for their kindness and sympathy, and especially for the beautiful floral offerings during the sickness and death of our beloved wife, mother and sister,  
W. E. Hines and Family,  
Mrs. Nettie Depee,  
Mrs. Edith Sexton.

DELIVER THAT PROMPTLY ITS A MIGHTY IMPORTANT PACKAGE  
DON'T I KNOW IT—ITS THE REAL TOBACCO CHEW  
THE DRAYMAN ASSURES THE GOOD JUDGE

A little of "Right-Cut," the Real Tobacco Chew, gives you the tobacco comfort you are entitled to.  
Satisfies you better than any of the old kind. Richer, finer flavor. Lasts longer. Pure, rich, sappy tobacco—seasoned and sweetened just enough.  
Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end.  
It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary tobacco makes you spit too much.  
The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the rich tobacco taste in "Right-Cut" makes you spit too much.  
One small chew takes the place of two big chews of the old kind.
