W. J. BAKER RECALLS BETTER BABIES CAMPAIGN IS NOW ON EARLY RAILWAY DAYS

Thirty-three years ago the people of Portland had their eyes turned to Multnomah Falls just as today, when the Columbia highway, which passes at the foot of the giant cascade, is nearing completion. And the eagerness and expectancy of three decades ago was brought about by the completion of a lap in a great transcontinental transportation system. It was here that the silver spike commemorating the joining of the rails of divisions of the completed O. R. & N. Co. line, was driven. The incidents of the former celebration are recalled by W. J. Baker, a pioneer conductor of the railway lines of the northwest, who had charge of the train that bore the Portland party to Multnomah Falls for the driving of the silver spike.

Enthusiasm for the cause of better babies is rapidly growing. Recently it received a strong impetus from the visit of Mrs. Ariens Felts. Better babies is the catch word, but better mothers is the real heart of the movement. Better babies, better boys and girls, better citizens cannot help resulting from better mothers.

Mr. Baker, who is 64 years old, is a native of Iowa. In 1887, when his family was living at Boone, Ia., he was a passenger on the first excursion train ever run over the Chicago & Northwestern railway line from Chicago to Council Bluffs. "It was that day," he says, "that I was imbued with the ambition to become a railroad man. No sooner had I returned home than I applied for a position, and a few months later began work as a promoter. In another month I was promoted to the position of freight brakeman."

In describing the examination of the babies, Mrs. Felts laid stress upon the fact of its privacy. She said, "We do not flaunt our babies to the public as we do our prize stock. Each doctor who only examines them in the privacy of his home. The mothers are not to be seen at the examination, and the babies are taken to the hospital in a private conveyance. The mothers are not to be seen at the examination, and the babies are taken to the hospital in a private conveyance. The mothers are not to be seen at the examination, and the babies are taken to the hospital in a private conveyance."

As a memento of this trip Mr. Baker has in his possession a camp chair that was stolen from Gen. Custer's private baggage by one of his brakemen. "As soon as I knew the chair was taken from the train," he says, "I began some personal sleuthing, and discovered where it had gone. The man became frightened and hid the article near a lonely little station. Several weeks later it came into my possession, but was never reclaimed by the government."

The spirit of the Mothers' Congress is very much opposed to prize giving. They suggest that they suggest to this rule is occasionally in the case of two tests at six or 12 month intervals in which mothers are awarded prizes for babies not having the highest score, but those showing the greatest amount of improvement in the interval. As a rule, however, no prize is needed than the mother's own gratification. This system gives a weak baby even greater chance for a prize than a robust one.

Nothing So Good for a Cough or Cold

I know of nothing so quick to relieve a cough or cure a cold."

Schools to Study Fire Lessons
State school authorities throughout Oregon are cooperating with the state board of forestry and Oregon Forest Fire Association in carrying forest fire lessons to public school pupils before the 1915 danger season opens. Over 70,000 little booklets are being distributed containing a story entitled "The Friends of the Forest," written by E. T. Allen, which weaves into attractive story form, with a boy and squirrel as heroes, the age old prevalence of fire in these states, the struggles of the trees for self preservation and the interest of men and children in our forest resources.

No parent would consciously be careless of the children. Joe A. Kozmarin, of Nebraska, uses Foley's Honey and Tar for his two children for croup, coughs and colds. He says, "We are never without Foley's Honey and Tar in the house." A distressing cough, sleepless nights, and raw, inflamed throat lead to a run-down condition in which the child is not able to resist contagious or infectious diseases. Foley's Honey and Tar is truly healing and prompt in action. It relieves coughs, colds, croup, whooping cough. Sold by Chas. N. Clarke.

Foley's Kidney Pills strengthen and invigorate weak, tired and deranged kidneys; relieve backache, weak back, rheumatism, and bladder trouble. They are tonic in action. Sold by Chas. N. Clarke.

Stomach Trouble Cured
Mrs. H. G. Cleveland, Arnold, Pa., writes, "For sometime I suffered from stomach trouble. I was unable to eat, and my stomach felt bloated after eating. Nothing benefited me until I got Chamberlain's Tablets. After taking two bottles of them I was cured." For sale by all dealers.
