SINGLE TAX

The poor, says the Scriptures, will ever be with us. Oregonians now know that we have been having U'Renism before us at every general election for the past decade and longer. U'Ren stands for single tax and his most recent effort to secure a single tax bill is veiled by the so-called "Full Rental Land Tax and Homesteaders Loan Fund Amendment."

That the owner of land will suffer the confiscation of his property, while the man who rents land will not be benefited by the adoption of the "Full Rental Value Land Tax and Homesteaders' Loan Fund Amendment" is one of the points emphasized by Henry E. Reed, assessor of Multnomah county. By analyzing the results of this single tax measure Mr. Reed proves that should it be adopted, all land rentals must be paid as at present, with the state as universal landlord. He also shows why, with this amendment's remarkable provisions enforced, land will not have any selling value.

In speaking of the certain results of this measure, which is on the November ballot, Mr. Reed recently said: "The value of land, when not speculative, is only its net product—or rent—capitalized at the rate per cent which the community regards as a fair return on real estate investments. The amendment aims to take, through taxation, all of the rent and pay it to the state treasury.

"When such a special and exclusive permanent tax as this is imposed, the present value of it falls for all time to come upon the present owner. The capital value of the land is at once reduced to nil—confiscated by the taking of the entire ground rent. Manifestly, if there be no ground rental, there can be no capital value remaining in the hands of the possessor of the title, no matter what the extent or value of his holdings.

"The total, or use value of the land, will neither be increased nor decreased by the tax; it will remain the same whether the tax be high or low. What will occur is that the total value will be transferred to the state; the owner will retain the shell and the state will take the kernel.

"Land will not have any selling value. Rent will not cease, but will be paid to the state as universal landlord."

C. E. Spence, Master of the state grange, has taken a strong stand against the single tax measure, named on the ballot the "Full Rental Value Land Tax and Homesteaders' Loan Fund Amendment."

"This measure would not benefit the farmer in the least. In fact it would injure every enterprising farmer severely.

"It amounts, practically, to confiscation of all land by the state. Now, if they start in to confiscate land, the next step will be to confiscate improvements on the land.

"What recourse would there be for a farmer, renting land under the provisions of this bill, if he found himself unable to keep up his payments on the land after he had spent his money and labor for many years in improving it?"

"He would lose the land, of course, but how could he save his improvements? He couldn't take his barn with him, nor his irrigation ditches nor drainage ditches, nor even his fences.

"This bill is another form of single tax. The people have rejected single tax in this state repeatedly.

"All farmers who have their own interests and the interests of the farmers as a class at heart should vote against this bill."

Many people still confuse this "Full Rental Value Land Tax Amendment" with the state rural credits measure. The land tax amendment is Nos. 306 and 307 on the November ballot.

Illinois Section for Hughes

"Hughes, I think," says W. E. Imholz, a local contractor, who has just returned from a visit with relatives at Peotone, Ill., will carry that section of the country almost unanimously. "I did not talk with a single man who expressed a preference for Wilson, and this is the sentiment not only at Peotone, which is an agricultural section, but at all the middle western points at which I stopped. I was surprised at this condition, for it has been reported here that the farmers of the middle west were strong in their support of Wilson."

While away Mr. Imholz visited his father, Joseph Imholz, and a son, Gilbert W. He also saw his grandson, W. Cowing Imholz, and brought home a photograph showing four generations.

APPLES TO CARRY O. E. S. INVITATION

The apples are being packed here this week under the supervision of Prof. J. O. McLaughlin, Grand Patron of Oregon. On each wrapper is a large star, emblem of the order, and the center, which is printed the words of the invitation extended by the Oregon delegation.

He has been prominently associated with the fruit industry since coming here, having been a member of the board of directors of the old Hood River Apple Growers' Union and the Apple Growers Association. Henderson-Campbell

Miss Lucia Campbell, only daughter of President F. L. Campbell, became the bride Wednesday evening of last week of Sydney E. Henderson, city engineer of Coquille, Ore. The wedding was the social event of the season. The ceremony was performed at the St. Mary's Episcopal church in Eugene. Rev. P. K. Hammond, of Medford, officiating. Two hundred friends and guests were invited. Following the ceremony a formal reception was given at the Hotel Osburn, attended by 300.

A choir of 30 Kappa Alpha Theta fraternity sisters singing Lohengrin's wedding march and escorted Miss Campbell to the altar. Preceding the bride was Miss Bernice McGregor, of Astoria, as bridesmaid, attended by little Miss Jean Campbell.

The bridegroom, accompanied by Walter Church, of Eugene, and the Rev. P. K. Hammond, of Medford, was met at the altar.

Miss Campbell was a graduate of the University of Oregon in 1912 and the University of California in 1914, and met Mr. Henderson while at the University of Oregon. For the past year she has been teaching in Astoria.

The bridegroom, also a graduate of Oregon in 1913, is city engineer at Coquille, and was one of the most prominent men during his attendance at the university. He is a member of the Sigma Nu fraternity.

The little church, because of its part in the romantic life of the two young people, was made a bower of white clematis vine, the color scheme throughout being pink and white. Rev. P. K. Hammond, a old friend of the president and his daughter, performed the ceremony.

The bride wore a beautiful gown of white satin, draped with silk net. This was trimmed with a beaded silk and iridescent lace, caught with orange blossoms. The bridesmaid wore yellow satin draped with silk net and silver lace.

The choir, composed of close friends of Miss Campbell, were dressed in white and wore pink tulle hats. They are fraternity sisters of the bride and have assisted in many beautiful luncheons and receptions during the past week.

Miss Norma Hendricks, of Eugene, officiated at the organ, accompanied by Mrs. Mary De Bar Taylor, of Vancouver, Wash., on the violin. The ushers, fraternity brothers of Mr. Henderson, were Dr. Charles Taylor, Vancouver, Wash.; Dean Walker, Independence; Louie Henderson, Hood River, and E. F. McKenna, of Coquille.

The formal reception at Hotel Osburn was made a beautiful bower of autumn colors. Young friends served.

APPLE NOTES

A summary of the October apple crop report for the state of Oregon and for the United States, as compiled by the Bureau of Crop Estimates, is as follows:

State—October 1 forecast, 1,190,000 barrels; production last year (final estimate), 1,043,000 barrels. United States—68,200,000 barrels; production last year (final estimate), 75,670,000 barrels.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. It is not a local disease, but a constitutional one, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally, it acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any cure it fails to cure. Send for circular and testimonials.

A. J. DERBY, Present Incumbent of the Office of District Attorney.

To the Voters of Hood River County: It will be inexpedient, owing to the fact that the people of the county are too busy at this time, for them to be interviewed personally, in behalf of the aspirations of any candidate for office. I therefore take this means of saying to the voters that my name will appear on the ballot as a candidate for District Attorney at the coming election, and that your support will be gratefully appreciated, if you believe me competent to fill the office and sincere in the desire to do so for the best interests of the County, and I believe that my connection during the past ten years with the civic affairs of the State, County and City, if impartially reviewed, will disclose that I am. If elected, I will in the future as in the past, undertake to the best of my ability to try to enforce all the laws, none above another, with impartiality; believing that whether a law is good or bad is not a question to be determined by this office, but by the Legislature. Matters of importance in behalf of the County and State are now pending, and in all modesty I think I may say that they have thus far been successfully handled, and if I am retained in office they will receive continued and careful attention. This office is essentially not political, but one where the use of fair common sense, coupled with a desire to do remedial justice, will achieve the best results for the people of the County. Your support on the above basis will be appreciated. (Paid Adv.) A. J. DERBY.
