SKAMANIA RECALL IS BEING PUSHED

Efforts are being made by citizens of the Underwood district of Skamania county to oust by the recall Commissioners J. W. Shipley and J. M. Boyd. A recall petition on charges on which the petition is based has been filed with County Auditor C. H. Neller by H. V. Rominger and W. F. Cash, Underwood orchardists.

The specific charges recite an allegation of collusion on the part of the two commissioners in securing a great expense the unreasonable change in surveys of Skamania county highways. In one instance, according to the charges, the road was changed for the private convenience of Commissioner Shipley.

In their allegations the petitioners further declare that unnecessary and incompetent engineering help was employed between October, 1915, and February, 1916; that while the amount appropriated under the terms of the \$210,000 bond issued voted by Skamania county citizens last year for engineering expense was placed at a maximum of three per cent, the actual expenses will exceed 10 per cent; that \$2,100 in attorney's fees was wrongfully paid to J. F. Atwell for a right of way.

The charges against Commissioner Shipley recite, "In that the said Shipley is guilty of an unlawful and corrupt use of his official position in wrongfully and corruptly procuring grafts and profits to himself by giving J. F. Joyce, Geo. Grenia, T. F. Flynn, Frank Russell and many other employees of the county to understand that if they retained their positions on the engineer's force they would be expected to procure for him, as agent, life or accident insurance, which on or about October 11, 1915, he caused to be purchased under aforesaid conditions."

It is recited in the charges against Mr. Boyd that he never took the oath of office.

Both officials are accused of allowing wages to be paid county officials for time spent in hunting, fishing and pleasure trips.

GROWERS SHOULD FURNISH DATA

One of the worst faults of Hood River apple growers according to Wilmer Sieg, is their tardiness in answering calls for information.

"Writing for certain data the other day," says Mr. Sieg, "we sent out postal cards, asking growers to simply write in the words 'yes' or 'no' and have received replies from about one-third of our membership."

The Association has just sent out letters asking all affiliated growers to designate the different kinds of commercial fruits grown by each. When the Association does not handle the product of a grower it will guide him to the trade that will handle it.

Royal Anne, Governor Wood and Centennial cherries are maturing this week. The fruit has been sold to Libby, McNeil and Libby Cannery at The Dalles for a net price of 5 1/2 cents per pound.

The prospect for Bings, Lamberts and other varieties of black cherries, which will be shipped graded in 24 pint boxes at any time in former history of the local fruit industry.

AT NEW ELECTRIC

Today

Miss Billie Burke, the world famous stage star will be seen in eight new scenes production of "The greatest Triangle production of the year. On account of the extra cost of production and showing of this feature we are compelled to raise our prices to 25 cents for adults and 15 cents for children. Peggy is a whirlwind from America who bursts into a little Scotch hamlet and sets everything topsy turvy. She gets into all kinds of scrapes, but she wins out.

Friday and Saturday

The fascinating Pauline Frederick in "Lydia Gilmore," an intensely interesting drama of today. Miss Frederick suggests with infinite strength and pathos the faithful wife and devoted mother who suffers indescribable mental agony to shield her husband's name and save his life after he has proven faithless to her and the murderer of the man whose home he had violated.

Total Auto Sales Number 103

Total automobile sales for the season reach 103, almost four times as many as in any former year. The ruling incentive that has swelled the number of motor car owners has been the opening of the Columbia River highway and the betterment of county roads.

Up to June 1, according to the records of County Assessor Wickham, the number of automobiles in the county was listed at 263. It is estimated that the total number of car owners will now pass the 325 mark.

Portland Musicians Win Honors

A telegram was received in Portland last Thursday from Frank Lucas, a brother of J. P. Lucas, director of the Knights Templar band of 35 pieces that accompanied the Oregon delegation of lights to the triennial convocation at Angles, that the Portland band had won a handsome \$500 cup as second prize in competition with bands from all parts of the country. W. J. Hoffmann, who received the telegram from Mr. Lucas, declared it to be a signal honor for the Portland musicians.

Woman's Building Fund Grows

The fund for the construction of the Woman's building at the University of Oregon has now grown to \$7,000. The sum of \$3,500 was contributed by Portland officers of the University, who last winter gave a benefit ball at Heilbronn hall.

Restored to Good Health

"I was sick for four years with stomach trouble," writes Mrs. Otto Gans, Zanesville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. A friend told me about Chamberlain's Tablets, and since using two bottles of them I have been a well woman." Obtainable everywhere.

PYTHIANS WILL BE WARMLY GREETED

The Portland committee which is handling arrangements for the meetings of the Supreme Lodge Knights of Pythias and the Supreme Temple, Pythian Sisters, is sending out word to all intended visitors to Portland August 1 to 10 to look out for two points.

First they should purchase tickets to Seaside, Ore., when the great clam bake is to be held August 5 and 6. Remembering that point will save each visitor \$3.

Second, every visitor should put a bathing suit in his or her grip sack. It will be wanted when the 30,000 people who gather at the beach take a unanimous plunge into the Pacific ocean.

"There has been no change in the styles of clams and crabs that will be used at the big feed on the beach," said Chairman Gus Moser, "but in bathing suits there has been a great change in a fast pace." That fact suggests the two reasons why visitors should bring such a garment along.

"It will not take much room in the grip, and the wearer can secure the style that is approved by his or her own conscience."

