On account of the ice floes in the Columbia river, the steamer Tahoma was compelled to turn back to Portland Thursday morning after a trip of nearly twenty four hours. The passengers told of the hospitality of Capt. C. Nelson, who did everything possible to recompense them for the delay. Among the vogagers who disembarked at Mosier and took O.-W. R. & N. train No. 2 Thursday morning were E. J. Haugen, of Dufur; A. H. Satisbury, Mr. and Mrs. M. Potter and John Wittliff, of The Dalles; and L. A. Shoemate, of Dayton, Wash

A jolly time was spent at the home of Hans Kollandsrud and Mr. and Mrs. J. F. Nelson on the W. H. Weber place over the week end. Skating was quite a feature, as the young ladies brought their skates along from Portland and Peter Knoll collected several more pair. In spite of every one having a bad cold they enjoyed the ice very much. Those present were the Misses Helen and Freda Nichols, Hulda Blaufus, sister of Mrs. Nelson, Mr. Van Wyke, connected with the Portland Gas company, all of Portland; Oscar Groven, of Grafton, N. Dak., cousin of Hans Kollandsrud; and Peter Knoll, of Mosier. The young couples declare that Mosier is some place for a jolly time and good eats, and expect to return again during the summer months.

Bank Declares Dividend

At the January meeting of the board of directors of the Mosier Valley bank dividends of four per cent were declared, and the surplus increased from $1850 to $1915. The building and furniture accounts were reduced $170 to take care of depreciation due to wear and tear.

COUNTY CLERK MAKES RECORD

Just 15 minutes after office hours on December 31, or at 5:15 p. m., the full statistical report for the county clerk's office of Wasco county for the year 1915 was complete. County Clerk L. B. Fox has prepared a clean slate for the year 1916, which is evidence of the efficient manner in which he has conducted that office.

The last official act in the office during the year 1915 was the issuing of a marriage license just as the clock struck 5 p. m.

Unprofitable work from 20 per cent to 100 per cent has been put on this and every other clerk's office in the state during the past four years. Nevertheless the clerk's office is so systematically arranged that the following statistics were at hand fifteen minutes after closing time on the 31st of December:

Circuit court cases filed during year, 261; estate and guardianship cases filed, 45; marriage licenses issued, 157; divorces granted, 53; declaration of intention issued, 33; naturalization papers granted, 16; commitments to insane asylum, 15; deeds, mortgages, assignments, releases, etc., recorded, 2193; coyote scalps received, 1484; bob cat scalps received, 117; cougar scalps received, 2; amount paid out for above scalps during year, $4265 50; paid out for scalp bounty during month of December, 1915, $894; scalp bounty became effective in May 1909. Since that date Wasco county has paid in bounties $13,128; anglers' licenses issued, 1442; hunters' licenses issued, 731; combination licenses (hunters and anglers) issued, 39; circuit court cases assembled and indexed, 3528; estate and guardianship cases assembled and indexed, 1281; these cases were never before assembled, numbered or indexed; receipts of office for year, $6884.91; salary of clerk and deputies, $4560.80; supplies for office, $621.54, making a total of $5182 34, profit to the county for year, $1702 57; receipts of office for year 1905, $5238 36, expenses of office 1905, $4726.92, profit to county $511 44; receipts of office, 1906, $5186 45, expenses of office 1906, $4626 92, profit to county, $559.53; receipts of office 1907, $5342 81, expenses of office, $4862 92, profit to county $479.89; (during these years Hood River county was a part of Wasco county; receipts of office 1908, $4884 65; expenses of office, $4380.17, profit to county, $504.48; receipts of office 1909, $4428.85, expenses of office $4126.55, profit to county, $302.30 receipts of office, 1910, $5231.35, expenses of office, $4830, profit to county, $401.35; receipts of office 1911, $5973.07, expenses of office, $5078, profit to county, $895.07, receipts of office 1912, $5362.24, expenses of office, $4928.80, profit to count , $533.44; receipts of office 1913, $5097.20, expenses of office $4780.80, profit to county, $316.40; receipts of office 1914, $5315.55, expenses of office, 4760 20, profit to county, $555.35.

