NATIONAL POLITICS

The Glacier, judging from all that can be gathered from reports emanating from the country over, predicts that the coming presidential campaign is going to be the warmest in years.

HEALTH

Health News is the name of a bulletin issued by the United States Public Health Service. The suggestions offered by this department of the government, though short, have the value of long sermons because of their terse comments.

The following is a recent bulletin: Do you know that: Rural sanitation is a health protection to the city dweller?

The nomination of Justice Chas. E. Hughes at Chicago last week may have been lacking in the sensations of former Republican conventions, but it has apparently sent a thrill along the spine of the G. O. P. throughout the country.

It is evidently a foregone conclusion that Woodrow Wilson and Thomas Marshall will again be the flag bearers of Democracy.

Justice Hughes has accepted the leadership of the reunited Republican party fortified by one of the cleanest records of a public man in history. He is unhampered by any promises. He will face the issues of the race and uphold the underlying principles of the Republican party convincingly.

The great physicians of the Democratic party foresee a fight for the very life of their predominance, and you may be sure that they will lay their plans accordingly. Just keep your eyes open for an almost unprecedented interesting race.

RURAL CREDITS

Rural credits agitation has prevailed in Oregon for the past several months. Deliberations are now materializing in plans to place a rural credits bill, in the form of a constitutional amendment, on the ballot at the general election in November.

Significant portions of the main text of the measure follow:

The governor, secretary of state and state treasurer shall constitute the state land board, which board is hereby authorized and directed to issue and sell or pledge bonds in the name of the state to be known as Oregon farm credit bonds in an amount not to exceed said two per cent of the assessed valuation of all the property in the state and to place the proceeds in the state treasury in a fund to be known as the "rural credit loan fund."

Said bonds shall be issued in denominations of \$25, \$100, \$500 and \$1000, and shall be issued in series of \$50,000 or multiple thereof, drawn to maturity in not more than 36 years. They shall bear interest at the rate of 4 per cent per annum and shall be exempt from all taxes levied by the state of Oregon or any of its subdivisions.

Said state land board is authorized and directed to loan the moneys in said rural credit loan fund to owners of farm lands in Oregon upon notes secured by mortgages or deeds of trust constituting first liens on such farm lands in amounts which shall not exceed 50 per cent of the value of such lands nor \$50 per acre on such lands, nor less than \$200 nor more than \$5000 to any individual. If pending applications shall at any time exceed the funds available, preference shall be given to loans not exceeding \$2000 in amount.

Such loans shall not be made except to owners who operate and occupy the lands mortgaged, and shall be made only for the following purposes: (a) the payment for lands purchased, (b) the purchase of livestock and other equipment, and the making of improvements which, in the judgment of said board will increase the productivity of such lands or add to their value as a farm home in a degree to justify such expenditure, and (c) for the satisfaction of encumbrances upon such lands which in the judgment of said board were incurred or assumed by said applicant for the aforesaid purposes.

Such loans shall be repaid with interest accruing in semi-annual or annual installments on the amortization plan, such installments being fixed at such sums as will cover the interest rate and will liquidate the debt in a period to be agreed on between said board and the applicant, such period to be not less than 10 nor more than 36 years; but any debtor may liquidate any part or all of his indebtedness in amounts of \$50 or multiples thereof upon any amortization payment date.

The rate of interest on loans shall be 5 per cent per annum, provided that in case any series of said farm credit bonds is sold at an average of less than par, the board may charge upon such farm loans as are made from the proceeds of the series so sold below

CHAUTAUQUA NEXT HOOD RIVER EVENT

The Chautauqua, furnishing attractions of the Ellison-White Co., one of the best known concerns of the country, in the next event of importance in Hood River. The Chautauqua will be held here at the city park July 5 to 10.