Portland Pythians are preparing to give their visitors the greatest line of entertainment that has ever been experienced by the representatives to the Supreme Lodge, and it will be just as enjoyable for the lay member of the fraternity.

Portland invites every member of the order in the west and northwest to bring his family to the Rose City and spend the summer amidst the joys of nature.

AT THE GEM TODAY

"Rupert of Hentzau," sequel to "The Prisoner of Zenda," Jane Gail, well known upon the American screen and stage as a splendid artist in emotional roles, will be the Queen Flavia and her leading man will be Henry Arden, a favorite English player, who will interpret the dual roles of Rudolf Rasendyll and Rudolf V of Ruritania.

Friday and Saturday

A Buck Parvin story of interest. If you read the Saturday Evening Post you have read the Buck Parvin stories. Now see them in the movies. The Mutual Weekly. See America First scenic and a good comedy.

Sunday

A special feature for this day only.

Monday and Tuesday

"The Price of Malice," Col. Brandon, chief of the English diplomatic office, upon his departure for France, turns the office over to Capt. Mills with the understanding that Jim Clifford, one of the ablest men in the secret service, will assist him. Among the papers left in Capt. Mills' care is a valuable document marked "File 117."

Capt. Mills invites the men of the office to his apartment to play cards. He loses heavily and in a rage accuses Jim, who does not play, of cheating. Later his friends convince the Captain that he was in the wrong and he apologizes, but decides to give Jim an impossible task to perform and thus discredit him.

Capt. Mills instructs Jim to search for it. At the end of a week he rebukes Jim for his unsuccessful search. Jim breaks into the Captain's apartment during his absence, drugs the butler and searches the premises but fails to find the missing paper. Learning that Capt. Mills is going with a week end party for a cruise on the Grace Weston yacht he disguises himself and succeeds in getting aboard. The yacht is wrecked and the entire party and crew, excepting Grace and Jim, get away in the life boats and reach England. Jim picks Miss Weston out of the water, and takes her aboard a life raft. They become hungry and Jim asks her if she can spare anything from her apparel to eat. She makes a fishing line. While unlacing a strip from her corset she drops the missing papers from her bodice, and Jim sees them. They are rescued next day and taken back to England. Col. Brandon has heard of the missing papers and calls Capt. Mills to task. The Captain, thinking the papers lost with Grace, and knowing Jim is mysteriously missing, places the blame on him. Jim arrives, tells the Colonel of his experiences and is promptly promoted. Capt. Mills is dismissed from the secret service.

Watch for Charlie Chaplin in "The Fireman." The world's greatest comedian, one day only, July 7.

Distinguished Canadians Visit Here

The Columbia River highway and scenery of the mid-Columbia region has made a strong appeal to Chief Justice Gordon Hunter, of the British Columbia supreme court, whose home is at Victoria, and J. A. Conkey, a globe trotter, of Vancouver. Both men declare that they have never seen land of greater scenic charm. The Columbia River highway, declares Mr. Conkey, is a marvel.

Chief Justice Hunter and Mr. Conkey are here with Mrs. Hunter visiting the latter's sister, Mrs. W. E. King, and husband on Rainbow ranch, the Oak Grove country home of the Kings.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamlike sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrition gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

AUCTION HANDLING MUCH EARLY FRUIT

Last week's sales at auction in New York of all kinds of fruit materially increased except with Florida and Porto Rico fruits, but notwithstanding the increased supply prices have gone higher than the satisfactory ones of the week before.

Seventy-two thousand seven hundred and eighty-four packages of California deciduous fruits were sold at auction at the following range of prices: Cherries sold from \$3.50 to \$1.40, apricots from \$1.90 to \$1.20, plums from \$3 to \$3.90, peaches from \$1.50 to \$3.65 and pears in half boxes, from \$2.40 to \$1.60.

The pear growers will be interested to know that there was one box, the first of the season, of Bartlett pears from California, which sold at auction for \$10.12, which is a record price for pears.

A car of San Jose cherries sold on June 16 at a gross of \$5400, while a year ago a similar shipment sold for \$2,000 per car less, namely, \$3,400.

The average gross price per car of apricots, plums and peaches was from \$500 to \$1000 higher than a year ago.

Fifty-three thousand two hundred packages of California citrus fruit were sold at the highest price of the season. One car of Valencia lemons averaged \$4.78 for the fancy, while the range for lemons was from \$4.35 to \$2 a box and for oranges from \$5 to \$2.55.

In the history of the sale of bananas at auction the Fruit Auction Company has never made such a record as during the past week. Eighty-seven thousand two hundred and thirty-five bunches were sold at a range of \$2.07 for the large bunches and to \$3.66 for the very small bunches, and with an average for the entire \$7,235 bunches about 33 1/2 per cent higher than was the case last year for a similar period.

SHANNON GROWS RECORD STRAWBERRIES

The record crate of Clark Seedling strawberries was brought to the city Saturday afternoon by W. F. Shannon, a grower of Des. Each one of the 24 pint boxes was filled with 16 berries, making a total of 384 berries for the entire crate. While fruit of this size is found in small quantities in all tracts, Mr. Shannon holds the record for the quantity of such phenomenally large berries.

Strawberries of the Des district are now at their height. Fracts are producing heavier than in former seasons, and returns will be higher per acre than in former any year in the Hood River valley.

The crate of berries was presented by Mr. Shannon to the First National Bank.

Billous Attacks

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. Obtainable everywhere.
