Birthdays Mean Gifts

Why not Make Your Birthday Gift in 1916 something that will endure and serve as a reminder of this particular anniversary year?—

A Dainty Lavallier, the Birthstone in a Handsome Setting or a Fine Bit of Silver make charming gifts.

The name "LARAWAY" on your gift is in itself evidence of your thoughtfulness and is positive assurance of the quality, distinction and worthiness of the gift. We will appreciate your valued inspection.

An Orchard Necessity

The Hood River Box Nailing Press

Do you know that no time saving contrivance for orchardists has ever become so universally popular as this box nailing press? These presses have been shipped to Siberian orchardists, all over the United States and to the far away fruit districts of Australia. The reasons are simple. The cost of the box is but normal when compared with the saving made by the efficient service it renders.

BY GOLLY, I FORGOT MY W-B CUT TOBACCO... THE LITTLE CHEW THAT LASTS AND SATISFIES.

DON'T WORRY—I'M SUPPLIED WITH THE REAL TOBACCO CHEW AND WILL DIVIDE.

WHEN once you know W-B CUT Chewing you are wise to rich tobacco. And when a man once knows quality he's got no patience with ordinary tobacco. You like the way the touch of salt brings out the flavor—also that a little nibble outlasts a big wad of ordinary two for one—and how it does satisfy! Dealers that want your trade keep W-B CUT Chewing—10c a pouch.

EAST SIDE WORK NEARS COMPLETION

The rebuilding of a four mile stretch of main highway on the East Side is nearing completion. In 1910 and 1911 the road was surfaced with waterbound macadam, which had begun to disintegrate. Following a scarring machine, made especially for the work, a layer of gravel hauled from pits on the West Side has been applied and rolled. Where completed the new road is in the best of condition, and other valley highways will probably be likewise improved.

AGED VETERAN GETS INCREASED PENSION

A letter was received Monday morning by Justice of the Peace Buck from representative Sinnott, who announces that the name of T. E. Kellogg, a veteran of the Civil War, is included in a bill just passed by congress that provides for an increase in the pensions of a number of needy and worthy old soldiers in all parts of the Union. The pension of Mr. Kellogg will be increased to \$50 per month. The old veteran, who will be 79 years old in November, and who for the past several months has been helpless and almost blind because of a stroke of paralysis, served during the Civil War in Company E of the 34th Illinois regiment. He was for 18 months at the famous Libby Prison.

REV. YOUNG RETURNED BY M. E. CONFERENCE

A telegram was received here Monday morning from Lewiston, where the Columbia River Conference of the Methodist church has been in session, announcing the reappointment of Rev. W. E. Young as pastor of the Asbury church. Rev. Young, a brother of Dr. Benjamin Young, who was formerly in Portland, but who is now engaged in ministerial work at Kansas City, Mo., has been pastor of the local church for five consecutive years.

AT THE GEM TODAY

"Bobbie of the Ballet." The Orphan's Adoption society could not for the life of it see how a girl could work in a ballet, remain virtuous and support an orphaned brother and sister. Like many misguided by well intentioned societies for the improvement of everything on earth but the brand of biscuits on the breakfast tables of the members of the society, the "Orphan Adopters" took it upon themselves to settle the domestic affairs of the chorus girl. It was lovely. Louise lovely interpreted the role of the ballet girl who resisted temptations and triumphed in the end over the elements of jealousy, hate and charitable conspiracy that made her young life miserable.

Friday and Saturday

Baby Marie Osborne, the youngest leading lady in the world, in the little "Mary Sunshine." Marie Osborne loses her amateur standing as a guileless kid and assumes the professional dignity of an honest-to-goodness leading lady in movieland. "Little Mary Sunshine" is one of those "once upon a time" butterfies through whose gauzy wings we see life in rare and beautiful tints. The play starts in a cheerless room in a tenement in the slums. Little Mary seems to have been neglected when the joy of life was distributed, for her mother has sorrow and a weak heart, and her father a taste for drink and a strong temper. He comes home in a bad shape and frightens mother, whose heart stops for all time. He leaves little Mary all alone. Neighbors tell Mary that "Mother's gone to Heaven," and Mary was fond of mother, starts out to hunt her up. She gets tired and crawls into a standing auto, where she covers herself over with a rug. There she is found by Bon Dally, who having celebrated with the boys and been turned down by his fiancée, is returning home more sober each moment. Bob's parents take care of the little girl, who is rechristened "Little Mary Sunshine" and in the cause of a reconciliation between Bob and his sweetheart.

Monday and Tuesday

Ethel Barrymore, the gifted dramatic star, will be seen on the screen in "The Kiss of Hate," a five part Metro wonderplay, produced by the Columbia Pictures Corporation. She is surrounded by a strong supporting cast including H. Cooper Cliffe, the celebrated English actor. The story of the "Kiss of Hate" is from the pen of Mme. de Grissac, and presents a graphic picture of Russian life, brim full of romance, mystery and intrigue.

A surprise party was given Saturday night for Ulman Weller by his Boy Scout friends, under the auspices of Bill Claine. The party was in the nature of a farewell, and it was stated that Master Ulman was very agreeably surprised. Dancing and games were indulged in by the 38 boys and girls present and after refreshments the crowd left wishing lots of good luck for their friend in his new school.

