

Every Woman Should Know

There are three entirely different kinds of baking powder, namely:

- (1) Cream of tartar, derived from grapes;
(2) Alum, a mineral acid; and
(3) Phosphate of Lime.

(1) Baking Powders made of Cream of Tartar add to the food the same healthful qualities that exist in the ripe grapes from which Cream of Tartar is derived.

(2) Baking Powders made of Alum or Aluminum, a heavy metal, wholly foreign to any natural article of food.

(3) Phosphate of Lime is made from rock or by burning bones which by chemical action are changed into a white, powdered acid. It is used in baking powder only because it is a cheaper substitute.

A Cream of Tartar powder never contains Alum or Phosphate.

Every housekeeper should read the names of the ingredients printed on the label and know what she is using.

ROYAL BAKING POWDER CO. New York

ODELL

Mr. and Mrs. Chas. Kuntz have gone to their former home city, Ft. Atkinson, Wis., where they expect to spend the winter.

Mrs. Fred Crockett expects to go to Idaho soon. Her husband has spent the past several weeks there and they expect to remain indefinitely.

They had a delightful time, as is always the case at the Doane home. The Misses Crump and Walters came from Hood River. Miss Walters spent the week end with Miss Dorothy.

FRANKTON

Mrs. Rhoda Barrett was a week end visitor at the home of Dan Malaeer and family.

Mrs. Roy Eastman entertained a number of her neighbors and friends last Saturday afternoon in honor of Miss Pearl Ely a prospective bride.

Teuben Way, one of Frankton's old timers who sold out some time ago, has located, for the present at least, in Hood River. Mr. Way will be missed by his many friends down here.

There is another one of the Garra-

brant boys up in the air, and it is not about a little girl either. Bob was out hunting the other day and had the good luck to bring in a fine big buck that tipped the scales around 200 pounds. He will have the head mounted, as it has a fine pair of horns.

We have been informed that Mrs. Richard Bellamy has decided to return to her old home in England soon. It will be quite a journey for her with two small children; five or six days of rail across the continent besides the long ocean voyage. But home and friends have attractions that are hard to forget.

A United States marshal summoned M. R. Noble to appear in Portland next Monday—as a juror.

W. A. Mack, who purchased the R. D. Way place, is making some changes in and around the house. One big improvement will be a wide porch all around it.

Miss Eloise Copper was a week end visitor at home from her school near Mosier. Miss Ruth Clement accompanied her.

Mrs. Marsh Iensberg was a Frankton visitor last Saturday.

At this writing the sick in Frankton are on the convalescent list.

Sam Koplin, the old veteran soldier and fisherman, has gone to Portland for the winter. Many of us will miss Sam and his fish, for he was always generous.

John Anderson, the old crippled hermit who has been living alone up in Post Canyon for several years, was out the other day and then in the evening, was seen on his way back to his cabin, a big load on his back, a gun in one hand and a cane in the other, and as happy as a lark.

Will Thomas and his brother returned Sunday from eastern Oregon where they have been all summer. They live with their mother on Taylor street.

Several fishing parties went out last week to the head waters of the irrigation ditch and made good catches. Mr. and Mrs. E. M. Holman and Mr. and Mrs. Kirk formed one of the parties.

J. H. Gill ventured on the river again last week, but had plenty of company.

For Indigestion

Never take pepsin and preparations containing pepsin or other digestive ferments for indigestion, as the more you take the more you have to take. What is needed is a tonic like Chamberlain's Tablets that enable the stomach to perform its functions naturally. Obtainable everywhere.

UNDERWOOD.

We are pleased to note that our county commissioners let the contract last Saturday for the building of the Columbia river highway from Stevenson to Collins along the line of State Road No. 8. When this is completed, together with the section from Collins to Cooks which is well under way by the state, we will have a good road from Underwood to Stevenson. Engineer Keim has completed the base line and levels into Underwood and cross sectioning is nearly done.

Miss Hazel Holmes spent the week end in Portland.

We seem to need an inspector in this neighborhood pretty often. We notice one from Hood River, Mr.—(but no, girls, we will spare the name) is a frequent visitor.

Dr. Geary reports the acquisition of a brand new daughter, to help do the honors at the Highlands. May she live long and be a comfort to her worthy parents.

Mrs. E. M. Cummins is in Portland making the acquaintance of her granddaughter, Miss Louise, daughter of Mr. and Mrs. Earl Cummins.

We noticed R. H. Harris stepping "high, wide and handsome" lately and was curious to know who he was. He says it's a boy and 11 pounds at that.

