

Hood River Glacier

ARTHUR D. MOE, Publisher. Subscription, \$1.50 Per Year.

When subscribers desire a change of address their offices should be notified promptly, and a week before if possible.

Except in certain cases, notices, communications, or articles of a general nature, should be in the office by Monday to insure their appearing in the issue of the current week.

PUBLICITY

A good bit of the success of Hood River has been built on publicity, information that has been disseminated with facts to back it.

In the past 10 years we have secured much publicity, however, at an exceedingly high cost. Frequent subscriptions have been raised by the Commercial club.

But because we have no funds for publicity this season we should not be discouraged. There is no need of a panic.

We have here in our valley no small number of projects calling for improvement. We will mention, for instance, the proposed roads to Lost Lake and that to the foot of Cooper's Spur.

In the experiments with Clark seedling strawberries, to make them sweeter, the West Fork fruit growers had best be on guard that a soft fruit of poor keeping quality is not produced.

The Columbia is jockeying for a start, and these little floods that are being reported will appear as mere rivulets when the old daddy of streams gets going this summer.

Money spent in such projects will make a permanent investment, and yet it will result in the desired publicity. We cannot but regret that some of our funds of the past were not spent in building of such permanent assets.

CHLOROFORMING NEWS

Men in all communities, with the best of intentions, no doubt, for performing a beneficial service to their home sections, sometimes express the opinion that bad news should be kept at home and not allowed to reach the eyes of the outside public.

It seems mighty wet just now, but the time will soon be here when we will have to dig up \$1 monthly for the privilege of irrigating our lawns.

Automobiles and ground hogs will be emerging soon from winter quarters for an indefinite stay with us.

Water, water, everywhere: Register and avoid the rush.

These self established news censors of territories tributary to great dailies, if they are able to "put over" their censorships, really act as brakes to publicity for their communities.

Proper straining of the material is a very important feature in the preparation of the concentrate and if properly done will aid materially in keeping the muzzles from clogging while the application is being made.

This is a just course to pursue, for daily newspapers should not be considered as great philanthropic boosting agencies. The public demands the facts of news, all of them, and it is the paper's duty to publish them.

BIBLE STUDY

We believe that many a man—and for that matter woman, too—has fibbed about his reading of the Bible. Somehow or other practically all our knowledge of this great Book is gathered when we are little children.

And this leads up to the proposed credits by the local high school for Bible study taken outside of the school. We see no reason why the plans should not be adopted.

And this leads up to the proposed credits by the local high school for Bible study taken outside of the school. We see no reason why the plans should not be adopted.

We hope that the proposed plans of

Mr. McLaughlin will be put into effect.

Sunset, the Pacific Monthly, the Pacific coast's own publication, since January 1 has been in new form. From the old book sized publication the new monthly has been changed to larger sheets, the size of the American.

Although of particular interest to Pacific coast readers the new Sunset will take its place in the front ranks of national monthlies. Articles from the deepest thinkers of the day are being contributed, and its pages are replete with the best of fiction.

Through the courtesy of Miss Ethel McDonald the Glacier has received a copy of the February issue of "The Norm," the Oregon State Normal school, Monmouth, publication. It is well written and is made more comprehensive by well chosen illustrations.

Hyman H. Cohen, market writer in the Portland Journal, pays a tribute in an article in Sunday's Journal to the Apple Growers Association. "Hood River is the only section of the state," says Mr. Cohen, "which has a marketing organization not controlled by other states."

In the experiments with Clark seedling strawberries, to make them sweeter, the West Fork fruit growers had best be on guard that a soft fruit of poor keeping quality is not produced.

The Columbia is jockeying for a start, and these little floods that are being reported will appear as mere rivulets when the old daddy of streams gets going this summer.

Money spent in such projects will make a permanent investment, and yet it will result in the desired publicity. We cannot but regret that some of our funds of the past were not spent in building of such permanent assets.