COLUMBIA PARK WILL BE DEDICATED

The new National park which has been created in the 14,000 acres skirting the Columbia river along the highway for 23 miles between Hood River and Warrendale, will be dedicated at the same time as the Columbia river highway, at the opening of the 1916 Portland Rose festival, if possible.

The Chamber of Commerce has already taken up the matter of the dedication with Chief Forester Graves and the Department of Agriculture, and it is thought that there will be little trouble in putting the matter through.

The improvement of the National park will be begun as soon as the weather permits, and a joint committee appointed from the forestry service and from the Chamber of Commerce, at the suggestion of Chief Forester Graves, will begin considering plans for the development of the park at once.

The land included in the new reserve was open to lease entry for periods up to 30 years by private individuals. When the Chamber began its campaign there were more than a dozen applications for entry in the Eagle Creek district alone, and movements were on foot which would speedily have thrown the whole of it into what would practically have amounted to private ownership, under government leases.

One of the plans for development of the park is the establishment of summer camping facilities in Eagle Creek which will be available to the public at practically no cost. The committee believes that this can be developed in time for next summer.

Cruikshank Heads Club

Officers of the board of directors of the Commercial club were elected last week as follows: D. G. Cruikshank, pres.; S. A. Mitchell, vice pres.; R. B. Perigo, treas. The other members of the directorate are A. S. Keir, William Stewart, Harry Connaway and C. C. Carpenter.

The action of appointing a secretary for the ensuing year was deferred. From expressions of the members of the board, however, the appointment of C. N. Ravlin is practically assured. Mr. Ravlin, who as present incumbent, assumed his duties the first of the year, was granted a month's leave of absence that he might recuperate further from illness contracted while he was engaged at San Francisco as chief of horticulture for the Oregon Commission of the Panama exposition.

Geo. I. Howe's House Threatened

The home of George I. Howe was threatened by fire last Friday morning, when wood in the basement was ignited by an oil stove. Mrs. Howe turned in the alarm and then went to work to extinguish the flames. She had put out the fire before the arrival of the Heights company of the Volunteer fire department.

PREMIUM APPLES ... ASSOCIATION AIM

"Apples that will demand a premium in the country's markets," has been made the slogan of the Apple Growers Association. "There is no place in the northwest," declares Wilmer Sieg, "that has worked harder the past season to take care of the trade than has Hood River. We have made a record and every box of the 600 000 boxes that we have shipped has reached the buyer in good condition. It has been gratifying to us the past several weeks to receive from apple merchants in many markets letters thanking us for the care we have given our pack and for the preparation we have given shipments."

All cars of apples shipped from Hood River this season have been fitted with paper linings and fully insulated with false floors. The fruit has been taken care of safely without resorting to car heaters.

"We have never found the heating service very reliable," says Mr. Sieg. "The cars are usually heated as far as Chicago, and between that point and New York no heat is used. As a result, at least we have found it so by experience, the fruit becomes damaged en route to New York."

With the exception of some apples that are being held for the Pacific coast trade all the Association's stock of red varieties have been cleaned up. Newtowns have been going out this week at the rate of 25 to 30 cars per day for export to England, Norway and Holland. The Association's crop of Newtowns will reach approximately 300 carloads. Mr. Sieg states that space for foreign shipments has been reserved as late as March.

The local crop will be cleaned up earlier this season than every before in the history of the valley.

"This is due," says Mr. Sieg, "to the splendid cooperation that has been maintained between the local office and that maintained in New York under charge of H. F. Davidson, who has booked the space for export shipments."