We are sorry to note that "Thistle-down" seems to think we have a desire to censor his articles. Far from it, neighbor. We enjoy them. Our suggestion was that you add to them by casting a bouquet occasionally as advertised. You keep us all ducking and dodging the brickbats. Perhaps the Glacier readers have not all seen this verse, but it seems appropriate:

If it is a fact, as we have been told, that those living on High where the streets are of gold...

Singly continue their mode of life here with the same minds in Heaven that they have on this sphere; If that is the case then our friend Thistle-down Will need a brick mason to fashion his crown. Ole O. Margarine.

Twin Oaks Corn Prolific

Profit from sweet corn is shown by the returns at Twin Oaks farm, the Frankton home of Col. S. F. Blythe, a local pioneer and early editor of the Hood River Glacier, who has just husked 50 bushels of the grain from an acre tract. During the late summer Col. Blythe has been growing corn from the same tract to local merchants. The prolific corn is of a white variety that has been grown on Twin Oaks farm for several seasons.

During the past two years no sweet corn has been shipped to this city. Local orchardists not only supply the local demand but large quantities have been shipped to Portland each season.

Chronic Constipation

"About two years ago when I began using Chamberlain's Tablets I had been suffering for sometime with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking four or five bottles of them my health has been fine," writes Mrs. John Newton, Irving, N. Y. Obtainable everywhere.

Sanitary Congoleum Rugs

The Franz Company has just received a large shipment of these new and popular carpet colorings, are recommended especially for Fall and Winter use as they are dirt and water proof. Shown in all sizes from door mats to large room rugs and a splendid variety of pattern and colorings, they are sure to meet instant success. And the cost is less than any other floor covering. E. A. Notice of Partnership Dissolution

Notice is hereby given that the partnership relation heretofore existing between Charles C. Lemmon and C. Claude Thompson, by virtue of which said parties conducted the business of commission merchants and country grocers of Hood River Produce Exchange has been by mutual consent dissolved. Charles C. Lemmon will continue said business under the name of Hood River Produce Exchange, and will pay all obligations and own all the assets of and will collect all the bills receivable due to former partnership.

CHAS. C. LEMMON, C. CLAUDE THOMPSON.

Rules for Country Correspondents

One of the most valuable assets a country weekly can have is that co-operation from its rural and country correspondents. The news of the country should be covered by a good correspondent in every community. The brief, newsy letters from the rural centers are the making of a country weekly.

The Glacier feels like congratulating itself on the list of good, true news gatherers, who each week fill many columns with readable news of local happenings. As far as the real gathering of the news is concerned there could be no great improvement. However, there are some few, simple rules that could be followed beneficially. If country correspondents will observe the following, the page of country items will be more attractive and can be set by The Glacier without innumerable annotations that sometimes arise when the rules are not observed.

Always secure, where possible, initials of persons. Don't say Mrs. Smith and daughters visited Mrs. Brown and family. If it is Mrs. and daughter or Mrs. A. Smith, designate them by their proper initials or given name.

Always give definite dates. Do not use abbreviations, except in case of given names.

In case of a fire, give cause, total damage and insurance, if any. Remember The Glacier sets country correspondents on Tuesdays. Endeavor to mail your letter, so that it will reach the office by Tuesday morning. Wednesday is reserved for the setting of the news happenings gathered in the local office, and if the country correspondence piles up on Wednesday, the office force is badly hampered. A little co-operation on the part of the country correspondents will in many cases prevent late hours for the office force on Wednesdays.

If any important news happening breaks in your community after your letter has been mailed, you may reach the office by telephone or you may mail another letter, that is, if it will be possible for it to reach the office on Wednesday.

Don't hesitate to ask the office for suggestions.

If you are out of stationery, notify the office. In case it is not received immediately, send in another call. It may be possible that your first letter was misplaced.

Remember that you are in charge of one of the most beneficial mediums in your community. The Glacier appreciates your work as well as your fellow residents, whose weekly comings and goings you chronicle.

The most important rule is that concerning promptness of getting your letter to the office on Tuesday.

Ask for the "RED LINE" Goodrich "HIPPO" Rubber Footwear. Rubber Boots \$3.00 to \$5.00. Hip Boots \$6.00. Red Rubber Pacs with 12 inch brown leather tops - \$3.50. Men's Rubbers and High Cut Overshoes - \$1.00 to \$3.00. Bragg Mercantile Co.

Bank Advertisement No. 64. Mr. H. S. McKee, President of the First National Bank of Long Beach, California, has written a very interesting and comprehensive article on, "The Nature of Banking Business." We will publish the introductory paragraph of Mr. McKee's paper in this space next week and will from time to time thereafter publish extracts from it until we have printed the entire article. We have endeavored to sub-divide it so that each number will be of interest to you, whether you have read the others or not, and we feel certain that you will find the entire series entertaining and instructive.
