What Time Is It? Everyone asks this question many times daily. We are all dependent upon the time. Our lives are regulated by our watches. The lack of a watch is a big handicap to both men and women. Therefore, why try to get along without one? Let us show you a good watch; one you can depend upon. We can suit both your taste and your pocketbook. W. F. LARAWAY, Jeweler

We Not Only Sell Flash Lights but repair them when worth while. We keep fresh batteries on hand at all times. An Edison Mazda light gives 100% efficiency; a Tungston only 85% efficiency; a Tungston light may be a few cents cheaper at first cost, but remember if they do last they collect a toll every month they are in use. In fact, for the amount of candle power per watt, the Mazda light at 27c will equalize a Tungston at 25c and 5 per cent off for cash in one month.
