

### Hood River Has A Chance to Get A Representative in the Legislature

Laying aside party politics, Hood River has an opportunity to elect a representative to the State Legislature in George R. Wilbur, the Democratic nominee for State Senator for Wasco and Hood River counties. He has the support of the business men of The Dalles, which assures him of a considerable vote in Wasco county. If Hood River county will lay aside political parties in local elections and unite on Mr. Wilbur, and vote for him, Hood River county will be represented by a personal representative. The three nominees for Representative are from Wasco county. The Republican nominee for State Senator is from Wasco county.

Hood River people know Mr. Wilbur to be a good business man, a good lawyer, and a good citizen. The counties of Hood River and Wasco can do no better than to elect him.

The undersigned of various political affiliations are going to vote for Mr. Wilbur because they want Hood River county personally represented in the next legislature. Will you do the same?

### FINN, FURN AND FEATHERS

Alva L. Day has been in the Upper Valley this week on a hunting trip. Reports from Arlington state that the wild geese are beginning to appear in thousands. Commodore Dean is making arrangements for his annual journey to Olex. W. F. Laraway is thinking of the fun he has had on the bluffs and in the grain fields and Judge Derby is contemplating a trip to eastern Oregon to participate in goose shooting.

A great many bears have been killed in the White Salmon valley this fall, many of them more than 500 pounds. The latest kill was made in the mountains back of Trout Lake last week by Miss Ruth Woods, who accompanied by her father and several others, with a well broken pack of dogs, brought down the largest bear of the season. Miss Woods was close behind on her horse and on the bear with her first shot. It weighed more than 600 pounds.

The Indians say this will be a hard winter, as the bears are unusually fat this fall.

D. E. Stanton, a local G. A. R. veteran, has a son, G. W. Stanton, who resides at Buffalo, Lake county, who makes a fair living trapping. Mr. Stanton this week received a letter from his son, who states that up to date he has caught this year 51 coyotes and one bobcat. The bounty on coyotes is \$2.50, and the hides bring a neat sum. Last winter young Stanton's income from his traps and rifle for the year netted him over \$300.

Geo. T. Prather, a rancher of the Summit district, when the water of the main canal of the East Fork Irrigation district was turned off the first of the week, found partially imbedded in the silt at the bottom of the ditch a repeating rifle, its magazine full.

"Some of the residents of the district have been hunting silver gray squirrels," says Mr. Prather. "I feel sure that the rifle I found belongs to some hunter who, about to be apprehended by a game warden, threw the weapon away to destroy evidence. The current of the canal is very swift at the point, and the rifle was taken down stream quite a distance, thus preventing the owner from finding it on his return. I will deliver up the gun to any one making claim for it."

Mollon, sister-in-law of the bride, was matron of honor.  
Following a wedding dinner at the West Side orchard home of the bride's parents, Mr. and Mrs. Sable left Saturday afternoon for their home in Portland.

**Evangelist Abe F. Bennett Coming**  
Evangelist Abe F. Bennett will begin a series of meetings at the First Christian church next Sunday. The services will continue indefinitely. Rev. Bennett will be assisted in his work by Harold Richards, a soloist and choir organist.  
Rev. Bennett's first sermon will be preached next Sunday morning. The minister, from reports, has been very successful in his work at other points. All local people will receive a cordial welcome at the coming services, says Ashley B. Cash.

**Apples High in Minnesota**  
"Apple prices in Minneapolis and St. Paul, Minn., are prohibitive almost at the present time," says Rev. J. R. Hargreaves, formerly pastor of the Heights Baptist church, who returned last week from the Twin Cities to look after business interests. "The supply seems limited and the stock is poor."  
Rev. Hargreaves states that he paid 35 cents for a little bag of a half dozen Washington boxed apples.

### ACKERMAN IS FOR PENDLETON MEASURE

**HEAD OF MONMOUTH NORMAL SAYS ONE SCHOOL CANNOT SUPPLY DEMAND FOR TEACHERS.**

Monmouth, Ore.—"A careful analysis of the situation will convince any one that Oregon needs a Normal School in Eastern Oregon and also one in Southern Oregon," said J. H. Ackerman, President of the State Normal School at Monmouth. "It is a well-established fact that a centrally located Normal School cannot supply the needs of the entire state. The need of a Normal School in Eastern Oregon is readily proved by the most cursory investigation of the list of our students and the list of our graduate teachers. The estimated population of our state in 1914 was 795,587. Take for example the eight Western Oregon counties, Clatsop, Clackamas, Benton, Lane, Linn, Marion, Polk and Yamhill counties. Their population for 1914 was 214,968, or less than 27 per cent of the total population of the state, yet 50 per cent of the graduates from our Normal School for the past five years are teaching school in some one of these eight Western Oregon counties. There are 35 counties in the state, yet eight of these counties are getting half of the benefit of the teachers for which all of the counties pay the taxes.