MRS. DYE TELLS OF OLD OREGON

At one of the most interesting meetings ever held here under the auspices of the Women's club, Mrs. Eva Emery Dye yesterday afternoon told a large audience at Library hall of interesting incidents of early Oregon history.

Mrs. Dye is an interesting in her discussions as she is in the writings of her well known historical books.

Band Masquerade a Success More than 75 couples were present at the band masquerade party Monday evening. Miss Nella Paxton won the ladies' prize.

Rev. Allen Will Deliver Lecture Rev. J. L. Allen, pastor of the Heights Baptist church, who is spending the week in Portland attending the laymen's convention, will deliver a lecture, "The Dawn of a New Day," at the church auditorium Sunday night.

O-W Limited Robbed A lone highwayman boarded the Oregon-Washington limited, the train which passed through this city at noon last Tuesday, at Green River, Wyo., last Thursday night and robbed the men in the smoker and in two Pullmans. Women were not molested.

W. O. W. Meeting Clerk Anderson, of the local Camp of Woodmen of the World, announces that on the evening of Monday, Feb. 21, an important meeting will be held. All members of the organization are requested to be present.

Mrs. Schaffner's Father Dead Mrs. W. A. Schaffner has received news of the death of her father, Samuel G. Hiles, at his home in Muskegon, Mich., on January 28. Mr. Hiles was 64 years of age.

BIRTHS Born—To Mr. and Mrs. Harry Isell on Friday, Feb. 11, a daughter. Born—To Mr. and Mrs. Edward L. Williams at Fir on Sunday, Feb. 13, a daughter.

MANNERS IN JAPAN. Children Crave Candy, but Will Not Eat it in Public. One day as I was going along the street in a Japanese town I saw a candy man sitting on a stool beside his cart fashioning delicacies with his two flying thumbs.

When I bought the third delicacy I gave it to a child that was weighted down with a baby on her back and followed after while she went bobbing down the street, the baby's head rolling heavily. I found her sitting on the floor eating the stringy and sticky delicacies with many delighted sucks and appreciative grunts.

FINIS, FURN AND FEATHERS The rabbit has no friends in eastern Oregon. A cooperative movement near Baker has resulted in the death of thousands of the animals and great damage will be prevented growing crops. During the recent heavy snows poisoned grain was scattered for the bunnies.

MRS. C. D. HINRICHS PASSES IN PORTLAND A telegram received here last Thursday from her husband, C. D. Hinrichs, brought the sad news of the death of Mrs. Hazel Clara Hinrichs, who passed away that morning at the home of her parents, Mr. and Mrs. J. W. Wiedrick. While her death had been expected for several weeks because of a serious affection of her nervous system, the actual announcement was the cause of much sincere grief among her many friends.

The violin will form the center of discussion at the meeting of the Musical department of the Woman's club Saturday evening at Library hall. The following will participate in the program: Mr. and Mrs. Ralph Root, Mrs. D. P. Gilliam, Mrs. Crawford Lemmon, Miss Aldine Bartness, Mrs. D. H. Drewery, Mrs. C. O. Huelat, Geo. A. Wuest, Miss Leila Radford, C. K. Benton and P. I. Packard, of Underwood.

Couple Remarried Finding that they could not live apart, Russell A. Clark and Irma Pearl Clark, who were granted a divorce by Judge Bradshaw here the first of the year, went before Judge Buck yesterday afternoon and were remarried.

Mrs. Hinrichs was born in St. Paul, Minn., March 14, 1884. That year her parents moved to Buffalo, N. Y., where she grew to womanhood. She was graduated from the public schools of that city, and was also a graduate from the Conservatory of Music. She moved with her parents to Oregon city in 1906. On June 17, 1908, she and Mr. Hinrichs were married. Mrs. Hinrichs was a popular member of the Woman's club.

