PIONEER FILM MAN AGAIN IN HARNESS

C. U. Dakin, the city's pioneer moving picture man, is again personally operating the Gem theatre, which for the past several months has been under the management of P. D. Lambert. Mr. Lambert, who held the place under lease, has been losing money heavily, it is said, and Sunday evening, without the usual conventional farewells, he left town. Mr. Dakin declares that he will operate the Gem according to the high class standard formerly maintained by him. "I wish to thank my former patrons," he says, "for their support at the time of my active management, and solicit their business for the future. I guarantee everybody his money's worth."

LOCAL JAPANESE CELEBRATE CORONATION

In solemn assemblage at the Knights of Pythias hall Sunday afternoon a large portion of the 500 Japanese residents of the Hood river valley cheered the expression of a hope that a close friendship would endure between their fatherland and the home of their adoption. The Nipponese were gathered for the purpose of celebrating the coronation of Emperor Yoshihito, the local observance of the event of last Wednesday having been postponed until Sunday in order that the Japanese farmers of the valley might be free to participate. K. Kumasaki, Japanese consul, of Portland, was present for the event. Many of the Japanese attended the illustrated lecture given by Rev. A. S. Donat at the Riverside church. Rev. Donat showed some wonderful colored pictures of Japan in springtime.

Mr. Cram has some across for one of the best suits in his house.

O. W. R. & N. Co. Improves Street

The O. W. R. & N. Co. has gladdened the hearts of local orchardists during the past week by applying a surface of oil bound macadam to Railroad avenue, the street paralleling the 500 foot length of the storage plants of the Apple Growers Association. The roadway company surfaced the street with crushed stone year before last. The heavy traffic, however, had worn this through, and the street was full of ruts until the recent improvement.

Christmas Approaches Do Your Shopping Early

On Friday and Saturday, November 19 and 20, Hood River people will be afforded an unusual opportunity to purchase appropriate Christmas presents of needle work and fancy work at the Catholic Ladies Bazaar, which will be held at the former stand of the Viking restaurant on Oak street. but repair them when worth while. We keep fresh batteries on hand at all times. An Edison Mazda light gives 100% efficiency; a Tungston only 85% efficiency; a Tungston light may be a few cents cheaper at first cost, but remember if they do last they collect a toll every month they are in use. In fact, for the amount of candle power per watt, the Mazda light at 27c will equalize a Tungston at 25c and 5 per cent off for cash in one month.