The following data on the Chautauqua has been supplied by R. E. Scott, secretary of the Commercial club: There will be 18 performances, every morning at 9 o'clock, for children; every afternoon at 3 o'clock, for everybody, children included; every evening at 7.30 for everybody, children included, except Sunday, when the morning number is omitted. Adult tickets are \$2.50, high school students \$1.50 and children \$1. Tickets are good for all 12 performances. Possibly the adults will not wish to attend the children's mornings, but the children can get in on the others for the \$1 ticket. Every performance consists of a half hour of music, with a lecture afterward, except Saturday evening, which will be the orchestra only.

The chautauqua is made possible only by business men of the city who have guaranteed the sale of 400 season tickets. The price of season tickets is increased to \$3, \$2 and \$1.50 at noon on the opening day. The single admissions added up total \$6. Season tickets are interchangeable among members of a family. The show will be given rain or shine at the auditorium, arrangements having been made for a canvas roof in case of showers.

Young Man Accused of Assault

T. H. Laurey, the young berry picker accused of an attempted assault on little Margaret Davenport, the nine year old daughter of Mr. and Mrs. Emory Davenport, was arrested Tuesday night by City Marshal Carson and Deputy Sheriffs Hart and Olinger at Ruthton. The boy claims Leavenworth, Kan., as his home. He came to the Northwest, he says, about five months ago. Laurey came in touch with local police authorities several weeks ago, when another lad who had accompanied him here from Kennewick, Wash., accused him of stealing his purse.

Laurey, who says his age is 19, is scarcely more than a boy. He admits that he and the little Davenport girl were playing in the Methodist Lane berry patch yesterday but declares that he had no evil intentions. "I threatened to kiss her," he says, "when she began crying." The little girl's brother, and she herself, declare that Laurey threatened to kill them if they told of the episode.

Portland People Visit Cottage Farm

The guest list of Mrs. Alma Howe's Cottage Farm has been Misses Clara B. Clarke, Mary Effinger, Clara J. Stevens, Ruth Berry, Bessie Nolan, Alta Mason and Doyle, all of Portland. Miss Mason and her friend, Miss Doyle, motored to the valley over the Columbia River highway.

Mrs. Fitzsimmons Coming

Mrs. Bob Fitzsimmons, nee Countess Temo Zellen, prima donna, wife of the world's ex-champion pugilist, will tell the remarkable story of her life and conversion, under the auspices of the Pacific Coast Rescue and Protective Society. Mrs. Fitzsimmons will speak Sunday morning at the Baptist church and Sunday evening at Asbury M. E. church.

Lancaster Will Speak Saturday

The lecture of Samuel C. Lancaster, builder of the Columbia River highway, scheduled to take place at Pine Grove grade hall last Saturday, has been postponed until the coming Saturday night.

Mr. Lancaster was unable to be present last Saturday night because of rose festival activities in Portland.

Gladden Loses Fine Horse

On Tuesday, when Geo. C. Gladden's hired man, driving the team of Mr. Gladden's father-in-law, W. F. Fandrews, was at the Stanley-Smith lumber yard getting a load of material, one of the animals became frightened. The team ran away and the horse sustained a broken leg. The horse, a very fine one, was lost.

Why Pay for Experience It Is All Around You

When we look back at the wrecks scattered along the path way for the past few years.

When we see our friends who are driving these "orphan" cars, and ask cost of repairs, besides great delay of getting them.

When we see how corporations have placed their trade mark on an inferior article manufactured for them, and not by them, as they would have us believe.

How "Receivers" of bankrupts have placed a cheaper, inferior machine on a selling basis with standard goods, with mere price as the salient feature, and how dearly these people pay for their experience.

When we see all these things why not investigate more thoroughly before taking the plunge.

REO has always stood for everything that was best, mechanically, scientifically and financially.

REO never experimented at owner's risk, never adopted any "over-night" sensational features. All REO experimentation is finished before any one model goes out on the market, which accounts for such unequalled service.

Why not investigate this REO Record of wonderful service which any REO owner is always glad to tell you of, and see our cars on display.

D. McDonald, Agent
