**MOSIER.**  
From The Bulletin

Chas. Davenport was in The Dalles on business Thursday.

Mrs. J. P. Carroll was a Monday visitor in The Dalles.

James Depee spent Sunday afternoon in Hood River.

Lee Hunter is improving after suffering with a carbuncle on his back.

Mrs. C. O. Perley is very sick with the grip.

Amos Root is suffering with a severe attack of the grip.

W. C. Stone went to Portland on business last week.

Dr. M. E. Welch, veterinary surgeon, was called up from Hood River Monday on professional business.

Milo Frank returned last week from Portland and Corvallis where he spent the holidays.

C. G. Stolts returned Sunday from a business trip of several weeks in Portland.

Miss Bishop returned Saturday morning from Portland where she has been visiting with friends during the holidays.

Miss Marcotte came up from Portland Tuesday morning for a visit with her father, L. Marcotte, on Almorita ranch.

Odd lots of shoes, 98c; some good heavy winter shoes for boys in the lot. Also special prices on boys' high top shoes.—Strauss.

N. P. Sturgess went to Portland Wednesday where he will remain until spring. His residence will be at the St. Charles Hotel.

Dr. C. A. Macrum was a business visitor in the city Wednesday. He expects to remain in Portland until February 1, when with Mrs. Macrum, he will return to his ranch.

Mr. and Mrs. J. K. McGregor returned Friday from Portland after a visit of several weeks. Mrs. McGregor, who had been confined to her room in Portland for several days, with the grip, is now improving.

Mrs. M. J. Oliphant and little daughter, Betty, left Wednesday for River Forest, Ill., where she will visit for several months with her parents, Mr. and Mrs. W. A. Coleman. Mr. Oliphant accompanied them as far as The Dalles.

F. G. Powers, who was a former resident of Mosier, but who, since disposing of his interests to John Strahn, went to Gist, Oregon, has been recently elected president of the Plainview Ditch company and also president of the Jackrabbit club.

J. P. Tryon went to The Dalles Friday to visit with his wife, who was sick in the hospital. They returned yesterday afternoon with the children. Mrs. Tryon is much improved in health.

H. C. Oliver, traveling freight and passenger agent for the O.-W. R. & N., who was in the city last week on business, stated that business in the northwest is picking up. His company expects to make more improvements during the present year, and everything looks favorable for a year of prosperity.

E. M. Strauss received a telegram Wednesday morning of the death of his sister, Mrs. Dora Fineberg, on Tuesday, January 11, at her home in Marshalltown, Ia. She was 41 years of age, and was the wife of a prominent clothier in Marshalltown. Out of a family of six children, she was the first to pass away. Mr. Strauss and son, Ferdinand, visited at her home last summer.

Mosier Heights Industrial club held their regular monthly meeting at the Max Vogt school house, on January 7, with Cecil Rowland, president, presiding. The members gave a literary program which was very interesting. Miss Elder, teacher, read a few short instructive stories. Owing to the inclement weather and a prevalence of grip. There were few to enjoy the very interesting meeting. The sewing club each presented an exhibit of hand-made articles, and the boys had bobble and other articles for their share of exhibits.

Cold weather and snow over a foot deep at the present time is the status of the cold wave in Mosier. The thermometer has ranged for several days in the neighborhood of 10 degrees above zero, and in the districts outlying, Mosier farmers state that the mercury has fallen as low as 2 degrees above with 18 to 18 inches of snow. Birds are plentiful, and the Alaskan robins are here in marked numbers. Bread crumbs and other food are being thrown out for them. The farmers are urged by Deputy Game Warden Hadley to feed the game birds, as the heavy snow and prolonged cold weather will cause many to die unless food is obtainable. Coasting and sleighing has been enjoyed for over a week.

**Will Discuss Winter Pruning**

Lively discussions are being held each week between the members of the Mosier Horticultural society. Last week the subject of scab was continued and experiences were related regarding the attempted control of this fungus. Hugo E. Birkner, by means of a postcard projector, displayed drawings and pictures of scab in its different stages on a screen, and explained the nature of its growth and development. He also exhibited some wheat which he had sprouted to show the similarity.