Word received by friends from Mrs. Wm. Johnson who has been visiting with friends and relatives in Portland, with her two children, Thelma and Bert, states that the latter whose hand was seriously affected from the infection which resulted after he had run a rusty nail through his hand just before leaving here, is much better. Mrs. Johnson and children expect to visit in Hillsboro before returning home and are expected to return Sunday or Monday in time for the opening of school.

P. T. McCarthy, went to The Dalles Saturday night for a visit. He was accompanied to Mosier Sunday by Miss Fern Van Meter who spent the day here. Mr. McCarthy is assistant station agent during the vacation of Mrs. Anna McLane.

Mr. and Mrs. C. A. McCargan and son, Donald, returned from Portland the first of the week over the Columbia River highway after a week's visit. They were accompanied on the trip home by her mother, Mrs. Anna Craven.

Kenneth L. Cooper went to The Dalles last week to get a fine three year colt which had been raised on the Cooper ranch several miles south of that city. The colt was so gentle that he was able to be driven in his automobile to The Dalles where it was put on the steamer Tahoma and lead from here to his ranch the same way.

After traveling over 2400 miles on his recent trip of a month through Oregon and California, the tires on the Dodge automobile, belonging to C. Isom look new. Were it not for a bad stretch of road for 15 or 20 miles Mr. Isom states that it is his belief that the tires would not have had the few minor cuts which are on them now.

W. F. Baker, who has recently been appointed local agent for the Tahoma, went to Hood River yesterday where he will be employed for a few days in the construction of a freight warehouse for the People's Navigation company near their dock. Miss Bennett will again have charge of the primary room in the local school this year.

A baby boy, born to Mr. and Mrs. George Orr early Monday morning, died after living for an hour. Dr. Thompson of The Dalles was called and arrived here in 31 minutes after receiving the message. Accompanied by his wife he motored down Wednesday and pronounced that Mrs. Orr was getting along nicely. George Orr and family, who are of Indian birth, have been living temporarily in the little house just south of the warehouse of his wife. He is expected to be removed as soon as possible to their home on the island northwest of the city in the Columbia river.

The contents of an express shipment received by the clerk of school district No. 52 will be greatly appreciated by the patrons and pupils of the local school. A letter, which follows, from E. E. Amsden, who was superintendent last year at the Mosier school, and who is now superintendent of the Hillsboro schools, is self explanatory: "After our school entertainment my wife and I had a balance of \$2.82 which we were to spend for the school. We sent you a box Tuesday night from Portland. The figures, Lincoln and Shakespeare, are for the high school room, and the other pieces for the room where my wife taught. We hope they arrived safely and will please the children."

FIREMEN PRAISE CORVALLIS FOLK

With unstinted praise for the citizens of Corvallis and with a renewed interest in their work of protecting the property of Hood River, the team of the volunteer fire department returned home by automobile over the Highway last week.

"It was a great meet," declares Chief Morgan, "and one the lessons of which we Hood River boys will not soon forget. The Corvallis firemen and the citizens of that town treated us royally. We were met at Albany and escorted into the college town.

"At a meeting of state fire chiefs and the officers of the tournament association, it was decided to change the name of the organization to the Oregon State Fireman's Tournament Association instead of the Willamette Valley Association. Plans were outlined for a statewide campaign of education for the prevention of fires. Within the next two weeks we expect the following men here to deliver lectures on fire prevention: A. G. Long, president of the new association; Jay Stevens, of the Portland Fire Bureau, and Battalion Chief Dowell, of the Portland fire department, will be present. Films of moving pictures, showing methods of fire prevention, will be shown."

The local boys participated in the Labor Day parade in Corvallis and later they were at a banquet tendered the visiting firemen. Over 375 men were present at the banquet. Nine departments were present at the tournament. Next year's tournament will be held at McMinnville.

"I was told by Chief Graham, of Corvallis, that our boys will certainly be hard to catch by next year," says Mr. Morgan. "and you must consider that they did mighty well this year, when it is taken into consideration that the wet test, breaking the world's record, as won by the Corvallis department, was won by an organization the membership of which reaches 125 skilled men. The Hood River boys lacked just four seconds, as it was, of breaking the world's record in taking second place."

Huckleberries Sell for War Prices

In former years Indians, who have harvested the luscious fruit in the Lost Lake district, have sold huckleberries in the local market for 75 cents per gallon. The price has leaped this year to \$1 per gallon, and no dickering has succeeded in bringing the Redmen to better terms.

It is true that the huckleberry crop in local territory is short. But that is not the reason advanced by the Indians for the increased valuations.

"War make um berries bring more money," explained a buck recently when selling a basket of the fruit to E. Franz.

Mr. Franz paid the price without a murmur, for only the week before the selfsame Indian visited Mr. Franz' store to buy some equipment. He will have advanced materially over that charged for the same material a year ago. On protests from the Indian Mr. Franz explained that the great European war had caused the increased price. Lo paid the price demanded. He was silent, but as subsequent events have proven, he was thinking.

Local Boys Off to Whitman

The following three local boys leave this week to enter Whitman college at Walla Walla: A. J. Johnson, Julius Jacobsen and Carl Ledford. Jacobsen and Johnson were both members of the 1916 class of the high school. Joe M. Johnson and Sigurd Nelson will reenter the Washington institution this week. The former, who will graduate the coming year, was elected captain of the 1917 Whitman baseball team.