NEW LIBRARY CONTRACT IS ADOPTED By the joint execution of a new contract providing for the maintenance and upkeep of the county library, the city council on the second Monday night passed a resolution which has been existing between the two bodies for the past two years. The city council adopted the new contract in consideration of the withdrawal on the part of the city of an appeal to the supreme court of a law suit, in which Circuit Judge Bradshaw had rendered a decision unfavorable to the court. The suit at law arose over the failure of the court to observe a contract with Mrs. J. M. Northey, a former librarian, who under the terms of the contract, which the court declared inoperative, was to have received \$90 per month. For a term of five months the court refused to honor vouchers from the library board serving under the old contract, cutting Miss Northey's salary to \$75 per month. The board refused the offer of the \$75 and borrowing money paid Miss Northey in full and in turn suing the county court for the amount.

COURT PROCEEDINGS FOR FEBRUARY Claims allowed: R. M. Winans, bobcat, \$2.00; Herman Pregar, coyote, \$1.50; Bert L. Wolf, two coyotes and one bobcat, \$5.00; O. W. R. & N. Johnson, stamps, \$25.00; Claim of Ida A. Young, care of Mrs. H. F. Schreiner, disallowed, \$20.00.

O. & C. LAND GRANT SITUATION EXPLAINED Grants Pass, Or., Feb. 5, 1916. Editor Glacier: This office is daily in receipt of a number of inquiries relative to the Oregon and California railroad grant lands, asking information as to the status of these lands, their location, character, when they may be entered or purchased, etc. This circular is intended to reply to these letters of inquiry and to give out such information relative to these lands as may now be stated.

A list of these lands by township and range has been prepared for each of the several counties within the Roseburg land district, containing these lands. These lists are intended to give an approximate area of such lands in each township, based on the list of lands given in the decree of the federal court.

This list for any county or counties will be furnished on request. The office has no map for distribution, nor does it prepare blue prints, but will furnish township plats showing location of all vacant land and unsold railroad land, at \$1 per township, ordering township plats, both the range and section, and the location, and remittance should be made by certified check or U. S. postal money order payable to R. R. Turner, receiver. Personal checks may not be received in payment.

This office is not in a position to give advice as to the character of the land in any locality, and will not attempt to advise any one in this regard. As to the disposition of these lands, nothing can be determined until congress shall act in the matter. It is probable that such action will be taken some time within the next six months, and until such action is had no information can be given by this office.

We would suggest to parties interested to watch the daily papers, as whatever action congress may take will be given therein before this office has official information thereon to give out. Based on the list of lands given in the decree of the court, the approximate acreage of unsold railroad lands in the several counties of this district, at the time the suit was instituted, was as follows: Lincoln, 1,040; Benton, 27,716; Linn, 14,620; Lane, 300,110; Douglas, 607,360; Coos, 100,620; Curry, 8,400; Josephine, 172,460; Jackson, 44,500; Klamath, 13,440. Total, 1,690,326.

In addition to the above lands there are other railroad lands in several of the counties named, that at the time the suit was instituted were unsurveyed, and hence not included in the list given in the suit, but coming as well under the decree. The approximate areas of such lands are as follows: Coos, 15,000; Douglas, 65,000; Josephine, 17,000; Curry, 15,000; Jackson, 20,000.

There is still a certain amount of unsurveyed railroad lands in several of the counties, namely: Curry, Douglas and Josephine. These lands when surveyed will come under whatever plan of disposition congress may provide. J. M. Upton, Register. R. R. Turner, Receiver.

Resignation of C. D. Thompson, county school superintendent, was accepted to take effect the 15th of February. Resignation of Murray Kay, county surveyor, was accepted to take effect at once. Mrs. Jessie M. Bishop was appointed county treasurer to fill the vacancy caused by the death of F. A. Bishop. Resolutions from Odell grange were read and ordered placed on file. Applications of H. L. Furrow and C. M. Hulbert for office of county surveyor were presented to the court, but no appointments were made at this time. Kent Shoemaker, Clerk. Go to Law, The Clearer.

Rugs—It will soon be time for house cleaning and you will possibly need a new Rug or Art Square for one or more of your rooms. Let us show you the values we are offering in this line.