The next meeting will be held on Saturday morning at 10 o'clock in Chown's hall. Geo. Evans will lead the discussion of winter pruning. A good attendance at these meetings is desired.

The new aldermen then took their respective seats as members of the city council, whereupon Mayor Race addressed the body. He urged them to use their best efforts in the letter writing campaign that is to be conducted throughout the state. Governor Withycombe has set aside the week of January 17 to 22 as letter writing week, and in accordance with the policy, the mayor requested the aldermen to lend every effort to have the Mosier district cooperate in bringing eastern friends to the state of Oregon during the year 1916, whether or not they come to Mosier, although he stated the scenic beauties and climatic conditions of this fruit growing district should be advertised.

Less taxes will be available to the City of Mosier this year than last, stated Mayor Race, and valuations will be considerably less this year on account of the reduction of the railroad right of way, the taxes on this having been reduced to one half the former valuation, which will make it \$48,000 on each mile. On the other hand the valuation has increased somewhat on city property, but the city will not receive the same amount of taxes as heretofore for the present year. The aim of the council should be improvement as far as the funds permit; to go ahead and not let things run down. It should be an administration of economy, but not so much so that the saving of a dollar now will mean the expenditure of two or three dollars later. Improve the city so as to place it on a good basis financially, and give it a good appearance.

Mayor Race suggested that the lumber in the bath houses be hauled up and stored until after the high water. The city purchased the lumber and the houses were constructed by local citizens free of charge to the city. That the bath houses proved a boon to the

**PROCEEDINGS OF COMMON COUNCIL**

At the meeting of the Mosier council Wednesday night, the first under the new regime, the old council finished up the year's business of the city, with Councilmen Robinson and Camp retiring and the newly elected members, W. A. Husbands and C. J. E. Carlson, taking their seats.

The following claims against the city were allowed by the old council:

Mrs. W. A. Husbands, janitor of library, \$1.

P. L. Arthur, recorder's salary and supplies, \$12.

Mosier Bulletin, printing and publishing, \$5.70.

Library board, maintenance, \$2.50.

A. J. Derby, city attorney's fees, \$5.

Pacific Power & Light Co., street lights, \$36.40.

Pacific Power & Light Co., library, \$1.

Tum-A-Lum Lumber Co., supplies, \$4.90.

C. G. Nichol, wood, \$1.58.

C. G. Graham, labor on streets, \$4.

Tryon & Clay Transfer Co., hauling, \$2.50.

The following report of the finance committee regarding the books of City Treasurer Cole was then read and upon motion of Alderman Hudson, was accepted by the council:

We, the undersigned, members of the Finance Committee of the City Council present herewith our report concerning the books of the Treasurer of the City of Mosier. On examination of the books of the Treasurer we find that the total receipts for the year 1915 were \$1,953.21, (including \$25 from license fees); and that the total disbursements for the year 1915 were \$1,837.24; leaving a balance of \$115.97 in the treasury. We find also that this balance as reported by the Treasurer is the same as the balance in the Mosier Valley Bank as shown by the bank's books. We find that the books of the Treasurer are all neatly and accurately kept.

**GREAT VIOLINIST TO BE HERE TOMORROW**

Maud Powell!

And then a hundred times again: Maud Powell!

Picture to yourself a dainty, shimmering, brown clad figure, a fine face, a strong face, a good, wholesome, honest face; laughing eyes and winsome smile—and you have Maud Powell.

Picture again, a womanly grace, an almost manly strength of bow arm, an irreproachable technique, an impeccable pitch, an upper range of strangely ethereal beauty, an exquisiteness of sentiment with not a trace of sentimentality and a delicacy of finish and human loveableness beyond all compare, save with Kreisler—and you have Maud Powell.

I tell you that America can thank God for at least one great artist, and one sterling, womanly woman, allied in the one pretty, slight form of Maud Powell.

I do not wonder that the eastern critics insist on comparing this wonderful little woman with the greatest male artists of the violin sphere. She has amazing strength for one so slimly built; and, yet, the more amazing thing is that she does not sacrifice the faintest vestige of that sweet delicacy which, after all, is the noblest crown of true womanhood.