Here is the list. During the past five years we have supplied the following graduates as teachers to these counties:  
Clatsop, 18; Clackamas, 20; Benton, 25; Lane, 36; Linn, 28; Marion, 28; Polk, 28; and Yamhill, 20. In other words, 203 of our 407 teachers who have secured places in the public schools in Oregon during the past five years, have gone to these eight Willamette Valley counties.

Now take eight typical Eastern Oregon counties and see if they have secured their proper share of teachers with Normal training. During the past five years more have supplied Normal graduates as follows to these Eastern Oregon counties:

Baker, 9; Grant, 1; Harney, 4; Malheur, 2; Morrow, 4; Umatilla, 10; Wallowa, 7; and Wheeler, 2.

The eight Willamette Valley counties had 203 Normal teachers as against 39 Normal teachers for the eight Eastern Oregon counties. Eastern Oregon received less than 10 per cent as against Western Oregon's fifty per cent.

### ADVISORY BOARD IF BONDS VOTED

From the Mosier Bulletin  
"If the voters of Wasco county adopt the good roads bonds November 7, the county court will appoint an advisory board to confer with the court regarding the sale of the bonds, the awarding of the contract and also the carrying out of the contract," said County Judge F. S. Gunning Wednesday.

In fact, continued the judge, "this advisory board will confer with us in all matters pertaining to the bond sale and the expenditure of money derived from the sale of the bonds."

"Furthermore, the advisory board will decide, with the court, regarding the location of the road from The Dalles to the Jefferson county line. The route from Mosier to The Dalles, and on to Petersburg, has already been surveyed and estimated. The county court will be requested to make the appointment. You see that the county court will not even select the members of this advisory board. Their appointment will be left to each and every community."

The Dalles Chamber of Commerce hereby endorses the plan of County Judge Gunning in the matter of the appointment of an advisory board representing different sections of Wasco county, said board to confer and to work with the county court in the expenditure of funds to be derived from the proposed county road bond issue, and also to work in conjunction with said county court during the actual construction of said roads, according to the apportionment plan adopted by the county court.

### District Interest Lags

While interest in the presidential election is keener in Hood River county than for many years, candidates and voters alike are displaying for the most part an apathy in the county and district contests. Except for Fred W. Wilson, of The Dalles, Republican aspirant to the office of circuit judge, and Mrs. Alexander Thompson, Democratic nominee for state representative from Wasco and Hood River counties, no extensive campaign has been made throughout the county by any candidates.  
Dr. J. E. Anderson, of The Dalles, Republican candidate to succeed himself as Republican representative from Hood River and Wasco counties, spent Saturday here in the interest of his campaign. Democrats and Republicans alike concede the election of Dr. Anderson.

### Mrs. Hartwig's Sister-in-Law Dead

Mrs. H. R. Entrican, sister-in-law of Mrs. E. H. Hartwig, passed away at her home in Turlock, Cal., October 23, following an operation made necessary by an old injury to one of her knees. News of Mrs. Entrican's death came as a great shock to her many local friends and relatives.  
With her husband, Mrs. Entrican moved from here on Turlock several years ago. The funeral was conducted at the California town Wednesday afternoon of last week.

**APPLE CROP WILL EXCEED ESTIMATES**

From the Mosier Bulletin  
"Indications are that this year's apple crop will greatly exceed the estimates of 75 cars for the district as the number of boxes of apples received from each grower so far has exceeded expectations," says Manager R. D. Chatfield of the Mosier Fruit Growers Association. "The crop is nearly all sold now, and we are booking orders every day and by the end of the week expect to be completed."

**Grandma McIntosh Dead**  
News of the death of the late Mrs. C. E. McIntosh, who passed away at North Yakima last week and whose funeral was held Sunday at The Dalles, where interment followed, was received with sincere grief by residents of the Upper Valley, where Mrs. McIntosh, known as "Grandma" to neighbors, formerly resided.  
Grandma McIntosh was the oldest woman ever to prove up on a homestead in Oregon, no man was probably ever older at the time of proving up on his claim. Mrs. McIntosh, when she was granted the patent on her Upper Valley claim, several years ago, was past the four score mark.  
The funeral sermon at The Dalles was preached by Rev. C. P. Bailey, an old friend of Mrs. McIntosh.