JOHN G. ZOLLS BURIED LAST WEEK

The death of John G. Zolls occurred at his home on Twelfth street at an early hour last Thursday morning. Mr. Zolls, who was born in Frankfort, Germany in 1857, came to Hood River with his family in 1908.

Mr. Zolls came to America when he was 21 years of age. He resided for two years in New York and later two years in Chicago. He then removed to Lincoln, Nebr., where he lived for four years. He was married 27 years ago at Hastings, Nebr., to Miss Katherine Michel, who with the following six children, all of Hood River, survives: Will, George, Emma, Marie and Frances Zolls and Mrs. Percy Gibbon.

The funeral services were conducted Saturday afternoon at the Riverside Congregational church by Rev. J. L. Hershner, assisted by Rev. A. S. Donat and Rev. W. B. Young. The Modern Woodmen of America were in charge of the funeral. The song, "Hold Thou My Hand," was rendered in German by J. R. Nickelsen. Jack Stanton sang "Abide With Me." Mrs. C. K. Marshall was accompanist.

Members of the Foresters were pallbearers. At the graveside at Idlewilde cemetery Masonic rites were observed.

Coasting Results in Injuries

A bobsled loaded with a number of boys and girls collided last Thursday night with a horse and sleigh. The heavy sled tripped the horse which fell on one of the coasters, Miss Magdalon Mitchell, breaking her collarbone and bruising severely her lower limbs. Glen Hunt also sustained badly bruised legs last week.

The sled on which Miss Mitchell was riding was being guided to the side of the street to avoid striking the smaller sleds of a number of children, when the accident occurred.

Rev. Parsons Now in Indianapolis

Rev. J. B. Parsons, formerly pastor of the United Brethren church, is now stationed at Brookside Park church, Indianapolis, Ind. In "The Religious Telescope" of Dayton, Ohio, Wednesday January 5, appear pictures of the Sunday school classes of the church, the students numbering 227. Rev. Parsons has been instrumental in adding 52 new members to the church.

Says the Telescope, "To make Christmas spirit complete, Rev. Parsons and his family were presented with a purse of $30.50."

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, goes straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nourishment gets into the blood and nerves and feeds the tiny nerve-cells while the whole system responds to its refreshing force. It is free from alcohol.

"Majestic Ranges stand the test
And Cook and Bake and are the best."

Keep Abreast of the Times

IN OLDEN DAYS, when buying a cook stove, people would buy the one they could get the cheapest; that's because there were only a few makes on the market and were all practically the same in construction and material.

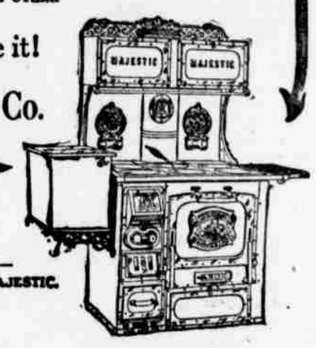
It's Different Now! There are close to a thousand different ranges on the market today—good, bad and indifferent. Wise people use a little foresight in selecting their range, and they make no mistake in selecting THE RANGE WITH A REPUTATION—the range that is recommended by every user; the range that has stood the test—

The Great Majestic Range

the range that is made of MALLEABLE and CHARCOAL IRON—the range that SAVES FUEL—LASTS LONGER—COSTS PRACTICALLY NOTHING FOR REPAIRS—HEATS MORE WATER QUICKER AND HOTTER, and GIVES BETTER GENERAL SATISFACTION THAN ANY OTHER RANGE MADE—

and we can prove it!

Blowers Hardware Co.



"Ranges come and ranges go,
But with you stays the one you know"—

What Time Is It?

Everyone asks this question many times daily.

We are all dependent upon the time. Our lives are regulated by our watches.

The lack of a watch is a big handicap to both men and women.

Therefore, why try to get along without one?

Let us show you a good watch; one you can depend upon. We can suit both your taste and your pocketbook.