The foregoing is taken from the Los Angeles Times. But all western critics of music have acclaimed the noted musician as one of the true great artists of the age. She speaks not only to the erudite, the musically learned, but to the novice, the uninitiated, the man who loves melody. There is something about her playing, those who have heard her say, that reaches down to the very depths of one's being and holds one entranced.

Maud Powell will come here from Portland tomorrow and under the management of the Hellig theatre of that city, give a concert at the Riverside Congregational church. Tickets are on sale for the concert at Clarke's drug store.

**EVENING DEPARTMENT SUCCESSFUL**

To form a social organization for the members and to bring about a closer friendship among the business and professional women of the city, an organization, known as the Evening Department, is maintained by the Women's club of Hood River. The membership of the club is made up of teachers, women engaged in offices and business women of the city. In former years meetings have been held on Tuesday evenings, twice monthly, while the regular gatherings of the Women's club have been held on the afternoons of alternate Wednesdays. The year of 1915 has been begun with the members of the Evening Department participating actively in the work of the parent organization.

The success of the unique organization has been evidenced by the enthusiasm of the members and the growing interest that has been taken in its welfare by the Women's club. The members of the organization are: Misses Meta Carter, Zillah Barker, Myrtle White, Bessie Goyette, Lydia Johnson, Hazel Smith, Mrs. Davidson, Madge Otis, Hazel Linder, Lena Brunquist, Helen Mulford, Nellie Crocker, Celia Hager, Gertrude Norris, Frances Evans, Virginia Johnson, Lucille Johnson, Cleo Shoup, Dorothy Batten, Lucy Kopan, Wilma Wilkinson, Nettie Allen, Norma Barker, Mildred Husley, Sarah Riley, Alice Schock and Mrs. Alice Steinkner, Mrs. Harriet Blashfield, Mrs. Henrietta Cornelius, Mrs. Orion Fruge, Mrs. Ila Smith Dean and Mrs. Maud Barklage.

**Women of Seditary Habits**

Women who get but little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four mile walk every day, but very much better than to allow the bowels to remain in a constipated condition. They are easy and pleasant to take and most agreeable in effect. Obtainable everywhere.

**HAVE YOU WEAK LUNGS?**

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles? Such troubles should have immediate treatment with the strengthening powers of Scott's Emulsion to guard against consumption which so easily follows.

Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat. Scott's is prescribed by the best specialists. You can get it at any drug store.

Scott & Bowne, Bloomfield, N. J.

bathe was evidenced last summer by the many bathers who used them for dressing. The matter of having them brought up and stored was left to the street committee.

The council desires to thank Frank Ginger for his philanthropic efforts in behalf of the citizens during the deep snow. With his mules and a flat sled Mr. Ginger has gone about the city breaking trails for local pedestrians on the less frequented streets.

The matter of securing a waste can to be placed near the telephone pole in front of the postoffice to take care of papers and trash commonly thrown in the street, was left to Councilmen Chown and Husbands.

By a unanimous vote of the council, Alderman Merrill was re-elected to the office of president of the council, who will act as mayor during the absence of that official.

Mayor Race then appointed the following committees, the first named being chairman of each, which were accepted by the council:

Finance—L. J. Merrill, W. E. Chown, and W. A. Husbands.

Fire and Water—G. R. Wood, D. W. Hudson, and C. J. E. Carlson.

Street—D. W. Hudson, W. E. Chown, and C. J. E. Carlson.

Judiciary—W. E. Chown, L. J. Merrill and G. R. Wood.

Health and Police—C. J. E. Carlson, G. R. Wood, and W. A. Husbands.

Library Board—Mrs. W. A. Husbands, Mrs. P. L. Arthur, Mrs. F. A. Allington, Mrs. E. E. Amesen, and Mrs. W. E. Chown.

The appointment of Roger W. Moe as city marshal was accepted by the city council.

"Majestic Ranges stand the test And Cook and Bake and are the best."

**Keep Abreast of the Times**

IN OLDEN DAYS, when buying a cook stove, people would buy the one they could get the cheapest; that's because there were only a few makes on the market and were all practically the same in construction and material.

It's Different Now! There are close to a thousand different ranges on the market today—good, bad and indifferent. Wise people use a little foresight in selecting their range, and they make no mistake in selecting THE RANGE WITH A REPUTATION—the range that is recommended by every user; the range that has stood the test—
